*The Murder of Time: Making and Unmasking a Sleeper* Matthew Pauly,2016-07-26 A non-fiction autobiography that delivers an action narrative of MK-ULTRA mind-control black op experiments and weapons tests in North America by military, para-military and intelligence in the last decade. The relationship of this R&D to present day 'terror events' is explored. An unforgettable account of an unwitting Canadian's forced recruitment into the bizarre world of cross-border black ops... Do read MURDER OF TIME, recommend it to everyone you know - not just because it's the strangest and most terrifying book to come out in Canada this year -- but most of all because it's all TRUE. - Ann Diamond, editor and author of two books on surviving CIA MK-ULTRA Subproject 68 at the Royal Victoria Hospital, Montreal None of Matthew Pauly's tormentors are cartoonish; on the contrary, they are human, all-too-human... in a couple of cases, even admirably so... This is a very good book, and ought to be an instant classic of its genre. - Brian Taylor

*Terrifying True Stories of Government Experiments and Coverups - Book One* Robert J Dornan,2025-05-24 There are truths so disturbing, they defy reason—and yet they happened. Quietly, deliberately, under the banner of patriotism, security, or science, they were carried out by men and women who believed they were justified. These are not stories pulled from fiction. They are real, they are documented and they are terrifying. Terrifying True Stories of Government Experiments and Coverups is a record of the lengths to which power will go to preserve itself, to expand its reach, or to test its limits. It is a map of the human cost buried beneath progress reports, redacted memos, and national security briefings. Whether in the name of war, medicine, control, or curiosity, one truth cuts through them all: everyone is expendable when the goal is control. From secret prisons and chemical injections to mind control trials and famine engineered through policy, these chapters reveal what happens when oversight vanishes and morality is written in pencil. Governments don't always need

permission—they need silence. They rely on disbelief, distraction, and the comfort people take in assuming, “That could never happen here.” By reading this book, you're refusing that comfort. You're not just becoming more informed, you're becoming more dangerous to complacency. These stories aren't just disturbing—they're instructive. They teach us how systems operate in the shadows, how justifications are crafted, and how often history repeats when no one is paying attention. You are stepping into a world most people never see. Not because it's hidden—but because it's easier not to look. Let the unease you feel sharpen your mind. Let it open your eyes. Because once you know these stories, you never see the world the same way again.

**Drugs as Weapons Against Us** John L. Potash, 2015-05-25 *Drugs as Weapons Against Us* meticulously details how a group of opium-trafficking families came to form an American oligarchy and eventually achieved global dominance. This oligarchy helped fund the Nazi regime and then saved thousands of Nazis to work with the Central Intelligence Agency. CIA operations such as MK-Ultra pushed LSD and other drugs on leftist leaders and left-leaning populations at home and abroad. Evidence supports that this oligarchy further led the United States into its longest-running wars in the ideal areas for opium crops, while also massively funding wars in areas of coca plant abundance for cocaine production under the guise of a “war on drugs” that is actually the use of drugs as a war on us. *Drugs as Weapons Against Us* tells how scores of undercover U.S. Intelligence agents used drugs in the targeting of leftist leaders from SDS to the Black Panthers, Young Lords, Latin Kings, and the Occupy Movement. It also tells how they particularly targeted leftist musicians, including John Lennon, Jimi Hendrix, Kurt Cobain, and Tupac Shakur to promote drugs while later murdering them when they started sobering up and taking on more leftist activism. The book further uncovers the evidence that Intelligence agents dosed Paul Robeson with LSD, gave

Mick Jagger his first hit of acid, hooked Janis Joplin on amphetamines, as well as manipulating Elvis Presley, Eminem, the Wu Tang Clan, and others.

Bush made errors of judgement pre 9/11 because of his family's ties to the Bin Laden's? The Last Honest Man James Risen, 2023-05-09 NEW YORK TIMES BESTSELLER | Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography | “Timely and long overdue... This book should be required reading.”—Tom O’Neill, author of *Chaos: Charles Manson, the CIA, and the Secret History of the Sixties* In this “gripping . . . spectacular piece of reporting” (Ken Burns), a Pulitzer Prize-winning journalist examines Senator Frank Church, the man at the center of numerous investigations into the abuses of power within the American government. For decades now, America’s national security state has grown ever bigger, ever more secretive and powerful, and ever more abusive. Only once did someone manage to put a stop to any of it. Senator Frank Church of Idaho was an unlikely hero. He led congressional opposition to the Vietnam War and had become a scathing, radical critic of what he saw as American imperialism around the world. But he was still politically ambitious, privately yearning for acceptance from the foreign policy establishment that he hated and eager to run for president. Despite his flaws, Church would show historic strength in his greatest moment, when in the wake of Watergate he was suddenly tasked with investigating abuses of power in the intelligence community. The dark truths that Church exposed—from assassination plots by the CIA, to links between the Kennedy dynasty and the mafia, to the surveillance of civil rights activists by the NSA and FBI—would shake the nation to its core, and forever change the way that Americans thought about not only their government but also their ability to hold it accountable. Drawing upon hundreds of interviews, thousands of pages of recently declassified documents, and reams of unpublished letters, notes, and memoirs, some of which remain sensitive today, Pulitzer Prize-winning reporter James Risen tells the gripping, untold story of truth and integrity standing against unchecked power—and winning—in *The Last Honest Man*. An instant New York Times bestseller
