A Doll's House Henrik Ibsen, 2020-10-01 This revised Student Edition of Ibsen's popular play contains introductory commentary and notes by Sophie Duncan, which offer a contemporary lens on the play's gender politics and consider seminal productions and adaptations of the play into the 21st century. As well as the complete text of the play itself, this new Methuen Drama Student Edition includes a: · Chronology of the play and Ibsen's life and work · Discussion of the social, political, cultural and economic context in which the play was originally conceived and created · Overview of the creation processes followed and performance history of the play, including recent performances such as a 2012 short film adaptation and a stage adaptation set in colonial Calcutta. · Analysis of some of the major themes and specific issues addressed by the play, such as whether it's a feminist play and its author a feminist · Bibliography of suggested primary and secondary materials for further study Ibsen's 1879 play shocked its first audiences with its radical insights into the social roles of husband and wife. His portrayal of the caged 'songbird' in his flawed heroine Nora remains one of the most striking dramatic depictions of the late 19th century woman.

A Global Doll's House Julie Holledge, Jonathan Bollen, Frode Helland, Joanne Tompkins, 2016-09-15 This book addresses a deceptively simple question: what accounts for the global success of *A Doll's House*, Henrik Ibsen's most popular play? Using maps, networks, and images to explore the world history of the play's production, this question is considered from two angles: cultural transmission and adaptation. Analysing the play's transmission reveals the social, economic, and political forces that have secured its place in the canon of world drama; a comparative study of the play's 135-year production history across five continents offers new insights into theatrical adaptation. Key areas of research include the global tours of nineteenth-century actress-managers, Norway's soft diplomacy in promoting gender equality, representations of the female performing body, and the sexual vectors of social change in theatre.

A Doll's House Henrik Ibsen, 2008-08-19 A revised Methuen Student Edition of the classic set text *A Doll's House* (1879), this is a masterpiece of theatrical craft that for the first time portrayed the tragic hypocrisy of Victorian middle-class marriage on stage. The play ushered in a new social era and exploded like a bomb into contemporary life.

A Doll's House Henrik Ibsen, Christopher Hampton, 1972 This epochal drama of marriage and the individual portrays a controlling husband, Torvald Helmer, and his wife, Nora, a submissive young woman who, when their idealized home life

collapses, comes to the realization that she must finally close the door on her husband, children, and life in a doll's house in order to find and live as her true self.

Except the Lord Build the House - Teacher's Manual PDF Rev. Robert A. Tucker, God intended marriage and family life to be like heaven on earth. So few these days find it to be so. Whatever your age, marital status, or cultural heritage, this book will help identify weaknesses and areas that need improvement in your relationships and provide workable solutions to build an enduring marriage and family life.

Economic Woman Frances Raday, 2019-05-14 The author introduces the concept of economic woman and makes her visible in duality with and opposition to the exclusive model of economic man. Economic man has epitomized neo-liberal capitalism, which embraces competition and maximization of profit, resulting in a steep increase in economic inequality. The book demonstrates that women's inequality is a crucial factor in economic inequality, which cannot be fully understood without relating to women's situation, and that economic woman cannot thrive in the conditions of economic inequality created under global neo-liberalism. Emphasising the international human rights guarantees of women's right to equality in all fields of life, the author documents woman's increased participation in political, public, financial and corporate institutions, employment and entrepreneurship, with some women reaching high profile positions. Nevertheless, using global data, she reveals that economic woman lags behind, with a severe economic power deficit, an unfulfilled promise of equal employment opportunity, a gendered impact of poverty and barriers to gender equality in the family. The book analyses the trap of women's increased burden of breadwinning in the context of discriminatory laws and practices, infrastructural failures and policy gaps, which preempt achievement of gender equality in economic life. The book is intended for the general reader, academics, students, policy makers and NGOs. It shows economic woman at a global crossroads between a universal paradigm of gender equality and pervasive barriers to equal economic opportunity. The author demonstrates that tackling gender inequality, restoring welfare priorities and reducing economic inequality are inextricably linked. Human rights and governments have a vital role to play in addressing them all, to create a sustainable economic infrastructure for the lives of women and men.

Ibsen in Practice Frode Helland, 2015-03-26 The volume reveals an astonishing richness in the theatrical approaches to Ibsen across the world: it considers political theatre, institutional 'high art', theatre for development, queer and transgender theatre, Brechtian techniques, puppetry, post-dramatic theatre, rural village performance and avant-garde touring companies. Investigating varied renegotiations of his drama, including the work of Thomas Ostermeier in Germany and other parts of the world, versions of *A Doll's House* from Chile and China, *The Wild Duck* in Iran and productions of *Peer Gynt* in Zimbabwe and Egypt, Frode Helland provides a deeper understanding of a cross-cultural Ibsen. The volume gives an in-depth analysis of the practice of Ibsen in relation to political, social, ideological and economic forces within and outside of the

performances themselves, and demonstrates the incredible diversity of his work in local situations.

Deconstructing Dolls Miriam Forman-Brunell, 2021-03-03 In recent decades, emerging scholarship in the field of girlhood studies has led to a particular interest in dolls as sources of documentary evidence. *Deconstructing Dolls* pushes the boundaries of doll studies by expanding the definition of dolls, ages of doll players, sites of play, research methods, and application of theory. By utilizing a variety of new approaches, this collected volume seeks to understand the historical and contemporary significance of dolls and girlhood play, particularly as they relate to social meanings in the lives of girls and young women across race, age, time, and culture.

