Silence Mental Dr Bertrand Martin, 2016-08-16 For more than twenty-five years, Dr. Bertrand Martin has been teaching meditation for combating stress and achieving overall better quality of life. In his new book, he talks about his techniques and how to use them to achieve mental silence. Today's society suffers from stress, anxiety, depression, burnout, negativity, and much more, leading to unhappiness, diseases, consumption of medicaments and drugs, Dr. Martin says. Regular practice of mental silence meditation can prevent and cure many ailments. It also treads the path of full realization of one's potential. Although stress is a normal part of life, too much of it can have debilitating consequences. Dr. Martin, a psychiatrist and Ayurvedic physician, has been teaching meditation to his patients since 1990. This has helped about 95 percent of his patients, who experience mental silence, a feeling he describes as a totally peacefully state of consciousness in which thinking process stops and a deep physical and mental relaxation is experienced. He shares his techniques for achieving mental silence in his eponymous book. It is specially written for people living busy, fast-paced lives who want to meditate efficiently and achieve fast results. The steps shared are practical, measurable, clearly explained, and easy to practice. Dr. Bertrand Piccard, a psychiatrist and explorer, recommends the method. If you have picked up this book, it probably means that the search for pioneering solutions to further improve your quality of life is a matter that excites your curiosity. Not all of us can be discoverers of the universe, but we can go a long way just by exploring our own selves. Our mind is the richest, most valuable, and most efficient resource that is permanently available to each of us. Dr. Martin is proposing a conscious and serene method to shape up our mental, spiritual, and physical capacities. The method is simple, fast, and effective. Let yourself go, and you may land way beyond your usual certainties.

The Voudon Gnostic Workbook Michael Bertiaux, 2007-07-01 A long-awaited new edition of the seminal text on the spiritual system that is a convergence of Gnosticism and Haitian voodoo, *The Voudon Gnostic Workbook* is a singular sacred work that is comprehensive in scope -- from how to be a lucky Hoodoo to how magick and voodoo intersect energetically, to esoteric time travel. Complete with charts and graphs and instructive interdimensional physics, *The Voudon Gnostic Workbook* is an object of desire among students of the occult. Weiser's long-anticipated republication of this rare text will be an event in the annals of esoteric publishing, as the book itself is somewhat of an unholy grail. There are listservers devoted to it and much discussion of the mysteries held within its pages. While *The Voudon Gnostic Workbook* has remained a controversial book considered important for masters of metaphysics, it recently came into popular culture and renewed popularity when Grant Morrison revealed it had been the inspiration for his cult comics *The Invisibles*, using the cribbed time travel from Bertiaux's masterwork. Voodoo is not an evil religion and is much misunderstood. It derives from the Dahomean Gods called the Loa. Esoteric voodoo is actually a highly practical procedure for leading us into making contact with the deepest levels of our being and most ancient modes of consciousness. Michael Bertiaux's *Voudon Gnostic Workbook* is the most comprehensive and illuminating contemporary book on the subject. Launched out of a correspondence course and series of classes for students and followers of Voudon Gnosticism and the OTO, this seminal text is at once one of the most mysterious and magnificent of all esoteric books.

Les chroniques du Yoga Swami sai Shivananda, 2016-08-08 Un des rôles de la Fédération est d'apporter une meilleure connaissance du yoga, de définir et de clarifier les aspects du yoga. Suite à différents articles, manifestations, publications sur les maîtres en yoga, il nous apparaît nécessaire que la Fédération s'exprime sur ce sujet. Le terme de maître en Yoga est bien défini dans la tradition yogique; Un Yogacharya (maître en yoga) est un professeur certifié qui a enseigné pendant plus de 10 à 12 années et cela sous la direction spirituelle d'un autre yogacharya. Lorsqu'un maître en yoga est nommé et certifié, il a alors le droit et le devoir de former d'autres professeurs.

L'analogie des concepts et la pensée en ricochet Philippe Douvier,2025-08-22T00:00:00Z Et si la traversée des épreuves était le plus grand des maîtres ? Dans un monde en perte de repères, où la technologie accélère la fragmentation des consciences et où l'humanité semble vaciller sur ses fondations, ce livre se présente comme un phare dans la nuit. L'auteur, marqué par un parcours initiatique jalonné d'épreuves, de doutes et de douleurs, partage ici le fruit d'une quête intérieure profonde. Récemment confronté au diagnostic de la maladie de Charcot, il se métamorphose en messager pour vous offrir les graines d'un savoir vivant à semer dans le terreau de votre propre existence. Ce livre n'est pas un simple récit. C'est une invitation à l'éveil, un échange d'âme à âme, où chaque page vous murmure : « Tu n'es pas seul(e) à traverser l'inconnu. » À travers des analogies puissantes, des réflexions sur la société, la psychologie, la spiritualité et la santé, l'auteur tisse un fil d'or entre les expériences individuelles et les grandes questions universelles, entre les sagesse ancestrales et les savoirs modernes. Ce livre s'adresse à tous les chercheurs de vérité, de beauté et d'espérance, qui sentent que l'humanité a besoin de renouer avec le sacré, la solidarité et la transmission. L'auteur vous tend la main : « Osez entrer dans ce verger de pensées en arborescence. Cueillez, partagez, semez à votre tour. Car même au cœur de la nuit, il est toujours temps de rallumer la lumière. »
