Historia breve de Navarra Jesús María Usunáriz Garayoa,2006 En 1746 el padre Isla escribía con ironía: “Han salido a la luz pública tantas historias del Reino de Navarra como se han escrito historias de todas las naciones del mundo”. Esta exagerada afirmación no hacía sino demostrar, en gran parte, el interés e incluso la pasión con la que los navarros se han acercado al conocimiento de su pasado. Este libro no pretende ser sino una síntesis breve del largo devenir de Navarra, desde los primeros asentamientos en el territorio hasta la transición democrática de finales del siglo xx. En sus páginas, que recogen tanto las aportaciones clásicas como las últimas investigaciones, se pretende hacer un recorrido de los principales acontecimientos políticos que han sacudido su vida, y un análisis de la evolución de sus instituciones, de la interpretación que los navarros han hecho y hacen de su propia historia, así como de los cambios sociales, culturales, y económicos que han marcado su existencia y su personalidad.
