*The Music of Michael Nyman* Pwyll ap Siôn, 2017-07-05 Nyman's rise to international prominence during the last three decades has made him one of the world's most successful living composers. His music has nevertheless been criticized for its parasitic borrowing of other composers' ideas and for its relentless self-borrowing. In this first book-length study in English, Pwyll ap Si laces Nyman's writings within the general context of Anglo-American experimentalism, minimalism and post-minimalism, and provides a series of useful contexts from which controversial aspects of Nyman's musical language can be more clearly understood and appreciated. Drawing upon terms informed by intertextual theory in general, appropriation and borrowing are first introduced within the context of twentieth-century art music and theory. Intertextual concepts are explained and their terms defined before Nyman's musical language is considered in relation to a series of intertextual classifications and types. These types then form the basis of a more in-depth study of his works during the second half of the book, ranging from opera and chamber music to film. Rather than restricting style and technique, Nyman's intertextual approach, on the contrary, is shown to provide his music with an almost infinite amount of variety, flexibility and diversity, and this has been used to illustrate a wide range of technical, aesthetic and expressive forms. He composes with his ear towards the past as if it were a rich quarry to mine, working like a musical archaeologist, uncovering artefacts and chiselling fresh and vibrant sonic edifices out of them.

Among the films discussed in this book are Amadeus, The Blues Brothers, The Buddy Holly Story, The Commitments, Dreamgirls, The Glenn Miller Story, A Hard Day's Night, I'm Not There, Jailhouse Rock, A Mighty Wind, Ray, 'Round Midnight, The Runaways, School of Rock, That Thing You Do!, and Walk the Line. *Of Teaching, Learning and Sherbet Lemons* Nina Jackson,2015-06-18 Education is like a sherbet lemon: we need the structures and systems - the hard exterior - but we can easily lose sight of the magic that is at the heart of this; the teaching and learning - the fizz in the centre. Nina Jackson's mission in *Of Teaching, Learning and Sherbet Lemons* is to put the fizz back into classrooms by solving some of the toughest dilemmas facing teachers. You know the child in the class who never asks that burning question because they worry it might make them look silly, even if everyone else is thinking the same

thing? Sometimes teachers can be like that child. And they don't know where to turn to get the answers. That is where Nina comes in. The teachers' questions in *Of Teaching, Learning and Sherbet Lemons* have been anonymised, but Nina's answers will resonate with teachers everywhere, offering support and practical advice. Nina doesn't have a magic wand but what she does have is years of experience, honesty and a commitment to help everyone be the best they can be. After all, second best just won't do! Whether you are wondering about difficulties and disagreements with colleagues, pushy parents, promotion and ambition or losing the love for teaching, Nina has plenty of tips and advice. There is wise guidance on what to do when learners keep shouting out, or chit-chatting, or won't say anything. Nina also shares her valuable insights into inclusion and learning differences including dyslexia, dyspraxia, dysgraphia, ADD and ADHD, stutters and stammers, as well as addressing the sensitive issues of bereavement and self-harm. Topics covered also include: learner engagement and motivation, group work, learning styles, spoon feeding, feedback, unveiling learners' skills and talents, music in the classroom, transition from primary to secondary school, digital leaders, action research, school councils and INSET days. Living with Mild Brain Injury Pauline O'Connor, 2020-12-29 This important book presents a unique, personal account of the impact a mild traumatic brain injury can have. It tells the story of Pauline, who was 33 when a late football tackle caused a bleed in her brain which went undiscovered for 18 months. The account includes descriptions of hidden symptoms of concussion and post-concussion syndrome, pitfalls in diagnoses, the uneven progress of recovery and the effect of the varied reactions which others have to an acquired brain injury. The author incorporates memories alongside extracts from clinic notes, diary entries and emails to reflect the disjointed progress of diagnosis and recovery as- although similar- no two head injuries are the same. Through this book, the reader gains an appreciation of the confusion experienced by many brain injury survivors, which sheds light on why some may develop unusual behavior or mental health issues, and how such issues can be alleviated. Brain injuries are poorly understood by the general public and this can lead to difficult interactions. Moreover, complications in diagnosis means some may not realize they have this milder form of brain injury. This book will enlighten brain injury survivors and affected families and allow professionals an insight into their patients' experiences. As concerns grow over the risks which contact sports pose, this book shows how even mild brain injuries can wreak havoc with careers, relationships and one's sense of self, but that a happy life can still be found.

Alexander McQueen Andrew Wilson, 2015 The first definitive biography of the iconic, notoriously private British fashion designer Alexander McQueen explores the connections between his dark work and even darker life. When forty-year-old Alexander McQueen committed suicide in February 2010, a shocked world mourned the loss. McQueen had risen from humble beginnings as the son of an East London taxi driver to scale the heights of fame, fortune, and glamour. He designed clothes for the world's most beautiful women and royalty, most famously the Duchess of Cambridge, who wore a McQueen dress on her wedding day. He created a multimillion-dollar luxury brand that became a favorite with celebrities including Kate Moss and Naomi Campbell. But behind the confident facade and bad-boy image, lay a sensitive soul who struggled to survive in the ruthless world of fashion. As the pressures of work intensified, McQueen became increasingly dependent on

the drugs that contributed to his tragic end. Meanwhile, in his private life, his failure to find lasting love in a string of boyfriends only added to his despair. And then there were the dark secrets that haunted his sleep... A modern-day fairy tale infused with the darkness of a Greek tragedy, Alexander McQueen tells the complete sensational story, and includes never-before-seen photos. Those closest to the designer--his family, friends, and lovers--have spoken for the first time about the man they knew, a fragmented individual, a lost boy who battled to gain entry into a world that ultimately destroyed him. There's blood beneath every layer of skin, McQueen once said. Andrew Wilson's biography, filled with groundbreaking material, dispels myths, corrects inaccuracies, and offers new insights into McQueen's private life and the source of his creative genius--

*Music and Mythmaking in Film* Timothy E. Scheurer, 2007-12-05 This work studies the conventions of music scoring in major film genres (e.g., science fiction, hardboiled detective, horror, historical romance, western), focusing on the artistic and technical methods that modern composers employ to underscore and accompany the visual events. Each chapter begins with an analysis of the major narrative and scoring conventions of a particular genre and concludes with an in-depth analysis of two film examples from different time periods. Several photographic stills and sheet music excerpts are included throughout the work, along with a select bibliography and discography.

The Warming Craig Ensor, 2019-07-01 'The sun was so brutal, so twisted in its brutality, it seemed to grip us by the neck and push us down into the drowning waters. And, in the end, that was our choice: by water - or by sun.' The year is 2221 and the world is dying. Temperatures soar as high as fifty degrees every day. Sea levels are rising year by year. The population has fallen to below 2 billion people. The ruined cities of the north - Sydney, Brisbane and beyond - were abandoned as the rising sea and the sun's intensity turned them to wastelands. In an isolated coastal town south of Sydney, young Finch Taylor is captivated by the mysterious beauty April Speare and her pianist husband William when they move into a nearby beach house with a piano and a tragic secret. Finch soon begins a lifelong love affair with music, and with April. But as he and April follow the great migration south to Tasmania, and eventually to a warming Antarctica, they must decide whether to bring children into a world without a future. Hauntingly beautiful, *The Warming* depicts a nomadic existence, where love and hope are the only means of enduring a world that has turned against humanity.
