## Fodor's Travel Guides

**Clio; And, the Château de Vaux-le-Vicomte** Anatole France,1925

*Clio & The Château de Vaux-le-Vicomte* Anatole France,1925

**The Architecture of Paris** Andrew Ayers,2004 The author here presents an architectural history of Paris, stretching from the 3rd century BC up until the end of the 20th century.

*Vaux-le-Vicomte: A Private Invitation* Guillaume Picon,2021-10-05 This comprehensive monograph is an exclusive look inside the château that inspired the design of Versailles and today continues to enchant visitors and film directors alike. Vaux-le-Vicomte's rich history began in 1641 when infamous French finance minister Nicolas Fouquet, the original owner, surrounded himself with the most skilled and talented artisans of the time: the architect Louis Le Vau, the painter Charles Le Brun, and the garden designer André Le Nôtre, to create a perfect harmony between architecture and landscape. The Château de Vaux-le-Vicomte and its spectacular gardens fascinated Louis XIV and were the inspiration for Versailles. Classified as a historical monument since 1875 under the impetus of the owner at the time, the castle of Vaux-le-Vicomte quickly became a model of the artistic genius of the seventeenth century. This volume traces the château's history from the seventeenth century through the Belle Époque, World War I, and its public opening in 1968. Exclusive photography and archival documents offer unprecedented access to the château, furnishings, and gardens, and illuminate the extraordinary secrets of court life and centuries of celebrations that include the enchanting candlelit tours held today.

**The Man in the Iron Mask** Alexandre Dumas,2024-01-30 The third novel, *The Vicomte de Bragelonne* (serialized October, 1847—January, 1850), has enjoyed a strange history in its English translation. It has been split into three, four, or five volumes at various points in its history. The five-volume edition generally does not give titles to the smaller portions, but the others do. In the three-volume edition, the novels are entitled *The Vicomte de Bragelonne*, *Louise de la Valliere*, and *The Man in the Iron Mask*. For the purposes of this etext, I have chosen to split the novel as the four-volume edition does, with these titles: *The Vicomte de Bragelonne*, *Ten Years Later*, *Louise de la Valliere*, and *The Man in the Iron Mask*. In the first three etexts: *The Vicomte de Bragelonne* (Etext 2609): It is the year 1660, and D'Artagnan, after thirty-five years of loyal service, has become disgusted with serving King Louis XIV while the real power resides with the Cardinal Mazarin, and has tendered his resignation. He embarks on his own project, that of restoring Charles II to the throne of England, and, with the

help of Athos, succeeds, earning himself quite a fortune in the process. D'Artagnan returns to Paris to live the life of a rich citizen, and Athos, after negotiating the marriage of Philip, the king's brother, to Princess Henrietta of England, likewise retires to his own estate, La Fere. Meanwhile, Mazarin has finally died, and left Louis to assume the reigns of power, with the assistance of M. Colbert, formerly Mazarin's trusted clerk. Colbert has an intense hatred for M. Fouquet, the king's superintendent of finances, and has resolved to use any means necessary to bring about his fall. With the new rank of intendant bestowed on him by Louis, Colbert succeeds in having two of Fouquet's loyal friends tried and executed. He then brings to the king's attention that Fouquet is fortifying the island of Belle-Ile-en-Mer, and could possibly be planning to use it as a base for some military operation against the king. Louis calls D'Artagnan out of retirement and sends him to investigate the island, promising him a tremendous salary and his long-promised promotion to captain of the musketeers upon his return. At Belle-Isle, D'Artagnan discovers that the engineer of the fortifications is, in fact, Porthos, now the Baron du Vallon, and that's not all. The blueprints for the island, although in Porthos's handwriting, show evidence of another script that has been erased, that of Aramis. D'Artagnan later discovers that Aramis has become the bishop of Vannes, which is, coincidentally, a parish belonging to M. Fouquet. Suspecting that D'Artagnan has arrived on the king's behalf to investigate, Aramis tricks D'Artagnan into wandering around Vannes in search of Porthos, and sends Porthos on an heroic ride back to Paris to warn Fouquet of the danger. Fouquet rushes to the king, and gives him Belle-Isle as a present, thus allaying any suspicion, and at the same time humiliating Colbert, just minutes before the usher announces someone else seeking an audience with the king. Ten Years Later (Etext 2681): As 1661 approaches, Princess Henrietta of England arrives for her marriage, and throws the court of France into complete disorder. The jealousy of the Duke of Buckingham, who is in love with her, nearly occasions a war on the streets of Le Havre, thankfully prevented by Raoul's timely and tactful intervention. After the marriage, though, Monsieur Philip becomes horribly jealous of Buckingham, and has him exiled. Before leaving, however, the duke fights a duel with M. de Wardes at Calais. De Wardes is a malicious and spiteful man, the sworn enemy of D'Artagnan, and, by the same token, that of Athos, Aramis, Porthos, and Raoul as well. Both men are seriously wounded, and the duke is taken back to England to recover. Raoul's friend, the Comte de Guiche, is the next to succumb to Henrietta's charms, and Monsieur obtains his exile as well, though De Guiche soon effects a reconciliation.

