Biblical Studies on the Internet Roland H. Worth, Jr., 2008-09-18 The new edition includes more than 4,800 resources available at more than 10,000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages, audio translations of the Bible in English and other languages, commentaries, dictionaries, and other resource materials including ones in Greek, Hebrew and other ancient languages. The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself. In cases when ten or more resources are listed on a single web page, the author has assigned the web page a three-digit code. The code is used to identify this web page as a major resource within the main text, while any needed instructions for use of the site are cross-referenced separately in the final chapter. In adopting this concise method, the author was able to add hundreds of additional or updated web resources, a surprising number of which can be downloaded onto a hard drive for immediate and continued use.

Righteous Gentiles in the Hebrew Bible Rabbi Jeffrey K. Salkin, 2011-02-07 Who are the ancient role models for the sacred relationship between Jews and non-Jews today? Now more than ever, gentiles are an integral part of the Jewish community. But they are not new to the Jewish story. In fact, righteous gentiles go back to Abraham. The story of the Jewish people can't be told without them. Noted author and educator Rabbi Jeffrey Salkin provides an informative and inspiring look at the sympathetic non-Israelite characters of the Hebrew Bible and the redemptive relationships they had with the Jewish people. Relying on biblical and extra-biblical sources, he introduces each character, drawing lessons from the life of each that will be relevant to you, whatever your faith tradition. They include the ... First gentile to bless a Jew First woman to hear the Divine voice and save a Jewish baby First teacher of morality to the Jews First gentile mother of Jewish children Gentile midwives who invented civil disobedience Mother of Moses and nurturer of the Jewish people Father-in-law and teacher of Moses First "gentile Zionist" Gentile warrior who fought for the Israelites Gentile contractor for Solomon's Temple Gentiles who acknowledged God and repented Creator of the Second Jewish Commonwealth

The 2011 Guide to Free Or Nearly-Free E-Books, 2011 One of the problems which face all librarians adding e-books to their collections is that of bibliographic control: there is no legal deposit for e-books and consequently there is no single place from which new titles can be found. If this is true of commercially published e-books, it is most certainly also true of free e-books... and there are many thousands of free e-books available over the Internet, many of which are of a quality such that librarians might wish to have them in their collections. The 2011 Guide to Free or Nearly-Free e-Books is offered as a tool for librarians and others involved in book selection (e.g. teachers in schools) in all sectors - school, further and higher education, public and special libraries - to facilitate easy access to free e-books and e-book collections which can enhance their digital library.

Deconstructing Evangelicalism Jamin Andreas Hübner,2020-01-01 This book is electric! Hübner goes about Deconstructing Evangelicalism with the skills available only to someone formerly embedded in the apologetics-oriented, take-no-prisoners, Calvinist-Piperian-Brownian conservative evangelical subculture. Brilliant. Learned. Passionate. Creative. Angry. Hopeful? Maybe. You must read it for yourself and find out. I will be studying this book for a long time to come. - DAVID GUSHEE Past President, American Academy of Religion and Distinguished University Professor of Ethics, Mercer University This book is special: at once incendiary and charming, you are invited into the world of Christian fundamentalism, in all of its glory and complexities and traumatic realities. This world is a crazy place, filled with all of the political zealotry, casual sex(ism), and apocalyptic young-earth creationism one could desire. Hübner's story is a dynamic, sobering testament to that reality. From the depths of his days as an Internet apologist to his interdisciplinary career as a professor, we see the impact of religious fundamentalism on heart, mind, and body. For those who have walked through the valley of the shadow of fear, may you be filled with curiosity and joy at the sight of another theologian on the journey. From one sojourner to

another, I am happy to commend to you the work of my colleague and dear friend. -NICHOLAS RUDOLPH QUIENT Associate Pastor, The First Baptist Church of Redlands Co-Host of the Sinnergists Podcast and Author of The Perfection of Our Faithful Wills Many of Jamin's experiences mirror my own, and I am grateful we were friends while surviving as faculty at evangelical liberal arts colleges. Reading this book has once again encouraged me, and given me a hopeful way forward, as he always has as a friend. His theological nuance and understanding highlights why evangelicalism is, in many ways, so superficial, and it will encourage anyone that their own deconstruction can lead to a stronger, more robust, and more inclusive faith in God. I will be passing along his book to my friends who come to me for help as they struggle with asking questions of who God really is. -KRISTY WHALEY PhD Theology (Candidate), University of Glasgow, Former Theology Faculty, Colorado Christian University

