Tuesdays with Morrie Mitch Albom, 2007-06-29 #1 NEW YORK TIMES BESTSELLER • A special 25th anniversary edition of the beloved book that has changed millions of lives with the story of an unforgettable friendship, the timeless wisdom of older generations, and healing lessons on loss and grief—featuring a new afterword by the author “A wonderful book, a story of the heart told by a writer with soul.”—Los Angeles Times “The most important thing in life is to learn how to give out love, and to let it come in.” Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was his college professor Morrie Schwartz. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the

last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. "The truth is, Mitch," he said, "once you learn how to die, you learn how to live." Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

Critical Literacy Approach to English as a Foreign Language Nizar Kamal Ibrahim,2022-06-13 This book discusses how to approach critical literacy in English as a Foreign Language (EFL) contexts. It responds to the concerns of educators who get enthusiastic about teaching critical literacy, but become perplexed when they start reading about its theories. This causes some to avoid it altogether and leads others to argue for practicing it without theory. The book argues that both positions should be reconsidered and capitalizes on the notion of praxis, a notion introduced by Freire to explicate the various subtle connections between theory and practice. The book instills the theoretical assumptions of critical literacy with as little jargon as possible, with many practical illustrations. It will be of interest to graduate and undergraduate students, language teachers, program and material developers, researchers, and educational policy makers.

The Mind Has Mountains Paul R. McHugh,2006-01-10 From strenuous opposition to physician-assisted suicide to a

conviction that sex-correction surgery for newborns is cruel and misguided, Dr. Paul R. McHugh's opinions are strong and often controversial. In this collection of essays, McHugh demonstrates why he is one of the most thought-provoking figures in the academic world. These pieces argue for a realistic appraisal of just what psychiatrists know and how they know it, with the aim of indicating how such knowledge can best be used not only for better patient care but also to reflect on and influence public issues and social movements. His essays will stimulate professional and popular discussion about the goals and effectiveness of current psychiatric practice. McHugh sorts through the layers of what he terms the culturally driven misdirection of psychiatry and psychotherapy to explain concepts often misunderstood by nonscholars and the intellectual community alike. America's leading psychiatrist may inspire you or offend you, but he will certainly make you think.

Unashamed Amber Cantorna-Wylde, 2019-03-12 On a daily basis, author and LGBTQ advocate Amber Cantorna receives emails asking the same question: How does one reconcile their sexuality with their faith? Depression, despair, and thoughts of suicide often haunt LGBTQ Christians as they feel unable to imagine the possibility of living a happy, fulfilling life as an LGBTQ person of faith. As the gay daughter of a thirty-plus-year executive of conservative Christian organization Focus on the Family, Amber lost everything when she came out as gay in 2012. However, her journey to embrace her authenticity brought her fulfillment and wisdom to share. *Unashamed* serves as a guide for Christians considering coming out, tackling tough subject matters such as demolishing internalized homophobia, finding an affirming faith community, reestablishing your worth as a child of God, navigating difficult family conversations (especially in cases where family is involved in church leadership/ministry), and healing from the pain of rejection. *Unashamed* encourages LGBTQ Christians to embrace their unique identities and to celebrate the diversity placed inside them by God.

Recovering the Self Ernest Dempsey, 2009-12-01 This quarterly journal explores the themes of recovery and healing through poetry, memoir, essays, fiction, humor, media reviews, and psycho-education. Breakfast at Sally's Richard LeMieux, 2008-10-17 One day, Richard LeMieux had a happy marriage, a palatial home, and took \$40,000 Greek vacations. The next, he was living out of a van with only his dog, Willow, for company. This astonishingly frank memoir tells the story of one man's resilience in the face of economic disaster. Penniless, a failed suicide, estranged from his family, and living the vehicular lifestyle in Washington state, LeMieux chronicles his journey from the Salvation Army kitchens to his days with C—a philosopher in a homeless man's clothing—to his run-ins with Pastor Bob and other characters he meets on the streets. Along the way, he finds time to haunt public libraries and discover his desire to write. LeMieux's quiet determination and his almost pious willingness to live with his situation are only a part of this politically and socially charged memoir. The real story of an all-too-common American condition, this is a heartfelt and stirring read.

Jacob's Shadow Herbert Anderson, 2019-11-07 In *Jacob's Shadow*, Herbert Anderson uses his own story and the biblical story of Jacob to imagine new and more inclusive patterns of masculinity that balance power with vulnerability. With a new introduction, the book envisions alternatives to persisting expressions of patriarchy and toxic masculinity. Each chapter begins with an event from Jacob's life that foreshadows the struggles of men today. The topics explored include the following: Acknowledging Vulnerability Paying Attention Nurturing Making and Keeping Friends Learning to Grieve Sharing Power In a new era of thinking about gender, Anderson invites men to embrace a masculine humanity deepened by their faith in God.

Reconstructing Illness Anne Hunsaker Hawkins, 1999 Serious illness and mortality, those most universal, unavoidable, and frightening of human experiences, are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times. As modern medicine has become more scientific and dispassionate, a new literary genre has emerged: pathography, the personal narrative concerning illness, treatment, and sometimes death. Hawkins's sensitive reading of numerous pathographies highlights the assumptions, attitudes, and myths that people bring to the medical encounter. One factor emerges again and again in these case studies: the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease. Pathography allows the individual person a voice—one that asserts the importance of the experiential side of illness, and thus restores the feeling, thinking, experiencing human being to the center of the medical enterprise. Recommended for medical practitioners, the clergy, caregivers, students of popular culture, and the general reader, *Reconstructing Illness* demonstrates that only when we hear both the doctor's and the patient's voice will we have a medicine that is truly human.

D-Day and Beyond Clinton C. Gardner, 2004 A D-day survivor tells how he later became commander of the just-liberated Buchenwald Concentration Camp, and how that experience set him on a journey of spiritual exploration in an effort to understand what we can say about God after the Holocaust. Meeting the Russian prisoners at Buchenwald, and learning of Stalin's similar camps, he decided to make Russia's problems his own. That decision eventually took him to the Kremlin where he met Gorbachev and Sakharov. Throughout, he describes his discovery of a down-to-earth spirituality, one that offers a new approach to reconciling science and religion.
