Achieving in an Imperfect System Darren W. Hargrove, SGM(R),2021-01-13 Achieving in an Imperfect System: Avoiding the Fifth Point of Contact: The Gray Zone By: Darren W. Hargrove SGM(R) Achieving in an Imperfect System is about your character and how to avoid situations that call your character into question. Simply put, gracefully eat sh*t instead of kissing ass to be successful and not have your character to ever be in question. That is the difference between the haves and have-nots. Even doing the right things does not always equate to the success you want or deserve. Inspire future leaders to not measure their success only by promotions; this is a trap because it is not guaranteed. Even the Monday-through-Friday, nine-to-five leader can get promoted. Remember, being successful is different from being great! Things will not always come when you want them. You may have to go through many other things to get to where you want to be in life.

Chasing Valentino Julie Carobini, 2021-03-30 I hadn't planned on moving in next door to a handsome, albeit sullen neighbor—a doctor with eyes as blue as the Pacific Ocean. Truth is, I had given up on love. But when a 100-year-old postcard with a romantic message showed up in my mailbox, I had two choices ... Ignore it and go on with my quiet mid-western life. Or ... Fly to California to find out who sent it all those years ago—and why. I chose to go. It didn't take too long for my new neighbor, Zac—aka Dr. Holt—to come around. Especially as we began our exploration of the famed slice of paradise called Hollywood by the Sea. Still, his wounds ran deep. Guess you could say, mine did too. Eventually, two questions hung between us: Had we both found what we'd been chasing after? Or was it time to let go? Read both books in the inspirational and romantic Hollywood by the Sea series: Chasing Valentino (book 1) Finding Stardust (book 2)

Quagmire Donald Anderson, 2021-10 In Quagmire you'll find a range of voices—men and women, military and civilian—and a range of perspectives from the homeland, the combat zone, and war's aftermath. These personal responses to war in Iraq and Afghanistan have been selected from War, Literature & the Arts: An International Journal of the Humanities to mark the thirtieth anniversary of its inaugural publication. The responses cover approximately fifteen years of the United States' conflicts in Iraq and Afghanistan and demonstrate the aftermath of war and the degreed ripples that extend beyond soldiers to families and friends, lovers, hometowns, even pets. As citizens, Pablo Neruda advised, we have an obligation to “come and see the blood in the streets.” To ignore what we do in war and what war does to us is to move willfully toward ignorance. To ignore such reminders imperils ourselves, our communities, and our nation.

They Say Men Do Not Cry, I Cried Louis Ferguson, 2023-06-12 My book is about a man in his seventies who thought he had found lasting love, but it was just his thought, not a reality, and how he dealt with the pain of being rejected; things that shape our lives. My life is now shaped in my seventies by the difficult changes I wrote about in my book and have made me a better man.

The second edition of Writing Dylan: The Songs of a Lonesome Traveler examines Nobel Laureate Bob Dylan's historic career, yielding unique insights into a distinctively American artist's creative world. The book opens with a short biography and description of Dylan's artistic method before diving into the seven missions of his life's work. Chapters are supported by song lyrics, of which the author's license agreement with Bob Dylan Music enables a definitive presentation. Since the release of the first edition in 2005, the laureate has produced three albums of original material as well as three widely praised albums of American standards.

The Tao of Warren Buffett Mary Buffett, David Clark, 2006-11-21 A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: You should invest in a business that even a fool can run, because someday a fool will. No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant. Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do. *The Tao of Warren Buffett* inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic.
