

Deadlier Than The Male

JS Bruner

Deadlier Than the Male Sharon Sala, Colleen Thompson, 2010-11-01 In these captivating new stories, danger is a breath away, but love conquers all.... *The Fiercest Heart* by New York Times and USA TODAY bestselling author Sharon Sala Torn apart years ago by a family feud and a deadly accident, high school sweethearts Haley and Mack reunite when Haley returns to town. But someone doesn't want them together and will do anything to keep them apart. Anything... *Lethal Lessons* by Colleen Thompson One of Mara's students is troubled by her mother's mysterious death. Despite warnings that the girl's father, Adam, is a danger, Mara sees only a handsome, caring protector. Will she uncover the truth before it's too late?

Deadlier Than The Male Douglas Skelton, 2003-06-15 Most killers are men. But never turn your back on a woman. Murder, madness and maliciousness abound in this hangman's dozen of she-devils. Culled from over five hundred years of bloody history by crime writer and journalist Douglas Skelton, these pages uncover the mad, the bad and the dangerous to know. • Vengeful Queen Joan, who made her husband's assassins pay a fearful price for their treason. • Beautiful Jean Livingston, who bravely faced *The Maiden* after murdering her abusive husband. • Child killers Helen Torrence and Jean Waldie, who sold their victim to anatomists. • Baby farmer Jessie King, who dealt in flesh... and death. • These cases, together with a host of others, prove that women are far from the gentler sex. Most killers are men. But women are more deadly.

Deadlier Than The Male Jessica Mann, 2015-01-12 Why are English women so good at murder? Among the books which have survived for more than half a century, always in print and always in demand, are the murder mysteries by Dorothy L. Sayers, Agatha Christie and other women writers. Yet their male competitors are mostly forgotten. What is it about these women's work that has kept it alive? And what was it about the authors that gave them such violent or cunning imaginations, always hidden behind the most respectable of facades? In this book, first published in 1981, Jessica Mann brings the perception of a fellow crime writer to her investigation of her predecessors' lives and work. She discusses the changes in the mystery form over the years, and its enduring worldwide popularity, in a book that was described by one critic as e;obligatory reading for any reader of crime fiction;e;, and of which another wrote e;I cannot recall a better work of criticism devoted to the crime story.e;

Deadlier than the Male Trina Beckett, 2018-11-30 How much influence did notable wives have on the leading commanders in British military history? These women tend to be disregarded but, as Trina Beckett demonstrates in this

revealing and thought-provoking study, their influence has often been profound. Taking examples from the eighteenth century to the Second World War, she uncovers a hidden dimension in the rise to prominence of some of Britain's most famous soldiers and documents a series of fascinating relationships between powerful men and equally powerful women. Sarah Churchill, Duchess of Marlborough, and Dorothy, Countess Haig are perhaps the most famous examples of wives who played important roles in their husbands' brilliant careers. However, sometimes the lives of leading commanders would be hindered as well as helped by their wives. Paulina Wood proved such a disastrous hostess that she almost destroyed the career of Sir Evelyn Wood, and Lord Roberts' reputation for jobbery owed much to his wife Nora's constant interference in appointments. Trina Becketts' perceptive and absorbing case studies reveal much about the women whose lives she portrays and the contribution they made to their distinguished husbands' military careers.

The Yellow Wall-Paper and Selected Writings Charlotte Perkins Gilman, 2020-02-25 A collection of the groundbreaking feminist writer's most famous works, with a thought-provoking introduction by bestselling author Kate Bolick. A Penguin Vitae Edition. Wonderfully sardonic and slyly humorous, the writings of landmark American feminist and socialist thinker Charlotte Perkins Gilman were penned in response to her frustrations with the gender-based double standard that prevailed in America as the twentieth century began. Perhaps best known for her chilling depiction of a woman's mental breakdown in her unforgettable 1892 short story *The Yellow Wall-Paper*, Gilman also wrote *Herland*, a wry novel that imagines a peaceful, progressive country from which men have been absent for 2,000 years. Both are included in *The Yellow Wall-Paper and Selected Writings*, along with a selection of Gilman's major short stories and her poems. New York Times bestselling author Kate Bolick contributes an illuminating introduction that explores Gilman's fascinating yet complicated life. Penguin Classics launches a new hardcover series with five American classics that are relevant and timeless in their power, and part of a dynamic and diverse landscape of classic fiction and nonfiction from almost seventy-five years of classics publishing. Penguin Vitae provides readers with beautifully designed classics that have shaped the course of their lives, and welcomes new readers to discover these literary gifts of personal inspiration, intellectual engagement, and creative

