Find Her Lisa Gardner, 2016-10-18 Lisa Gardner's runaway New York Times bestseller—a fast-paced thrill ride featuring Detective D. D. Warren. Seven years ago, carefree college student Flora Dane was kidnapped while on spring break. For 472 days, Flora learned just how much one person can endure. Miraculously alive after her ordeal, Flora has spent the past five years reacquainting herself with the rhythms of normal life, working with her FBI victim advocate, Samuel Keynes. She has a mother who's never stopped loving her, a brother who is scared of the person she's become, and a bedroom wall covered with photos of other girls who've never made it home. When Boston detective D. D. Warren is called to the scene of a crime—a dead man and the bound, naked woman who killed him—she learns that Flora has tangled with three other suspects since her return to society. Is Flora a victim or a vigilante? And with her firsthand knowledge of criminal behavior, could she hold the key to rescuing a missing college student whose abduction has rocked Boston? When Flora herself disappears, D.D. realizes a far more sinister predator is out there. One who's determined that this time, Flora Dane will never escape. And now it is all up to D. D. Warren to find her.

American Noir Barry Forshaw, 2017-04-27 The word Noir is used here in its loosest sense: every major living American writer is considered (including the giants Harlan Coben, Patricia Cornwell, James Lee Burke, James Ellroy and Sara Paretsky, as well as non-crime writers such as Stephen King who stray into the genre), often through a concentration on one or two key books. Many exciting new talents are highlighted, and Barry Forshaw's knowledge of—and personal acquaintance with—many of the writers grants valuable insights into this massively popular field. But the crime genre is as much about films and TV as it is about books, and this book is a celebration of the former as well as the latter. American television crime drama in particular is enjoying a new golden age, and all of the important current series are covered here, as well as key important recent films.
