The Antigonos publishing house specialises in the publication of reprints of historical books. We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage.

What Jesus saw from the Cross A. G. Sertillanges, 2025-08-04 *What Jesus Saw from the Cross* is a deeply meditative and spiritually profound work that invites readers into the inner experience of Christ during His Passion. Written by French Dominican priest Antonin Sertillanges, the book blends historical insight, theological reflection, and imaginative contemplation to reconstruct the view from the cross—both physically and spiritually. Sertillanges vividly explores what Jesus would have seen: the city of Jerusalem, the Roman soldiers, the mocking crowds, the grieving loved ones, and, ultimately, the fallen world He came to redeem. More than a devotional text, *What Jesus Saw from the Cross* is a study in divine compassion and redemptive suffering. Sertillanges uses the Passion narrative to highlight themes such as forgiveness, human frailty, and the triumph of love over hatred. With scholarly rigor and poetic depth, he invites the reader not only to observe the crucifixion but to enter into its meaning from Christ's perspective—emphasizing interior transformation and personal identification with the suffering Savior. Since its publication, the book has been widely acclaimed for its unique approach to meditating on the Passion of Christ. Its blend of emotional intimacy and theological depth has made it a beloved spiritual classic. The enduring power of *What Jesus Saw from the Cross* lies in its ability to guide readers toward a deeper understanding of sacrificial love and to inspire a more intimate relationship with Christ, even amidst the trials of everyday life.

The St. Paul Hymnal ,1915

The Old Rugged Cross Ben Pugh,2016-10-10 A lot has been said about the atonement theology of the theologians, but what of ordinary believers and their church leaders? What, if anything, have they done with penal substitution or with Christus Victor? How, if at all, have these doctrinal approaches helped ordinary Christians to live more devoted lives or lead good church services? Ben Pugh takes the temperature of the church at various points in its history right up to the present day, noting particular emphases that can be detected in various expressions of personal and corporate faith--whether these be hymns, sermons, magazines, or devotional texts. The book aims not only to describe what the implied atonement theologies of the church have in reality been but also to explore why these have taken the forms that they have. This exploration will shed some fresh light on current debates, building on the findings of the author's earlier work, *Atonement Theories: A Way through the Maze*.

Grace Church Hymnal Episcopal Church,1909
