**Sharon Blackie**

**If Women Rose Rooted** Sharon Blackie, 2019 A powerful, resonant rallying-cry for the re-wilding of womanhood by writer, psychologist, and mythologist Dr Sharon Blackie.

**If Women Rose Rooted** Sharon Blackie, 2017-04-18 'I love this book. Truly, it's mind-blowing in the most profound and exhilarating sense. This is an anthem for all we could be, an essential book for this, the most critical of recent times. I sincerely hope every woman who can read is given one, and has the time and the space to read it.' - Manda Scott, author of *Boudica* and *Into the Fire*. In this extraordinary book of myth, memoir and modern-day mentors (from fashion designers to lawyers), Blackie faces the wasteland of Western culture, the repression of women, and the devastation of our planet.

*If Women Rose Rooted* Sharon Blackie, 2016 Aged 30 Sharon Blackie found herself weeping in the car park of the multinational corporation where she worked, wondering if this was what a nervous breakdown felt like. With a PhD in Psychology she ought to have known. Somewhere along the line she realised she had lost herself. And so began a long winding journey back to authenticity, rootedness in place, and belonging. In this extraordinary book of myth memoir and modern day mentors Blackie faces the wasteland of Western culture, the repression of women, and the devastation of our planet. She boldly names the challenge to reimagine women's place in the world and to rise up firmly rooted in our own native landscapes and the powerful stories and wisdom which spring from them. *If Women Rose Rooted* offers a haunting heroine's journey for every woman who finds power inspiration and solace in the natural world.

*Hagitude* Sharon Blackie, 2022-10-11 RADICALLY REIMAGINE THE SECOND HALF OF LIFE "There can be a certain perverse pleasure, as well as a sense of rightness and beauty, in insisting on flowering just when the world expects you to become quiet and diminish." — from the book For any woman over fifty who has ever asked "What now? Who do I want to be?" comes a life-changing book showing how your next phase of life may be your most dynamic yet. As mythologist and psychologist Sharon Blackie describes it, midlife is the threshold to decades of opportunity and profound transformation, a time to learn, flourish, and claim the desires and identities that are often limited during earlier life stages. This is a time for gaining new perspectives, challenging and evolving belief systems, exploring callings, uncovering meaning, and ultimately finding healing for accumulated wounds. Western folklore and mythology are rife with brilliantly creative, fulfilled, feisty, and furious role models for aging women, despite our culture's focus on youthfulness. Blackie explores these archetypes in

Hagitude, presenting them in a way sure to appeal to contemporary women. Drawing inspiration from these examples as well as modern mentors, you can reclaim midlife as a liberating, alchemical moment rich with possibility and your elder years as a path to feminine power.

*A Hole in the World* Amanda Held Opelt, 2022-07-19 In a raw and inspiring reflection on grief--selected by Publishers Weekly as one of the best books of the year--a mourning sister processes her personal story of loss by exploring the history of bereavement customs. When Amanda Held Opelt suffered a season of loss—including three miscarriages and the unexpected death of her sister, New York Times bestselling writer Rachel Held Evans—she was confronted with sorrow she didn't know to how face. Opelt struggled to process her grief and accept the reality of the pain in the world. She also wrestled with some unexpectedly difficult questions: What does it mean to truly grieve and to grieve well? Why is it so hard to move on? Why didn't my faith prepare me for this kind of pain? And what am I supposed to do now? Her search for answers led her to discover that generations past embraced rituals that served as vessels for pain and aided in the process of grieving and healing. Today, many of these traditions have been lost as religious practice declines, cultures amalgamate, death is sanitized, and pain is averted. In this raw and authentic memoir of bereavement, Opelt explores the history of human grief practices and how previous generations have journeyed through periods of suffering. She explores grief rituals and customs from various cultures, including: the Irish tradition of keening, or wailing in grief, which teaches her that healing can only

begin when we dive headfirst into our grief the Victorian tradition of post-mortem photographs and how we struggle to recall a loved one as they were the Jewish tradition of sitting shiva, which reminds her to rest in the strength of her community even when God feels absent the tradition of mourning clothing, which set the bereaved apart in society for a time, allowing them space to honor their grief As Opelt explores each bereavement practice, it gives her a framework for processing her own pain. She shares how, in spite of her doubt and anger, God met her in the midst of sorrow and grieved along with her, and shows that when we carefully and honestly attend to our losses, we are able to expand our capacity for love, faith, and healing.