originality.

Media and Violence Karen Boyle, 2005-02-14 Paying equal attention to the production, content and reception involved in any representation of violence, this book offers a framework for understanding how violence is represented and consumed. The discussions are illustrated with topical and well-known examples.

Looking-Glass Wars: Spies on British Screens since 1960 Alan Burton, 2018-01-31 *Looking-Glass Wars: Spies on British Screens since 1960* is a detailed historical and critical overview of espionage in British film and television in the important period since 1960. From that date, the British spy screen was transformed under the influence of the tremendous success of James Bond in the cinema (the spy thriller), and of the new-style spy writing of John le Carré and Len Deighton (the espionage story). In the 1960s, there developed a popular cycle of spy thrillers in the cinema and on television. The new study looks in detail at the cycle which in previous work has been largely neglected in favour of the James Bond films. The study also brings new attention to espionage on British television and popular secret agent series such as *Spy Trap*, *Quiller* and *The Sandbaggers*. It also gives attention to the more 'realistic' representation of spying in the film and television adaptations of le Carré and Deighton, and other dramas with a more serious intent. In addition, there is wholly original attention given to 'nostalgic' spy fictions on screen, adaptations of classic stories of espionage which were popular in the late 1970s and through the 1980s, and to 'historical' spy fiction, dramas which treated 'real' cases of espionage and their characters, most notably the notorious Cambridge Spies. Detailed attention is also given to the 'secret state' thriller, a cycle of paranoid screen dramas in the 1980s which portrayed the intelligence services in a conspiratorial light, best understood as a reaction to excessive official secrecy and anxieties about an unregulated security service. The study is brought up-to-date with an examination of screen espionage in Britain since the end of the Cold War. The approach is empirical and historical. The study examines the production and reception, literary and historical contexts of the films and dramas. It is the first detailed overview of the British spy screen in its crucial period since the 1960s and provides fresh attention to spy films, series and serials never previously considered.

Into the Dark (Turner Classic Movies) Mark A. Vieira, 2016-05-24 TCM Turner Classic Movies--Front cover.

Scott Walker Lewis Williams, 2019-07-15 Scott Walker is without parallel as an artist, acclaimed as an influence by Bowie, Julian Cope, Marc Almond, Nick Cave and Jarvis Cocker. As lead vocalist of the Walker Brothers, his soulful baritone made him a major interpreter of heartbroken ballads. As a solo artist, the influence of balladeer Jacques Brel and existentialist literature took him to new depths of emotional expression on the albums *Scott 1-4*. Then came years of obscurity as a covers

artist, before his career took off on a unique trajectory — witnessed by his extreme contributions to the Walkers' 1978 reunion album, *Nite Flights*, the opaque tone poems of 1984's *Climate of Hunter*, the bewildering brilliant 1995 *Tilt*, and the unrelenting psychic assault of 2006's *The Drift*. In this comprehensive illustrated volume, lifelong fan Lewis Williams charts this unique and enigmatic career song by song. From his 1960s heyday and beyond, every classic, every rarity and every obscurity ever recorded by Scott Walker is detailed with an obsessive enthusiasm that only he can inspire.

Best Loved Poems of American People Hazel Felleman, 1936-10 Contains over 575 of the most frequently requested poems in America, divided by subject and indexed by authors and first lines.