The Authority of Law in the Hebrew Bible and Early Judaism Jonathan Vroom, 2018-09-11 In *The Authority of Law in the Hebrew Bible and Early Judaism*, Vroom identifies a development in the authority of written law that took place in early Judaism. Ever since Assyriologists began to recognize that the Mesopotamian law collections did not function as law codes do today—as a source of binding obligation—scholars have grappled with the question of when the Pentateuchal legal corpora came to be treated as legally binding. Vroom draws from legal theory to provide a theoretical framework for understanding the nature of legal authority, and develops a methodology for identifying instances in which legal texts were treated as binding law by ancient interpreters. This method is applied to a selection of legal-interpretive texts: Ezra-Nehemiah, Temple Scroll, the Qumran rule texts, and the Samaritan Pentateuch.

Nabonidus and the Bible Janet Tyson, 2024-12-05 A selection of essays written to augment the research presented in previous monographs focusing on the last King of Babylon, Nabonidus (556-539 BCE) and his depiction in the Hebrew Bible. Various topics are examined, including the Ascent of Akrabbim, petroglyphs, Tarshish and Ophir, Shishak, and more. Each relates to the central premise that Nabonidus was portrayed via the pseudonyms of Abraham, Moses, and Solomon. A special paper is included looking at Nabonidus' Egyptian wife, Nitocris, and her relationship with the God's Wife, Ankhnesneferibre, who is alluded to in the Song of Solomon.

Reading the Bible with Giants David Paul Parris, 2015-03-04 Many readers of the Bible believe that interpreting the Scriptures well simply involves a two-way dialogue between themselves and the text. Implied in this view is the idea that we can simply jump over two thousand years of biblical interpretation. However, if we believe that God has been speaking through the Bible to devout believers throughout history it would seem that we should find a way to identify the insights they perceived in the text so that we can learn to read these sacred texts with them. Drawing on resources from Reception Theory, the goal of *Reading the Bible with the Giants* is to enable the contemporary reader to interpret the Bible in dialogue with those who have gone before us.

Marriage, Bible, Violence Saima Afzal, Johanna Stiebert, 2023-10-01 Drawing on both biblical studies scholarship and practitioner experience, this book explores the disjuncture between complementarian accounts of biblical marriage and intersections of marriage and violence in texts from Jewish and Christian Scriptures. This volume challenges authoritative complementarian claims to the Bible's allegedly clear and unequivocal directions on marriage. It refutes these claims with analysis of the muddled and often violent depictions of marriage in the Bible itself. Regular reminders show why such an exploration matters: that is, because recourse to the authority and 'plain meaning' of the Bible has had and continues to have impact on real people's lives. Sometimes, this impact is violent and traumatic, notably when the Bible is weaponised to justify intimate partner violence. This book explores a wide range of biblical texts and interpretations. Particular focus is placed on the influential pronouncements on 'biblical marriage' by the US Family Research Council and Council for Biblical Manhood and Womanhood. Textual analysis includes close focus on Genesis 1-3, Malachi 2, and Ephesians 5. This book will appeal to students of biblical studies and theology, as well as anyone interested in research-based activism and in how sacred texts are directed towards modern day-to-day life. It investigates 'marriage', 'the Bible', and 'violence', all of which play significant roles in public discourses and popular culture.

Hyper-Grace Michael L. Brown, 2014-01-07 The great deception of the 21st century At a time when the church needs an urgent wake-up call and a fresh encounter with Jesus, the hyper-grace message is lulling many to sleep. Claiming to be a new revelation of grace, this teaching is gaining in popularity, but is it true? Or is the glorious truth of grace being polluted by errors, leading to backsliding, compromise, and even the abandonment of faith? Hyper-Grace looks at the major teachings put forth by many adherents of this grace reformation and prayerfully compares those teachings with the Word of God, answering questions such as: · How do our sins affect our relationship with God? · What is the relevance of the Old Testament to our faith? · What does Jesus actually have to say about grace? Without watering down the Bible's true message of grace, Michael Brown gives you the facts, demonstrating the dangers of this seductive message and showing you how to keep from being taken in.

