

Moments Of Malevolence

Patrick Wiley

Moments of Malevolence T.L Smith, Alaska I lie to one of the city's most ruthless men. And it feels so good. Deception is a drug, and I'm quickly becoming an addict. Each time we speak, Zuko has no idea it's me. The lie tastes sweet leaving my mouth. I couldn't stop now, even if I wanted to—which I don't. He thinks our conversations are more than just sex. He's wrong. The intimacy he feels is all a facade. Until the day an embodiment of my darkest fantasies walks into my bar, and his unmistakable voice sends a shiver down my spine. It turns out I'm not the one in control. But when he calls tonight, and he will, I'll be ready... ... with a lie. Zuko My job is to hunt. Dispose of problems like they never existed. And I'm incredibly good at my job. It's brutal and violent. But, then again, so I am. I crave destruction. Death is merely a consequence of my dark pursuits. And I won't lose a wink of sleep over it, either. Nothing bothers me. No one affects me. Except the vixen with the lilac hair. When I reveal my true self to her, she laughs it off, enticed by the game we play. She's keeping secrets. And I know all about prying information out of people. She won't like my methods. But I'll keep playing her little game until I decide what to do about her. I can't tell if she is destined to be my wife... ... or my next victim.

The Roller Coaster Alia Sadek, She is every woman... Every insightful mind and sensitive soul tossed into a world of reality with a dream to end up where they have always longed to be. Finding a purpose is indispensable, and the fight to get hold of it is not an easy one. Hence, attaining freedom and knowledge are the only ways to get her where she strives to belong... to a world that knows no death.

Red T.L Smith, A wound to the heart, a hole so deep. Can it be fixed? Or simply replaced? People lie. Those closest to me, tell the most lies. Do they not know who I am? What I'm capable of? Sometimes I wonder if they do. Because when I unravel their lies, they will be delivered to the hell I once visited. And it won't be pleasant.

When He Reads To Me T.L. Smith,2024-09-24 I loved him from the beginning. In the middle. But maybe not at the end. His love for me was full of possibilities, hopes, and dreams a girl like me wasn't accustomed to. He was a nightmare that cracked and bled through my hands, and I stood there watching as it seeped into the ground. Until him. He put me back together. Without even knowing he was doing so. And he wasn't even my husband. *standalone*

Violent Neoliberalism S. Springer,2015-03-18 Violent Neoliberalism explores the complex unfolding relationship between neoliberalism and violence. Employing a series of theoretical dialogues on development, discourse and dispossession

Cambodia, this study sheds significant empirical light on the vicious implications of free market ideology and practice.

Black T.L Smith,2017-06-29 I am loyal, but I will betray you. I am strong, but I have scars. I am an angel, but the devil. I met her when I was sixteen and she was a breath of fresh air. She swooped in, making me smile. But then she left, taking my next breath with her. Her smile could light up a room, making my black heart pitter patter. I found her again ten years later, with a syringe in her arm. Blood coming from between her legs. She was broken and I was glad she was broken. She wouldn't think less of me and my damaged ways.

Remembrance of a Shadow Patrick Wiley,2008-06-28 Orphaned at birth, Christamos is bestowed a dark gift and a curse. Half-man half-vampire he was raised to live in both worlds of the mortal and immortal. A life burdened with the death of his first love; he goes on facing the world that is controlled out of fear of the Inquisition led by Malevolence. Christamos is then tricked by the wicked priest to return to his homeland where he learns of the truth behind behind the humble holyman and his own familys past... It is a story full of action, love, and betrayal as Christamos chooses his own fate and place in the two different worlds.

The Infernals John Connolly,2011-10-18 From New York Times bestselling author John Connolly, a wonderfully strange and brilliant novel about a boy, his dog, and their struggle to escape the wrath of demons. Young Samuel Johnson is in trouble. Not only is his eyesight so poor that he mistakenly asks out a letter box on a date, but an angry demon is seeking revenge for Samuel's part in foiling the invasion of Earth by the forces of evil. It wants to get its claws on Samuel, and when Samuel and his faithful dachshund, Boswell, are pulled through a portal into the dark realm, the home of the Infernals, it gets its chance. But catching Samuel is not going to be easy, for the Infernals have not reckoned on the bravery and cleverness of a boy and his dog, or the loyalty of Samuel's friend, the hapless demon Nurd, or the presence of two clueless policemen and the unlucky, if cheerfully optimistic, driver of an ice-cream van. Most of all, no one has planned on the intervention of an unexpected band of little men, for Samuel and Boswell are not the only inhabitants of Earth who have found themselves in

the underworld. If you thought demons were frightening, just wait until you meet Mr. Merryweather's Elves. . . .

Visual Power, Representation and Migration Law Dorota Gozdecka, 2024-04-30 This book analyses the dominant imagery related to migration and illustrates how framing of migrants as subjects viewed through the lens of the host gaze positions them for exclusion and marginalisation. It focuses on comparative sources derived from public and media visual campaigns focusing on migration issues. It illustrates how the ethical gap that the host-centric way of looking creates results in the growing suspicion of the migrant and how this ethical gap broadens and impacts on the legal exclusion of migrants as legal subjects.