*Antiquarianism and the Visual Histories of Louis XIV* Robert Wellington, 2017-07-05 *Antiquarianism and the Visual Histories of Louis XIV: Artifacts for a Future Past* provides a new interpretation of objects and images commissioned by Louis XIV (1638-1715) to document his reign for posterity. The Sun King's image-makers based their prediction of how future historians would interpret the material remains of their culture on contemporary antiquarian methods, creating new works of art as artifacts for a future time. The need for such items to function as historical evidence led to many pictorial developments, and medals played a central role in this. Coin-like in form but not currency, the medal was the consummate

antiquarian object, made in imitation of ancient coins used to study the past. Yet medals are often elided from the narrative of the arts of ancient Rome. France, their neglect wholly disproportionate to the cultural status that they once held. This revisionary study uncovers a numismatic sensibility throughout the iconography of Louis XIV, and in the defining monuments of his age. It looks beyond the standard political reading of the works of art made to document Louis XIV's history, to argue that they are the results of a creative process wedded to antiquarianism, an intellectual culture that provided a model for the production of history in the grand siècle.

France 2007 ,2007 Provides information on French history and culture, and shares advice on sightseeing, shopping, and entertainment

**Sins of the Filthy Rich** Peter Coleman,2025-07-29 Envy, gluttony, sloth, lust, pride, wrath and greed are not good, particularly when the 'sinners' have huge bank accounts and zero accountability. From Emperor Commodus to Rupert Murdoch, Count Dracula to Kim Kardashian, Genghis Khan to Gina Rinehart, Sins of the Filthy Rich explores how the mega wealthy have exploited, indulged and misbehaved appallingly throughout history. Accompanied by shocking facts showing how wicked wealth is ruining the world, Sins of the Filthy Rich is a deep dive into the damage done by the insanely affluent. Get ready to seethe with injustice but also feel better about not being one of the 1% - because those people are awful!

**The Architecture Lover's Guide to Paris** Ruby Boukabou,2022-10-04 Discover the architectural history behind Paris's iconic building, famous landmarks, and charming neighborhoods with this handy visual guidebook. As you stroll the streets of Paris, this informative volume will help you unlock the secrets of the city's beguiling beauty. Covering the major landmarks as well as dozens of lesser-known architectural gems, The Architecture Lover's Guide to Paris puts essential history and fascinating details at your fingertips. Whether you are a Paris regular or visiting for the first time, this guide will help you understand how the city acquired its unique design palette. It also offers self-guided walking tours and suggestions of some of the best hotels, restaurants, cafés, churches, parks and more. You'll discover ancient Roman baths, 17th century mansions, Art Deco theaters, and contemporary cultural complexes. You'll also find out where to kick back, cocktail or mock-tail in hand, with a panoramic view over the capital. Written by Ruby Boukabou, author of The Art Lover's Guide to Paris, this book is the perfect companion for anybody intrigued by the City of Light.

*Library of Congress Subject Headings* Library of Congress,Library of Congress. Subject Cataloging Division,Library of Congress. Office for Subject Cataloging Policy,2013

*Louis XIV's Architect* Richard Ballard,2023-12-30 A must-read for those seeking to understand the intersection of politics and art in a pivotal moment of European history. This is a study of royal absolutism in a most extreme form in modern

European history, and of the nature of Louis XIV's concept of personal glory and of the embodiment of France as a new superpower. It is a study of political ideas expressed in architecture to establish Versailles as the centre of French world power and royal prestige. It is also a personal story, full of social, cultural, and economic history of the period as seen in the life and work of Louis Le Vau, from a humble family of craftsmen, who was a self-taught architect in the early history of the profession, skilled in technical craft skills and even grand design. He was a major contributor to the architectural glories of Paris including the Louvre, Vincennes, Versailles and the College of the Four Nations. And all achieved despite interference from the great magnates of the age like Mazarin and Colbert and constant mind-changing by the King who wanted every feature in the buildings to reflect his concept of personal, royal, prestige. Le Vau was Louis XIV's First Architect from 1654 until his death and disgrace in 1670. The social, cultural, economic and political backdrop is striking with court intrigue, scandal, corruption, luxury, indulgence and the rise of a rich bourgeoisie, but the main thrust of the story concerns Louis XIV and the royal personal ambition, and the work of a stone-cutter's son who became the Sun King's instrument. The study is good on the more technical features of architectural history - reminiscent of Pevsner's marvellous Buildings of England series.

DK Eyewitness Travel Guide: France DK,2014-04-01 DK Eyewitness Travel Guide: France will lead you straight to the best attractions the country has to offer. Packed with photographs, illustrations, and detailed street-by-street maps of the major cities and towns, this fully updated guidebook will help you to discover France region-by-region, from Champagne in the north to the sun-blessed corner of Provence and the Cote d'Azur. Now available in PDF format.

The Works of Anatole France in English: Balthasar Anatole France,1925

*Paris* Paul N. Balchin,2023-02-14 This book offers a new perspective on French architecture, describing the impact of political history on the architectural development of Paris. Through various stages in history from the Roman to the Medieval, Renaissance and Early Modern and Modern, *Paris: The Shaping of the French Capital* shows how the immense political power of monarchs, the aristocracy and church determined the pace and volume of building in Paris and the extent

of town planning. Whereas many other great cities owe their historic importance to trade, and to local government (the City of London being a supreme example), these attributes were largely absent in Paris (throughout most of its history it didn't even have a mayor). Arguably, because of this, gradually over the centuries the French capital emerged as one of the world's most beautiful cities, and now is a metropolis with a population in excess of 2 million.

**Journey Through France** ,2000-04-17 A beautiful new guide featuring 100 of the most interesting and spectacular locations in France.

*Apples of Gold in Settings of Silver* Carolin C. Young,2002 An invitation to 12 historic dinner parties is offered by a dining historian who gracefully transverses ten centuries in Western history to answer the question, What does it mean to dine? of full-color photos; b&w illustrations throughout.

*France in the Golden Age* Pierre Rosenberg, Metropolitan Museum of Art (New York, N.Y.),1982
