Effective Brief Therapies Michel Hersen,Maryka Biaggio,2000-06-05 This treatment guide is based on selected disorders taken from the American Psychiatric Association DSM-IV Diagnostic Classifications. The disorders selected are treatable or responsive to brief therapy methods. The therapist or student in training can use this book to identify the elements needed for formulating a treatment plan on disorders typically encountered in clinical practice. The approaches taken are based on cognitive behavioral principles and makes use of empirical findings. However, the case study format allows the reader to see how the assessment and treatment is implemented in a real-life patient, and not as a clinical abstraction distilled from research studies. Moreover, the treatment plan is outlined in a manner that makes reimbursement likely from managed care organizations and insurance companies. Effective Brief Therapies is useful as a reference for therapists and as a training guide for graduate students. Case Descriptions Treatment Conceptualization Assessment Techniques Treatment Implementation Techniques Concurrent Diagnoses and Treatment Complications and Treatment Implications Dealing with Managed Care and Accountability Outcome and Follow-up Dealing with Recidivism

And God Came in Lyle W. Dorsett,2009 In this definitive biography of Joy Davidman, we read the real love story that the major motion picture, *Shadowlands*, could not tell. Lyle Dorsett reveals Davidman's profound influence on C.S. Lewis's life and writings. *A Love Observed* tells a more complete story, not only about the brief marriage between the erudite and accomplished Lewis and Joy Davidman, but also of the famously vivid and assertive woman herself.--Publisher's description.

Shadows Edna Buchanan,2005-06-27 The wide front door hung open, a seductive invitation to a dark interior veiled by dust motes that glittered in the spectral greenish glow... The Shadows is a historic 1920s house that inspires preservationists' dreams -- and developers' schemes. Built during Prohibition by a notorious rumrunner who vanished at sea, it was inherited by his son, a local athlete and war hero who lived down his father's wild reputation. He served a successful term as Miami mayor and raised his four young children at the Shadows -- until a shotgun ambush on a hot summer night forty-four years ago. His murder was never solved. Since then, only secrets and whispers have inhabited the Shadows. Now, a resourceful young preservationist approaches the Miami Police Department's Cold Case Squad to help block a developer's plan to bulldoze the Shadows and build high-rise towers. The detectives visit the long-abandoned pioneer house, now surrounded by a wild and overgrown subtropical forest. They discover the rumrunner's secret limestone cellar, a tunnel to Biscayne Bay,

and seven small, heartbreaking new mysteries -- a lost generation. Cold Case Squad Lt. K. C. Riley and her detectives seek out the murdered man's widow and children for answers. All are evasive and paranoid, haunted by lies, guilt, and tangled pasts that each recalls differently. Ultimately the squad finds that the killer is still out there, and the old, cold case is hotter than ever. In another dazzling example of Edna Buchanan's masterful weaving of stories and histories, Cold Case Squad Detective Sam Stone uncovers a still violent and long-hidden connection between his parents' murders when he was a child and their summer as civil rights workers in Mississippi more than thirty years ago. Life would be simple, Buchanan writes, if people told the truth. But for those who live among the shadows, the truth is never simple. *Shadows* is Edna Buchanan's most suspenseful novel.

Thanks for the Great Flight Captain James F Vaughan, 2019-09-16 I never considered I would become an airline pilot. It was always too expensive or took too much time, or I would not be hired with-out a four college degree. Perhaps because I wore eye-glasses... I was content to offer Flight Instruction in my community, and did quite well teaching new low time private pilot students, and Advanced certificate pilots. I have been employed by six airlines, and the only reason I was hired at each one was because the airline needed pilots to operate the airline! I began researching the commercial pilot status and numbers, and realized there truly is a pilot shortage world wide. In my book I speak about the training and preparation that go into obtaining a pilot license. I will take the reader on an actual Airline Transport Pilot check-flight, describing the sensations and maneuvers required for the Captain candidate to master. We will fly a simulator during our training, and I will relate a humorous story that helped to break up the monotony of performing the same flight profile over, and over again. I will explain the various aircraft systems as they pertain to flight, so perhaps a non-pilot airline passenger may feel more informed of how an aircraft operates. I will also address the aircraft performance factors that may actually aid the passenger in selecting routes and times, to ease their occasional travel delays. Lastly, I will relate a few super-natural instances that by my only explanation the Christian Lord was watching over my flight. I have truly been blessed in my life by becoming a commercial airline pilot!

Classic Hollywood Veronica Pravadelli, 2015-01-30 Studies of Classic Hollywood typically treat Hollywood films released from 1930 to 1960 as a single interpretive mass. Veronica Pravadelli complicates this idea. Focusing on dominant tendencies in box office hits and Oscar-recognized classics, she breaks down the so-called classic period into six distinct phases that follow Hollywood's amazingly diverse offerings from the emancipated females of the Transition Era and the traditional men and women of the conservative 1930s that replaced it to the fantastical Fifties movie musicals that arose after anti-classic

genres like film noir and women's films. Pravadelli sets her analysis apart by paying particular attention to the gendered desires and identities exemplified in the films. Availing herself of the significant advances in film theory and modernity studies that have taken place since similar surveys first saw publication, she views Hollywood through strategies as varied as close textural analysis, feminism, psychoanalysis, film style and study of cinematic imagery, revealing the inconsistencies and antithetical traits lurking beneath Classic Hollywood's supposed transparency.
