**Lorca After Life** Noël Valis,2022-04-26 A reflection on Federico García Lorca's life, his haunting death, and the fame that reinvigorated the marvelous in the modern world "A galaxy of critical insights into the cultural shock waves circling and crisscrossing Lorca's execution and his unknown resting place, there is not a single book on Lorca like this one."—Andrés Zamora, Vanderbilt University There is something fundamentally unfinished about the life and work of Federico García Lorca (1898–1936), and not simply because his life ended abruptly. Noël Valis reveals how this quality gives shape to the ways in which he has been continuously re-imagined since his death. Lorca's execution at the start of the Spanish Civil War was not only horrific but transformative, setting in motion many of the poet's afterlives. He is intimately tied to both an individual and a collective identity, as the people's poet, a gay icon, and fabled member of a dead poets' society. The specter of his violent death continues to haunt everything connected to Lorca, fueling the desire to fill in the gaps in the poet's biography.

**Memorias, lecciones y representaciones históricas. La celebración del primer centenario de la independencia en las escuelas de la Provincia de Cartagena (1900-1920)** Rafael Enrique Acevedo Puello, 2011-01-01 La celebración del primer centenario de la independencia en las escuelas de la provincia de Cartagena, (1900-1920), es un texto en el que se intenta dar cuenta del lugar de la enseñanza y la construcción de la historia en las localidades, particularmente en Cartagena, durante la conmemoración de su primer centenario de vida independiente. Su autor intenta analizar cuál fue el aporte de los maestros y de los estudiantes a la invención de la historia local, quienes, en la organización de la fiesta centenaria de 1911, por medio de la publicación de cartillas, mapas y anagramas locales, empezaron a transformar, manipular y reconstruir los relatos sobre la independencia de la provincia, presentados en los textos de historia patria nacional. Se trata, precisamente, de mostrar cómo la historia de la independencia de Cartagena, que había sido vista con recelo y como un error nacional a lo largo del siglo XIX, intenta ser recuperada y redefinida como una instancia constitutiva de la organización nacional, lo que da lugar al proceso de nacionalización de las epifanías locales. En todo este proceso, sin duda la participación de las escuelas resulta crucial para entender la invención de la historia en las localidades y la celebración de eventos conmemorativos como el del Primer Centenario de la Independencia de la provincia de Cartagena.