A critical engagement with theological education in Africa Johannes J. Knoetze, Alfred R. Brunsdon, 2022-02-07 The higher education landscape has arguably become one of the most arduous to traverse. More so in the African context, where a host of variables continuously challenge educators to reflect critically on their philosophies and practices as they engage an ever-changing audience. In this book, a critical engagement with theological education in Africa is offered. As the book originates from South Africa, it is presented as a South African perspective, although contributors are situated across the African continent and abroad. The common denominator is that all contributors are, in some way or another, invested in theological education in Africa. The main contribution of this collaborative work is to be sought in the insights it offers on four main areas of theological education: A historical and current orientation on theological education in Africa, some

paradigm shifts in theological education in Africa, ministerial formation needs versus theological education challenges, and a critical reflection on elective models and methods. The book presents the original and innovative research of scholars for fellow scholars involved in theological higher education as it is grounded in the respective fields of interest of each contributor. It contributes to a better understanding of the complex African theological higher education landscape that is also mindful of post-COVID-19 realities. Methodologically the work draws on a combination of methods, including literature studies, empirical work, and in some cases sectional offerings from doctoral studies, as indicated in the various chapters.

Interpreting the Wisdom Books Edward M. Curtis, 2019-03-21 The Wisdom Literature of the Bible (Job, Proverbs, Ecclesiastes, and Song of Songs) is filled with practical principles for everyday life. While some Christians are deterred by the pragmatic character of these matter-of-fact guidelines, they are as integral to God's purposes for His people as the explicitly theological material that dominates other parts of Scripture. The Wisdom books tie these two streams of God's revelation together in a way that enriches and strengthens the church. It is a thorough resource for pastors and teachers to help them navigate the sometimes bewildering waters of the Wisdom Literature.

The Spirit of the Matter D. L. Watson, 2022-02-10 The Spirit of the Matter is born from a love of truth and a love of God's word. When these two loves come together, we find the Scriptures are not only reliable and consistent, but a brilliantly designed set of instructions for life, reaching a depth of profundity that most Christian teachings fail to address. This book carefully examines the Christian notion that the Mosaic Law (Torah) no longer is applicable to believers and guides readers through an understanding of how and why the words of God spoken to the Old Testament writers are intensely relevant to people today. Readers will take a thought-provoking journey through topics such as: •Are we supposed to believe a literal seven-day account of creation in the book of Genesis? •Is it possible that the New Testament instructs those who believe in Jesus Christ to also obey certain commands in the Torah? •Is it conceivable that the Sabbath day as established in the creation story could also hold truths for the events of Revelation and the end times? This book will encourage you with a confidence that God's word holds much more for believers than most have been taught to expect.

The Bible in Slavic Tradition Alexander Kulik, Catherine Mary MacRobert, Svetlina Nikolova, Moshe Taube, Cynthia M. Vakareliyska, 2016-01-19 This volume contains selected papers from an international conference held in 2009 in Varna, Bulgaria. The papers represent major trends and developments in current research on the medieval Slavonic biblical tradition, primarily in comparison with Greek and Hebrew texts. The volume covers the translation of the canonical, apocryphal and pseudepigraphical books of the Old and New Testaments and its development over the ninth to sixteenth centuries. Another focus is on issues relating to Cyril and Methodius, the creators of the first Slavonic alphabet in the ninth century and the first translators of biblical books into Slavonic. The analytical approach in the volume is interdisciplinary, applying methodologies from textual criticism, philology, cultural and political history, and theology. It should be of value to Slavists, Hebraists and Byzantinists.

Roles and Relations in Biblical Law Christian Canu Højgaard, 2024-05-30 Leviticus 17-26, an ancient law text known as

the Holiness Code, prescribes how particular persons are to behave in concrete, everyday situations. The addressees of the law text must revere their parents, respect the elderly, fear God, take care of their fellow, provide for the sojourner, and so on. The sojourner has his own obligations, as do the priests. Even God is said to behave in various ways towards various persons. Thus, the law text forms an intricate web of persons and interactions. There is a growing awareness that ancient law texts were not arbitrary collections of legal paragraphs but articulations of certain world views. The laws were rational in their own respect and were based on the lawgiver's ethos. However, since the ethical values of the lawgiver rarely—if ever—surface in the text itself, it has proven difficult to grasp with traditional, exegetical methods. This study offers a novel approach to mapping out the ethos of an ancient law text like Leviticus 17-26. By employing social network analysis, the participants and their interactions are mapped to scrutinize the ethical roles embodied by the persons of the law. To accomplish this, the study undertakes meticulous research into both the participants and the interactions of Leviticus 17-26. The book investigates a semi-automatic approach to extracting participant information from a text and offers new methods for analysing Hebrew interactions (realised as verbal predicates) in terms of dynamicity, causation, and agency.