Her Space, Her Time Shohini Ghose, 2025-03-04 An exciting new title in the vein of *Hidden Figures*, which tells the inspiring stories of long-overlooked women physicists and astronomers who discovered the fundamental rules of the universe and reshaped the rules of society. Women physicists and astronomers from around the world have transformed science and society, but the critical roles they played in their fields are not always well-sung. *Her Space, Her Time*, authored by award-winning quantum physicist Shohini Ghose, brings together the stories of these remarkable women to celebrate their indelible scientific contributions. In each chapter of the book, Ghose explores a scientific topic and explains how the women featured in that chapter revolutionized that area of physics and astronomy. In doing so, she also addresses particular aspects of women's experiences in physics and astronomy: in the chapter on time, for instance, we learn of Henrietta Leavitt and Margaret Burbidge, who helped discover the big bang and the cosmic calendar; in the chapter on space exploration, we learn of Anigaduwaigi (Cherokee) aerospace scientist Mary Golda Ross, who helped make the Moon landings possible; and in the chapter on subatomic particles, we learn of Marietta Blau, Hertha Wambacher, and Bibha Chowdhuri, who contributed to the discovery of the building blocks of the universe, and, in doing so, played a crucial role in determining who gets to do physics today. Engaging, accessible, and timely, *Her Space, Her Time* is a collective story of scientific innovation, inspirational leadership, and overcoming invisibility that will leave a lasting impression on any reader curious about the rule-breakers and trendsetters who illuminated our understanding of the universe. Some of the featured women scientists in the book • Williamina Fleming • Annie Jump Cannon • Cecilia Payne-Gaposchkin • Antonia Maury • Henrietta Leavitt • Margaret Burbidge • Mary Golda Ross • Dilhan Eryurt • Claudia Alexander • Joyce Neighbors • Navajo women of Shiprock • Harriet Brooks • Marie Curie • Lise Meitner • Marietta Blau • Hertha Wambacher • Bibha Chowdhuri • Wu Chien-Shiung • Women of the Manhattan Project • Vera Rubin

Joss Whedon and Race Mary Ellen Iatropoulos,2016-11-24 Joss Whedon is known for exploring philosophical questions through socially progressive narratives in his films, television shows and comics. His work critiques racial stereotypes, sometimes repudiating them, sometimes reinvesting in them (sometimes both at once). This collection of new essays explores his representations of racial power dynamics between individuals and institutions and how the Whedonverse constructs race, ethnicity and nationality relationships.

At Home in the Eighteenth Century Stephen G. Hague,Karen Lipsedge,2021-09-16 The eighteenth-century home, in terms of its structure, design, function, and furnishing, was a site of transformation – of spaces, identities, and practices. Home has myriad meanings, and although the eighteenth century in the common imagination is often associated with taking tea on polished mahogany tables, a far wider world of experience remains to be introduced. At Home in the Eighteenth Century brings together factual and fictive texts and spaces to explore aspects of the typical Georgian home that we think we know from Jane Austen novels and extant country houses while also engaging with uncharacteristic and underappreciated aspects of the home. At the core of the volume is the claim that exploring eighteenth-century domesticity from a range of disciplinary vantage points can yield original and interesting questions, as well as reveal new answers. Contributions from the fields of literature, history, archaeology, art history, heritage studies, and material culture brings the home more sharply into focus. In this way At Home in the Eighteenth Century reveals a more nuanced and fluid concept of the eighteenth-century home and becomes a steppingstone to greater understanding of domestic space for undergraduate level and beyond.

Early Modern Women in the Low Countries Susan Broomhall,Jennifer Spinks,2016-05-13 Combining historical, historiographical, museological, and touristic analysis, this study investigates how late medieval and early modern women of the Low Countries expressed themselves through texts, art, architecture and material objects, how they were represented by contemporaries, and how they have been interpreted in modern academic and popular contexts. Broomhall and Spinks

analyse late medieval and early modern women's opportunities to narrate their experiences and ideas, as well as the processes that have shaped their representation in the heritage and cultural tourism of the Netherlands and Belgium today. The authors study female-authored objects such as familial and political letters, dolls' houses, account books; visual sources, funeral monuments, and buildings commissioned by female patrons; and further artworks as well as heritage sites, streetscapes, souvenirs and clothing with gendered historical resonances. Employing an innovative range of materials from written sources to artworks, material objects, heritage sites and urban precincts, the authors argue that interpretations of late medieval and early modern women's experiences by historians and art scholars interact with presentations by cultural and heritage tourism providers in significant ways that deserve closer interrogation by feminist researchers.

A Doll's House and Other Plays Henrik Ibsen, 2016-06-30 A Doll's House/Ghosts/Pillars of the Community/An Enemy of the People 'Our home has never been anything other than a play-house. I've been your doll-wife here, just as at home I was Daddy's doll-child' These four plays established Ibsen as the leading figure in the theatre of his day, sending shockwaves throughout Europe and beyond. A Doll's House scandalized audiences with its free-thinking heroine Nora. Ibsen's even more radical follow-up, Ghosts, exposes family secrets and sexual double-dealing, while Pillars of the Community and An Enemy of the People both explore the hypocrisy and the dark tensions at the heart of society. This new translation, the first to be based on the latest critical edition of Ibsen's works, offers the best version available in English.
