This final volume of Monster Blood Tattoo is full of the suspense and lush world-building that have made D. M. Cornish one of the most avidly watched modern fantasists.

who are more complicated than he previously thought. Includes glossaries and maps

Foundling David M. Cornish,2007 Set in a world of tri-corner hats, frockcoats and flintlock pistols, Monster Blood Tattoo is a world of monsters, chemical potions and surgically altered people. In the first book, Foundling, David Cornish begins the journey of Rossamund, a young boy with a girl's name, who is about to begin life as a lamplighter in the service of the Haacobin Emperor. What begins as a simple journey is threatened by encounters with monsters-and people, who may be worse. Learning who to trust and who to fear is neither easy nor without its perils, and Rossamund must choose his path carefully. This is a truly original story-highly unusual among the vast array of fantasy novels available today. Lavishly illustrated by the author, an accomplished artist.

Lamplighter D. M. Cornish,2024-12 Continuing the absorbing, inventive saga started in Foundling, Lamplighter follows Rossamund Bookchild, now one of the Emperor's lamplighters, who is sworn to protect travellers from the ferocious bogles that live in the wild. Small and meek, he does not fit in. Then, a haughty young female monster hunter is forced upon the lamplighters for training. As Rossamund begins to make new friends in the dangerous world of the Half-Continent, he also seems to make more enemies, finding himself pushed toward a destiny that he could never have imagined.

Monster Blood Tattoo: Lamplighter D M Cornish,2009-05-07 Rossamund Bookchild has successfully negotiated the treacherous route to High Vesting. But even within the sturdy walls of the great city he is far from safe. For the path to becoming a Lamplighter is fraught with dangers - and not just from the dread monsters who lurk in the wilds. Rossamund will need all his wits to survive his training. And he must watch his back too, for enemies from his past are never far behind. Stunning in scope and rich in detail, alive with memorable heroes and villains and brimming with new and original science and magics, D.M. Cornish's tale of scolds, scourges, smugglers and shrewds will thrill and captivate, and leave the reader desperate for more.

Factotum David M. Cornish,2012 Rossamund has exchanged Winstermill and the dangerous life of a lamplighter for Brandenbrass and an even more dangerous life as factotum to the aristocratic monsterslayer, Europe. Fear and self-doubt must wait, however, as he plunges headlong into the fulgar's day-to-day life of political manoeuvring, high-society parties and well-paid monsterhunting. But whispers and rumours about her new factotum place Europe herself in danger, and now Rossamund and the Branden Rose will face the ultimate battle against their enemies, the black-hearted schemers who would destroy them both.
