Autonomía personal y dependencia Sacramento Pinazo Hernandis,2011-11-28 La Promoció de l'Autonomia Personal i Atenció a les persones en situació de Dependència (Llei 39/2006), constitueix un dels principals reptes de la política social dels països desenvolupats: l'atenció a les necessitats d'aquelles persones que requereixen suports per a desenvolupar les activitats essencials de la vida diària, aconseguir una major autonomia personal i exercir plenament els seus drets de ciutadania. En aquest llibre oferim visions multidisciplinàries, noves idees i matisos que ajudaran al lector a gestionar la promoció de l'autonomia personal i l'atenció a la dependència des d'una atenció integral centrada en les personnes. Aquest llibre sorgeix de la reflexió que han realitzat al fil de les seues classes alguns dels docents que formen part del professorat del Màster en Atenció Sociosanitària a la Dependència de la Universitat de València.

Repensando el trabajo social María del Rosario Silva Arciniega,2025-02-04 Este compendio se ha integrado con el pensamiento operacionalizado en diversos escritos que académicos (principalmente de la ENTS-UNAM) han realizado, develando no sólo la existencia de una masa crítica en efervescencia que propone a partir de sus propias interrogantes, dudas e inquietudes, las reflexiones que en conjunto permitirán dotar a la profesión del sentido y significado que la ubican como una disciplina útil y necesaria, realizada por personas identificadas desde su impronta, con las vivencias que el dolor y la carencia significan. Que intentan en su diario hacer, proporcionar una escucha atenta, reflexiva y dinámica; el consuelo ante las atrocidades que nos ha tocado vivir en esta época, en la que el diez por ciento de la población posee la riqueza

mundial y el noventa restante se debate en la pobreza.

El trabajo social y sus instrumentos. Elementos para una interpretación a piacere Josefa Fombuena,2012-04 El trabajo social y sus instrumentos. Elementos para una interpretación a piacere muestra cómo el Trabajo Social se construye sobre los fundamentos tradicionales y está a la vanguardia de los fenómenos sociales, de la mano de un intérprete que requiere de voluntad y de libertad, de disciplina y de visión. Es un libro clásico, del gusto del lector profesional, que reconocerá los temas del Trabajo Social, tratados de manera sugerente: el informe social, la visita a domicilio, la supervisión o la entrevista. Es también un libro novedoso que sorprenderá a los trabajadores sociales, a los estudiantes avanzados y a los analistas sociales porque pretende, en estos inicios atormentados del siglo XXI, iluminar una mirada de futuro y alejada, aunque solo aparentemente, de la inmediata práctica profesional. El lector apreciará las aportaciones relativas al sentimiento de justicia en la vida cotidiana, los límites de la intervención social y la imprescindible investigación. Así, la práctica y el análisis se unen para aportar a la disciplina del Trabajo Social unos instrumentos que adquieran todo su valor cuando son interpretados cuidadosamente.

Las enseñanzas del trabajo social en España, 1932-1983 Ma Victoria Molina Sánchez,María Victoria Molina Sánchez,1994 Este estudio abarca el período comprendido entre la creación de la primera escuela de trabajo social en España, en 1932, hasta la incorporación de las escuelas a la universidad en 1983, cerrando este proceso histórico-social en el momento en que las escuelas inician una nueva andadura como escuelas universitarias. La obra se inicia con una aproximación histórica al trabajo social fuera y dentro de nuestro país. Reciben una atención especial los promotores y patrocinadores de las escuelas. El estudio sigue con un análisis descriptivo de la implantación y evolución de las escuelas de trabajo social en tres dimensiones : cronológica, geográfica y social. Después del primer nivel de análisis descriptivo se analizan las escuelas como centros docentes, recorriendo su cuerpo doctrinal y los elementos que participaron e integraron el proceso de formación de los asistentes sociales en el período histórico reseñado.

Introducción al Trabajo Social Elisa Esteban Carbonell ,Chabier Gimeno Monterde ,2024-06-18 Desde la implantación del grado de Trabajo Social en la Universidad de Zaragoza, la asignatura de Introducción al Trabajo Social no ha contado con un texto que aglutinase todos los contenidos para trabajar. Ante esa necesidad, se ha elaborado el presente libro, que deseamos te abra las puertas a una profesión que, como dicen algunas compañeras y compañeros, te cambia la vida y la forma de ver nuestro entorno. El libro Introducción al Trabajo Social tiene por objetivo ofrecer de forma sintetizada contenidos sobre

aspectos introductorios de la disciplina a todo aquel alumnado que se esté iniciando en los estudios de Trabajo Social. El contenido, ajustado a la Guía Docente de la asignatura, se estructura en tres grandes bloques, precedidos por dos capítulos introductorios.

Aportaciones al Trabajo Social Miranda Aranda, Miguel, 2014-06-18 El libro recopila un conjunto de textos en relación con algunos de los temas nucleares del trabajo social ofreciendo una visión de conjunto e innovadora. Se tratan aspectos tan diversos que van desde cuestiones epistemológicas (naturaleza y objeto del trabajo social), hasta la actividad de los profesionales de los servicios sociales en un contexto de desigualdad social creciente y una política social maltratada en las llamadas sociedades del bienestar. Por otra parte, en otros capítulos se destaca la necesaria transversalidad de algunas capacidades fundamentales del trabajo social como las habilidades comunicativas, la investigación social, la interacción grupal o el trabajo comunitario.

Hacia un nuevo enfoque del Trabajo Social Jesús García Alba, Jesús R. Melián Melián, 1993-05-13 El Trabajo Social en nuestro país, pese a llevar muchos años afincado y haber experimentado varias reformas, sigue para muchas personas estando vinculado a los conceptos de beneficencia y asistencia. Quizá no anden descaminados; pero es mucho más... Existen ya enfoques, escuelas y teorías que buscan dar un nivel científico a esa respuesta. El libro que presentamos contribuye con su aportación a ir clarificando estas cuestiones. Aunque va especialmente dirigido a trabajadores sociales en ejercicio y a estudiantes de Trabajo Social, interesa mucho a otros profesionales conectados con este campo.
