Secrets of the Millionaire Mind T. Harv Eker, 2007 Mastering the Inner Game of Wealth. Have you ever wondered why some people seem to achieve wealth effortlessly while others work just as hard but still struggle financially? In this fresh and original book T. Harv Eker explains how you too can master the inner game of money so that you will not only achieve financial success but keep it once you have it. Using breakthrough techniques T. Harv Eker shows you how childhood and family experiences and inner mental attitudes shape your view of money. Each of us has a personal money and success blueprint already ingrained in our subconscious minds, and it is this blueprint that will determine the course of our financial lives. Eker reveals: Powerful 'declarations' that drive new, money-attracting beliefs into your subconscious; Dozens of high-income and wealth creation strategies; What truly wealthy people know that others do not; The cause of almost all financial problems; How to earn passive income, so that readers can make money while they sleep. Armed with insights provided in this book, you can begin taking action to transform your financial self, quickly and permanently.

Secrets of the Millionaire Mind T. Harv Eker, 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In

Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Most of the wealthy people in this world have used these secrets and are still using them today. This new edition, the first since 2016, includes an amazing foreword for the twenty-first century by The Secret Millionaire. This book will change the way you think about money, bad debts, jobs, careers, and owning your own business. It will inspire the reader to learn the hidden secrets of money that the rich use to create and accumulate their wealth and continue to create more. If you follow B.B Goldsmith's strategies, carefully and thoughtfully, you will definitely make it to the millionaire status. As you do this you need to focus on making more and more money. Never, ever focus on your lack of money or predict or make an assumption of any financial hardship. You need to stay positive all the time. Close your eyes and open your mind and heart to receiving. Let the motion roll down to your hands while you keep receiving, collecting and keeping what is yours. Sow it, invest it, let it grow out of proportion, then harvest your riches when they are ripe, not prematurely. Your goal should be to reach out to more customers and to retain old customers so they devote to your monthly subscription or pay you higher than your expected monthly target of profits. The more money your customers pay, the less people you will need to reach out to in order to make your million. The lesser the amount you charge, the more people you will need to buy your

products or services. If your product calls for a lesser amount of money, then you need to target a wider geographic area. Targeting the whole globe like Mark Zuckerberg and Bill Gates did is nothing but a genius thought. To conquer the world financially, get almost everyone, but at least 75% of the people in the world to buy your products or services. This strategy is not about ending ways to ask for a pay raise from your boss but to raise the bar you created for yourself in sales in order to create the million dollars you desire. THE HIDDEN SECRETS OF MILLIONAIRES will further teach you to follow steps that below to help the reader to achieve their millionaire status.
