Results Now 2.0 Mike Schmoker,2023-05-05 Decades of research clearly show what works in schools, yet a huge gap

persists between those instructional best practices and what is widely taught—and not taught—in classrooms today. In Results Now 2.0, Mike Schmoker expands on his bestselling book and offers a broader, deeper analysis of the entire K-12 education system and how it can improve. He describes a systemic buffer of policies, pedagogy, and initiatives that prevents everyone—teachers, students, and parents—from understanding our collective failure to align instruction with evidence of what works. We need to bridge the gap between proven practice and common practice. By focusing on the fundamental elements of curriculum, literacy, and effective instruction, Schmoker offers hope for the future. He describes schools that have successfully used evidence and strategic practice to remove the buffer, and he shows how schools can improve—quickly. This book is a call for both educators and the public to demand transparency and fidelity to the most effective actions that transform our schools and help us see results now.

Alarm Sahil Ahmed, 2022-01-27 "I realise there's something incredibly honest about trees in winter, how they're experts at letting things go." — Jeffrey McDaniel. This quote is paradox of who I am as a person. Not letting things wash away from my mind is who I am as a person. Not forgiving is who I am as a person. Not forgetting is who I am as a person. And these very nuances allowed me to think about a theme for my anthology, *Revisiting Your Past*. Often revisiting and blaming on my past is something I thought of to journal this time. And it was a very exhausting journey of my own self to how I discovered the internalised hate growing inside my body. Well I believe all of us had something to contribute to this very theme and how everyone is affected by their past memories is something to look at. These incredible 22 writers including me gathered their pieces and tried journaling their existing thoughts for the world around them and most importantly for their own self.

A Dance with Dragons (HBO Tie-in Edition): A Song of Ice and Fire: Book Five George R. R. Martin, 2015-03-31 #1 NEW YORK TIMES BESTSELLER • THE BOOK BEHIND THE FIFTH SEASON OF THE ACCLAIMED HBO SERIES *GAME OF THRONES* Don't miss the thrilling sneak peek of George R. R. Martin's *A Song of Ice and Fire: Book Six, The Winds of Winter* Dubbed "the American Tolkien" by Time magazine, George R. R. Martin has earned international acclaim for his monumental cycle of epic fantasy. Now the #1 New York Times bestselling author delivers the fifth book in his landmark series—as both familiar faces and surprising new forces vie for a foothold in a fragmented empire. **A DANCE WITH DRAGONS** In the aftermath of a colossal battle, the future of the Seven Kingdoms hangs in the balance—beset by newly emerging threats from every direction. In the east, Daenerys Targaryen, the last scion of House Targaryen, rules with her three dragons as queen of a city built on dust and death. But Daenerys has thousands of enemies, and many have set out to find her. As they gather, one young man embarks upon his own quest for the queen, with an entirely different goal in mind. Fleeing from Westeros with a price on his head, Tyrion Lannister, too, is making his way to Daenerys. But his newest allies in this quest are not the rag-tag band they seem, and at their heart lies one who could undo Daenerys's claim to Westeros forever. Meanwhile, to the north lies the mammoth Wall of ice and stone—a structure only as strong as those guarding it. There, Jon Snow, 998th Lord Commander of the Night's Watch, will face his greatest challenge. For he has powerful foes not only within the Watch but also beyond, in the land of the creatures of ice. From all corners, bitter conflicts reignite, intimate betrayals are perpetrated, and a grand cast of outlaws and priests, soldiers and skinchangers, nobles and slaves, will face seemingly insurmountable obstacles. Some will fail, others will grow in the strength of darkness. But in a time of rising restlessness, the tides of destiny

and politics will lead inevitably to the greatest dance of all. Praise for A Dance with Dragons “Filled with vividly rendered set pieces, unexpected turnings, assorted cliffhangers and moments of appalling cruelty, A Dance with Dragons is epic fantasy as it should be written: passionate, compelling, convincingly detailed and thoroughly imagined.”—The Washington Post “Long live George Martin . . . a literary dervish, enthralled by complicated characters and vivid language, and bursting with the wild vision of the very best tale tellers.”—The New York Times

A Nostalgic Remembrance Ali Hussain,2023-02-08 This book is a journey into the metaphysics of the creative process through the teachings of the Sufi sage Ibn al-'Arabi and other mystics. This project unfolds through the life experiences and expertise of the author and two central visions of the creative process: to make connections where none seem possible or exist. This is the first definition while the second is to translate the ineffable into the tangible. This book also proceeds with

the deep conviction that the mystical experience is identical to the creative process. It is divided into two sections, each exactly five chapters. The first part focuses on metaphysical foundations that apply to all crafts. Chapter one, *Following the Traces: On Storytelling*, discusses the importance of narrative weaving as a sacred craft for humanity, with immense consequences on the wellbeing of the individual and society. Chapter two, *The Hidden Treasure: On the Creative Process*, takes a journey through an *athar* (narration) central in Sufism where God describes the process of creation as a hidden treasure unfolding, from initial love to expansive knowledge. The creative process appears a five-stage journey that parallels the phases of divine creation and also mirrors an outline of the five levels of being. Chapter three, *Al-Haqiqa al-Muhammadiyah: On Artist as Art*, posits the primordial light of the prophet Muhammad as the ethereal matter of creative inspiration, the creative process itself, artist and art, all at once. It also discusses the sage-artist as an instance and mirror of *al-insan al-kamil al-tamm* (the perfect and complete human). Chapter four, *The In-Between: On Imagination and Paradox*, ventures into the most significant contributions of Ibn al-‘Arabi, one that is also central to the creative process, on the contours of human and divine imagination, as well as the intimate paradox and perplexity that is inherent in creativity and art. *Shari‘a of the Craft: On the Path to Haqiqa*, the last chapter in part one, tries to outline a way for mastering crafts through the lens of Sufism, specifically the three stages of *shari‘a* (law/rules), *tariqa* (path), and *haqiqa* (reality). Part two focuses on different genres of art, beginning with chapter five, *Memories in Ink: On the Written Arts* that looks at translation as an art form. Meanwhile, chapter six, *The Dye of God: On the Visual Arts*, looks at the crafts of painting, sculpture, and architecture as windows into the act of reading not only the body, grammar or prose of art, but more importantly its spirit and poetry. Chapter seven, *The Sawt Sarmad: On the Auditory Arts*, envisions a musical instrument as a wooden sage that tries to teach the musician the importance of annihilation and being an empty channel. Chapter eight, *The Reel of Reality: On the Moving Arts*, looks at theater and film as a sacred synthesis of the written, visual, and auditory arts. Chapter nine, *Ma‘rifa and ‘Urf: On Society and Mythology*, expands the conversation from the creativity of the individual to that of society and community. The final concluding chapter offers some final remarks on what this book tries to accomplish and setting the frontier for further conversations.