Nature and Space in Contemporary Scottish Writing and Art Camille Manfredi, 2019-05-29 This book examines how contemporary Scottish writers and artists revisit and reclaim nature in the political and aesthetic context of devolved Scotland. Camille Manfredi investigates the interaction of landscape aesthetics and strategies of spatial representation in Scotland's twenty-first-century literature and arts, focusing on the apparatuses designed by nature writers, poets, performers, walking artists and visual artists to physically and intellectually engage with the land and re-present it to themselves and to the world. Through a comprehensive analysis of a variety of site-specific artistic practices, artworks and publications, this book investigates the works of Scotland-based artists including Linda Cracknell, Kathleen Jamie, Thomas A. Clark, Gerry Loose, John Burnside, Alec Finlay, Hamish Fulton, Hanna Tuulikki and Roseanne Watt, with a view to exploring the ongoing re-invention of a territory-bound identity that dwells on an inclusive sense of place, as well as on a complex renegotiation with the time and space of Scotland.

**Unapologetic** Annalie Howling, 2025-05-13 'Annalie Howling delivers a masterpiece in self-liberation. Unapologetic is a fierce call to reclaim your power, dismantle shame, and live authentically. A must-read for anyone ready to embrace their full potential.' - Vex King Shame thrives when we believe its lie, that we are so broken, so different, that we must hide, apologise and never be free. But this narrative is false. Shame is difficult to express, but in Unapologetic, I've given it a voice. On every page, I uncover the secrets shame tries to keep hidden. When we realize we're not alone, shame loses its grip, and we reclaim our power. It isolates us, damages our relationships, and keeps us disconnected but it doesn't have to. Unapologetic is the book that I wish that I had during the most isolating moments in my life when shame had me fully in its grasp. Through my own stories, expert insights, and real client experiences, I hope the reader will discover pieces of themselves and start to reclaim the parts they thought were lost. Unapologetic is more than a book; it's a call to break free from shame and step into your full potential.

**Mothershift** Jessie Harrold, 2024-11-12 Explore this supportive, grounding guide for new mothers navigating the cascade of identity change and transformation that is motherhood. Our modern, Western societal understanding of what happens to a woman when she becomes a mother—beyond emotional rollercoasters and healing her pelvic floor—remains largely uncharted territory. The transition to motherhood actually takes two to three years, not six weeks or three months as we’ve been led to believe. Mothershift offers a supportive, affirming road map to take women through this transformational process. Jessie Harrold introduces her “map for your becoming,” a research-based, four-phase model that maps out how the transition to motherhood unfolds and helps women to navigate every step along the way. She has used this model to guide thousands of women through the shift into motherhood. Harrold also includes self-inquiry questions and journal prompts in each chapter to help women identify and thrive amidst the cascade of changes they can expect as they enter motherhood. Topics include: Normalizing the feelings of grief and loss of self you may feel along the way. Navigating the discomfort of not knowing who you are anymore now that you’re a mother. Guiding you to cultivate a sense of empowerment and leadership in motherhood, showing you how mothering is a counterculture act. Showing you how to use the “superpowers” that motherhood can offer—self-tending, creativity, embodiment, ritual, community, inner knowing, and earth connection. Gently guiding you to explore who you are becoming.

