The March of the King Ken Caffey, 2017-12-01 King Alez, a beloved ruler of the kingdom of Castlemyer, is a man strong in his faith, deep in his convictions, and generous with his compassion. Unfortunately, his half-brother, Dator, does not share the same traits and is preparing to carry out an evil plan. Dator is hatching a plot to kill King Alez so that he can step up to the throne. With help from a false holy man, Dator tricks his brother, leaves him for dead, claims the throne, and begins a reign of terror. But what he does not know is that King Alez is still alive, thanks to the Lord who sent dwarves to his rescue. Now as the king travels to reclaim his crown, the Lord brings animals, dwarves, elves, men and women, and legends to life to aid him in his quest. But as he continues a magical journey that epitomizes the power of faith, King Alez is unaware that other enemies are hiding in the shadows, waiting for the right moment to pounce. In this Christian fantasy tale, after a king is tricked by his brother and left for dead he recruits both humans and magical creatures to help him on his march to reclaim

Arranged by story type, these are tales that can be used in the classroom and library, as a springboard for cultural comparisons and discussion of how wisdom is shared between generations, and how elders contribute to and are perceived by various societies. It is also a fine resource for storytellers performing in senior centers, assisted living facilities, and nursing homes. Think folk and fairy tales are all about mischievous animals, beautiful princesses, and handsome princes? Think again. One of the most prominent themes in folklore is that of the strength and role of the elders, a theme that deserves revisiting today. This collection gathers traditional folktales from around the world to celebrate the wisdom, courage, and even the follies of elders. Arranged by story type, these are tales that can be used in the classroom and library, as a springboard for cultural comparisons and discussion of how wisdom is shared between generations, and how elders contribute to and are perceived by various societies.