In the Cool of the Moment Ben E. Lewis, 2019-11-28 Palmer has just arrived in Amsterdam to meet his former sidekick and sometime irritant, Stuart Evans, for a rather out of character bout of relaxation and bonding, but Stuart isn't there to meet him and knows nothing of the supposed invitation he made. Who or what has drawn them both to the dark and wintry waterways and just how satisfying can revenge be when it is served in the cool of the moment?

The Moment of Self-Portraiture in German Renaissance Art Joseph Leo Koerner, 1993 So foundational is this invention to modern aesthetics, Koerner argues, that interpreting it takes us to the limits of traditional art-historical method. Self-portraiture becomes legible less through a history leading up to it, or through a sum of contexts that occasion it, than through its historical sight-line to the present. After a thorough examination of Durer's startlingly new self-portraits, the author turns to the work of Baldung, Durer's most gifted pupil, and demonstrates how the apprentice willfully disfigured Durer's vision. Baldung replaced the master's self-portraits with some of the most obscene and bizarre pictures in the history of art. In images of nude witches, animated cadavers, and copulating horses, Baldung portrays the debased self of the viewer as the true subject of art. *The Moment of Self-Portraiture* thus unfolds as passages from teacher to student, artist to viewer, reception, all within a culture that at once deified and abhorred originality.

Road of Bones Christopher Golden, 2022-01-25 An American documentarian travels a haunted highway across the frozen tundra of Siberia in New York Times bestselling author Christopher Golden's *Road of Bones*, a "tightly wound, atmospheric, and creepy as hell" (Stephen King) supernatural thriller. Surrounded by barren trees in a snow-covered wilderness with a dim, dusky sky forever overhead, Siberia's Kolyma Highway is 1200 miles of gravel packed permafrost within driving distance of the Arctic Circle. A narrow path where drivers face such challenging conditions as icy surfaces, limited visibility, and an average temperature of sixty degrees below zero, fatal car accidents are common. But motorists are not the only victims of the highway. Known as the Road of Bones, it is a massive graveyard for the former Soviet Union's gulag prisoners. Hundreds of thousands of people worked to death and left where their bodies fell, consumed by the frozen elements and plowed beneath the permafrost road. Fascinated by the history, documentary producer Felix "Teig" Teigland is in Russia to drive the highway, envisioning a new series capturing Life and Death on the Road of Bones with a ride to the town of Akhust, "the coldest place on Earth", collecting ghost stories and local legends along the way. Only, when Teig and his team reach their destination, they find an abandoned town, save one catatonic nine-year-old girl—and a pack of predatory wolves, faster and smarter than any wild animals should be. Pursued by the otherworldly beasts, Teig's companions confront even more uncanny and inexplicable phenomena along the Road of Bones, as if the ghosts of Stalin's victims were haunting them. It is a harrowing journey that will push Teig beyond endurance and force him to confront the sins of his past.

Look to the Lady Russ McDonald, 2005 McDonald also discerns parallels and distinctions in the approaches of Siddons,

Terry, and Dench to the vocation of acting - specifically to Lady Macbeth and other great Shakespearean roles. Look to the Lady also helps us to better understand the place and function of the theater in British national life and what constitutes great acting at various historical moments. Throughout, McDonald blends learned commentary on the history and culture of the stage with entertaining details about the appearance, personality, genealogy, and private life of each actor. Including some rarely seen images and drawing on previously untapped reviews and anecdotes, this is a lively introduction to the burgeoning field of performance criticism.--BOOK JACKET.

Flight of Passage Rinker Buck, 2024-09-24 A memoir of two teenage brothers' cross-country flight in a Piper Cub in 1966: A terrific book . . . Huckleberry Finn meets The Spirit of St. Louis. — Chicago Sun-Times In the summer of 1966, Rinker and Kern Buck, two teenagers from New Jersey, bought a dilapidated Piper Cub for \$300, rebuilt it, and piloted it on a record-breaking flight across America, navigating all the way to California without a radio, because they couldn't afford one. Their trip retraced a mythical route flown by their father, Tom Buck, a brash, colorful ex-barnstormer who had lost a leg in a tragic air crash before his sons were born, but who so loved the adventure of flight that he taught his boys to fly before they could drive. Along the way, the brothers would battle thunderstorms and wracking turbulence and encounter cowboys and crop dusters and the smalltown cafes, cheap motels, and dusty landing strips of pre-Vietnam America. These two young men must separate from their difficult, quirky father—literally by putting a country's distance between them—but they do it on their father's terms: in an airplane. This is more than a flying adventure—it is also a warm, affectionate account of an unusual family. — The Newark Star-Ledger Colorful, exhilarating, heart-stirring. — Booklist [An] enchanting story [with] masterly insider descriptions of flight. — Kirkus Reviews An adventure full of fraternal jealousy . . . boneheaded hubris, and unbridled fun and freedom. — The Boston Globe A funny, cocky gem of a book. — The New Yorker Includes photographs
