

Impulse Ellen Hopkins Summary

Tao Wei

Impulse Ellen Hopkins, 2008-05-20 From the bestselling author of *Crank*, the story of three kids whose lives collide at a mental hospital after each attempts suicide. Sometimes you don't wake up. But if you happen to, you know things will never be the same. Three lives, three different paths to the same destination: Aspen Springs, a psychiatric hospital for those who have attempted the ultimate act—suicide. Vanessa is beautiful and smart, but her secrets keep her answering the call of the blade. Tony, after suffering a painful childhood, can only find peace through pills. And Conner, outwardly, has the perfect life. But dig a little deeper and find a boy who is in constant battle with his parents, his life, himself. In one instant each of these young people decided enough was enough. They grabbed the blade, the bottle, the gun—and tried to end it all. Now they have a second chance, and just maybe, with each other's help, they can find their way to a better life—but only if they're strong and can fight the demons that brought them here in the first place.

When Loss Gets Personal Michelle M. Falter, Steven T. Bickmore, 2018-11-23 *When Loss Gets Personal* considers how secondary English language arts teachers and teacher educators can sensitively and thoughtfully teach pieces of literature in their classrooms in which death is a significant, if not central, aspect of the texts. Death is something that affects all people young and old, yet it is rarely discussed openly in classrooms despite its prevalence in texts read in ELA classrooms. Whether it is canonical or contemporary literature, middle grades or young adult literature, fiction, nonfiction, or graphic novels, literature provides a vehicle to have difficult but needed conversations about personal deaths such as cancer, accidents, suicide, etc. Each chapter in this book focuses on 1-2 texts and provides practical activities that ask students to engage with the loss through writing assignments, projects, activities, and discussion prompts in order to build empathy, understanding, and develop critically-minded and engaged students. *When Loss Gets Personal* will be of interest to English language arts teachers, teacher educators, librarians, and scholars who wish to explore with their students the complex emotions that revolve around discussing deaths that occur in literature.

Novels in Verse for Teens Lisa Krok, 2020-02-24 This valuable guide advises teachers and librarians how to use novels in verse in functional, hands-on ways with teens, including reluctant readers. Novels in verse are popular and have recently won some important awards. They are of great value to teachers and librarians as a way of reaching all teens, including marginalized teens and those who may be struggling or reluctant readers. This guide shows readers how to pair books with

teens based on their needs, interests, and specific situations. After teens are paired with books, this guide suggests activities to further engage them with the poetry. Activities are tied to Common Core and AASL standards for ease of lesson planning for teachers. Verse novels address a widely diverse demographic and a variety of topics, including various cultures, religions, racism, LGBTQ+ themes, mental illness, poverty, homelessness, sexual assault, self-harm/suicide, domestic violence, family dynamics, disabilities, refugees, English language learners, and more. Novels in verse provide a more modern, practical alternative to some older classics that may not appeal to many teens or that may intimidate them by their sheer number of words per page. This book provides a one-stop resource for choosing and using novels in verse with teen readers.

Art for a New Understanding Mindy N. Besaw, Candice Hopkins, Manuela Well-Off-Man, 2018-10-24 *Art for a New Understanding*, an exhibition from Crystal Bridges Museum of American Art that opened in October 2018, seeks to radically expand and reposition the narrative of American art since 1950 by charting a history of the development of contemporary Indigenous art from the United States and Canada, beginning when artists moved from more regionally-based conversations and practices to national and international contemporary art contexts. This fully illustrated volume includes essays by art historians and historians and reflections by the artists included in the collection. Also included are key contemporary writings—from the 1950s onward—by artists, scholars, and critics, investigating the themes of transculturalism and pan-Indian identity, traditional practices conducted in radically new ways, displacement, forced migration, shadow histories, the role of personal mythologies as a means to reimagine the future, and much more. As both a survey of the development of Indigenous art from the 1950s to the present and a consideration of Native artists within contemporary art more broadly, *Art for a New Understanding* expands the definition of American art and sets the tone for future considerations of the subject. It is an essential publication for any institution or individual with an interest in contemporary Native American art, and an invaluable resource in ongoing scholarly considerations of the American contemporary art landscape at large.

The Muckrakers Robert Miraldi, 2000-08-30 This collection of essays provides a critical and scholarly assessment of muckraking journalists at the beginning of the twentieth century. Contributors discuss how spiritual values led journalists to seek social change, through crusades and exposés, sometimes at the price of public confusion and cynicism. They explore how the richest church in America was forced to clean up its tenement houses, how a Buffalo newspaper crusaded for improvements in living conditions for immigrants, why women journalists were keys to civic improvement efforts, and how muckraking and the crusading spirit permeated the press even in small towns. The authors place these stories in the context of various facets of early 20th century American culture. These fresh perspectives on America's first investigative reporters

will appeal to media scholars, historians and to professional journalists. An epilogue appeals for a return to the values and spirit of the muckrakers that might spur the public's interest and provide a moral center and ethic of caring in American journalism.