**STILL HOT!** Kaye Adams, Vicky Allan, 2020-10-15 Every menopause has its own story. It's time we told them . . . The menopause. What even is it? One big theme unites Still Hot!'s 42 stories - that, somehow, the world doesn't ready us for this. The menopause - let alone the perimenopause - simply isn't talked about; instead, it's reduced to a comic hot flush. More and more of us are proudly stepping free of the menopausal closet, but the Big M is still a conversation whispered below the radar. No one tells you it will be like this. No one prepares you for it. That silence is lifting, slowly. So let's be bold, let's overshare. Let's find solidarity among Still Hot!'s myriad voices - wise, rebellious, measured, fierce, upfront - telling how the menopause is not just one story, but many. Telling, in fact, that this is not the menopause, it is YOUR menopause. In fact, it can be a very empowering time. JULIE GRAHAM We mustn't be scared of the menopause . . . I always say, Don't suffer in silence. Get help. There is help out there. There is understanding. **A Guide to Conscious Menopause** Reva Adie, 2023-03-28 An alternative and unique perspective on our understanding of menopause. This groundbreaking book offers a response to the call of women to listen deeply to the wisdom of their bodies as they go through the change and stages of peri-menopause and menopause. In modern times, even with the increased awareness of recent years, the overriding response is management and relief of symptoms. However, in this book Reva provides a revolutionary approach to menopause, perceiving this transition as a rite of passage and alchemical process. Through her own experience Reva acts as a guide in allowing women to connect with their bodies and awareness though

contemplation, as well as suggesting practices to support a deepening of women's exploration of menopause, including yoga, meditation and ritual. Within these pages, Reva will provide women with a sense of trust, and wider perspective as they discover more about their bodies, their perceptions, learning from, rather than fearing this time of change.

**Simple Soulful Sacred** Megan Dalla-Camina, 2019 A guidebook for the modern woman, who wants to create space in her life for more wellbeing, simplicity and joy. Simple Soulful Sacred is a guidebook for the modern woman who seeks clarity and guidance on how to live the life of her dreams, on her own terms. It's for the women of our time-the mothers, teachers, healers, light workers, dreamers, creators, leaders-who are ready to find their voice, speak their truth and own their power, whilst living life with less hustle and more flow. For modern women wanting more for their lives, it's the now age definition of having it all. Women are rising; ready to step out of the cloak of masculine traits that keep them striving for a version of success that is not their own. Ready to stop hiding their light and playing the comparison game. And ready to fully embody their feminine power. Because whilst the feminine may have been disowned and devalued for centuries, we are so done with that story now. But it's still a paradox. Because within this very rising, women are longing to step out of the noise and chaos, to live more simply. They want time and space for what's most important to them; and the comfort, consciousness and connection that often gets lost in the busyness and distractions of daily life. This book is the bridge women have been seeking. Written with the time-poor reader in mind, this book includes 200 short-form chapters, the perfect length for dipping into while commuting; during a lunch break or at the end of the day. The perfect gift, or self-gift, for women of all ages.

**Queer Ecopedagogies** Joshua Russell, 2021-04-09 This volume builds on the momentum surrounding queer work within

environmental education, while also encouraging new connections between environmental education research and the growing bodies of literature dedicated to queer deconstructions of categories such as “nature,” “environment,” and “animal.” The book is composed of submissions that engage with existing literature from queer ecology, queer theory, and various explorations of sexuality and gender within the context of human-animal-nature relationships. The book deepens and diversifies environmental education by providing new theoretical and methodological insights for scholarship and practice across a variety of educational contexts. Queer pedagogies provide important critical points of view for educators who seek broader goals centred around social and ecological justice by encouraging counter-hegemonic views of bodies, nature, and community. The scope of this book is multi- or interdisciplinary in order to cast a wide net around what kinds of spaces, relationships, and practices are considered educational, pedagogical, or curricular. The volume includes chapters that are conceptual, theoretical, and empirical.

*Pagan Portals - Modron* Kelle BanDea, 2025-01-28 In the flow of healing waters and the urgent cry of the Earth, we hear the voice of the Celtic mother goddess Modron, also known as Matrona. A goddess of fertility, abundance and healing, but also of grief and loss and ancestral wisdom, she is still present, although hidden, in today's world. We find her myths in the tales of the Mabinogi, the Welsh Triads and modern tales of Avalon, and her image and veneration in the ancient religions of Celtic Gaul, where she first emerged as a river goddess. We can trace echoes of her in ancient Indo-European texts and possibly even further back to the agricultural myths of the Neolithic. She is even present in the stars. *Modron - Meeting the Celtic Mother Goddess* takes a deep dive into this often overlooked goddess who has inspired our modern myths, combining solid academic research with suggestions for personal practice and ritual, from a modern day dedicant and scholar of Goddess veneration. Modron is emerging from the depths. Will you answer her Call?
