Chivalry in Westeros Carol Parrish Jamison, 2018-02-26 George R. R. Martin's *A Song of Ice and Fire* has sparked a renewed interest in things medieval. The pseudo-historical world of Westeros delights casual fans while offering a rich new perspective for medievalists and scholars. This study explores how Martin crafts a chivalric code that intersects with and illuminates well known medieval texts, including both romance and heroic epics. Through characters such as Brienne of Tarth, Sandor Clegane and Jaime Lannister, Martin variously challenges, upholds and deconstructs chivalry as depicted in the literature of the Middle Ages.

Drive-Thru Dreams Adam Chandler, 2019-06-25 “This is a book to savor, especially if you’re a fast-food fan.”—Bookpage This fun, argumentative, and frequently surprising pop history of American fast food will thrill and educate food lovers of all speeds. —Publishers Weekly Most any honest person can own up to harboring at least one fast-food guilty pleasure. In *Drive-Thru Dreams*, Adam Chandler explores the inseparable link between fast food and American life for the past century. The dark underbelly of the industry’s largest players has long been scrutinized and gutted, characterized as impersonal, greedy, corporate, and worse. But, in unexpected ways, fast food is also deeply personal and emblematic of a larger than life image of

America. With wit and nuance, Chandler reveals the complexities of this industry through heartfelt anecdotes and fascinating trivia as well as interviews with fans, executives, and workers. He traces the industry from its roots in Wichita, where White Castle became the first fast food chain in 1921 and successfully branded the hamburger as the official all-American meal, to a teenager's 2017 plea for a year's supply of Wendy's chicken nuggets, which united the internet to generate the most viral tweet of all time. Drive-Thru Dreams by Adam Chandler tells an intimate and contemporary story of America—its humble beginning, its innovations and failures, its international charisma, and its regional identities—through its beloved roadside fare.

Droll Stories Honoré de Balzac, 1928

Droll Stories - Complete Honoré de Balzac, 2021-01-13 Droll Stories, collection of short stories by Honoré de Balzac, published in three sets of 10 stories each, in 1832, 1833, and 1837, as Contes drolatiques. Rabelaisian in theme, the stories are written with great vitality in a pastiche of 16th-century language. The tales are fully as lively as the author's masterful Comédie humaine series, but they stand apart for their good-humoured licentiousness and historical wordplay.
