Riding the Bus with My Sister Rachel Simon, 2013-03-05 A “heartwarming, life-affirming” memoir of a relationship with an intellectually disabled sibling: “Read this book. It might just change your life” (Boston Herald). Beth is a spirited woman with an intellectual disability who lives intensely and often joyfully, and spends most of her days riding the buses in Pennsylvania. The drivers, a lively group, are her mentors; her fellow passengers, her community—though some display less patience or kindness than others. Her sister, Rachel, a teacher and writer, camouflages her emotional isolation by leading a hyperbusy life. But one day, Beth asks Rachel to accompany her on public transportation for an entire year—and Rachel accepts. This wise, funny, deeply affecting book is the chronicle of that remarkable time, as Rachel learns how to live in the moment, how to pay attention to what really matters, how to change, how to love—and how to slow down and enjoy the ride. Weaving in anecdotes and memories of terrifying maternal abandonment, fierce sisterly loyalty, and astonishing forgiveness, Rachel Simon brings to light a world that is almost invisible to many people, finds unlikely heroes in everyday life, and, without sentimentality, wrestles with her own limitations and portrays Beth as the endearing, feisty, independent person she is. “With tenderness and fury, heartbreak and acceptance . . . Simon comes to the inescapable conclusion that we are all riders on the bus, and on the bus we are all the same.” —Jacquelyn Mitchard, author of *The Deep End of the Ocean*

Life Stories Maureen O'Connor, 2011-08-23 Memoirs, autobiographies, and diaries represent the most personal and most intimate of genres, as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. The popularity of this body of literature has grown in recent years, and it has also diversified in terms of the types of stories being told—and persons telling them. In the past, readers' advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy. This guide offers an alternative, organizing the literature according to popular genres, subgenres, and themes that reflect common reading interests. Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads, *Life Stories: A Guide to Reading Interests in Memoirs, Autobiographies, and Diaries* presents a unique overview of the genre that specifically addresses the needs of readers' advisors and others who work with readers in finding books.

Women Directors and Their Films Mary G. Hurd, 2006-11-30 Although women may have found greater film success in the areas of screenwriting, editing, design, and producing, there have been many women whose contributions as directors have been quite significant. In this guide to their careers and films, author Mary Hurd profiles the most noteworthy—from Barbara Kopple and her classic work in the documentary form, to Nora Ephron's insightful retellings of Hollywood's classic stories, to Sophia Coppola's current success in Hollywood. *Women Directors and Their Films* fills an important gap in the literature on the subject, offering a combination of biographical material and film analysis that effectively summarizes and encapsulates the life's work of these very different, very talented women. The selection includes women of the studio age (Ida Lupino, Dorothy Arzner), contemporary mainstream directors (Amy Heckerling, Nora Ephron), independents (Mary Harron, Nancy Savoca), documentarians (Barbara Kopple), experimental filmmakers (Maya Deren), and an assortment of acclaimed international filmmakers (Jane Campion, Agnes Varda). Profiles of the directors contain both biographical and critical segments. The first, biographical section provides a basic outline of the subject's life and career; the second offers a discussion of the director's films, featuring comments on the narrative, themes, visual techniques and style, and possible critical approaches to the work. Each chapter also includes a complete filmography and brief bibliography.

Movies Made for Television Alvin H. Marill, 2010-10-11 In 2005, Scarecrow published *Movies Made for Television, 1964-2004*, a five-volume reference set commemorating 40 years of every made for TV film since *See How They Run* debuted in 1964. These books provided a comprehensive listing of every television film and mini-series, detailing each film's original network, airdate, and length of broadcast. In this latest volume, Marill adds another five years of television films, providing information for an additional 400 works produced between 2005 and 2009. Along with a brief summary, entries also include extensive production credits (director, writer, producer, composer, director of photography, and editor) and a complete cast and character listing. With a chronology of the films, an appendix of movies adapted from other sources, and separate indexes for actors and directors, *Movies Made for Television, 2005-2009* is a welcome addition to a resource highly regarded by scholars and historians of television and popular culture.

Living Intentionally Viterose Van Huis, 2023-08-29 From an early age, we are influenced by many different voices that constantly suggest how to be more beautiful, healthy, and wealthy, making it challenging for us to set clear intentions for

ourselves. Living intentionally means living a life of knowing who we are. We don't have a life; we are life. All we need to do is trust our intentions and the enabling force that powers our intentions. In an inspiring guide, Elaine Van Huis shares insight into a multitude of life experiences both in Barbados and the United States as she learned the value of setting intentions and maintaining a positive mindset to achieve her goals—even during challenging times. As she reveals how she transformed into a wife, mother, and more, Elaine leads others through her lessons learned on her evolutionary journey as she attempted to stay present, visualize the best possible outcome to every situation, intentionally grow old, and move away from misguided and negative intentions. Living Intentionally shares the personal experiences of a lifelong learner who has navigated the twists and turns of life with purpose, grace, and peace to help others do the same. "This easily digested read is so important since it makes clear how this power we have in our own minds answers our collective human failure to reduce conflict and achieve more harmony in our world today." —Richard Harrison

Don't Judge Me! Luis Neftaly Flores, 2023-10-20 Dan Rather of CBS News calls it The Killing Fields of America, but little do they know about the dreams those kids had. Somehow I escaped the destruction these kids were about to get into, so I could tell my side of the story that ruined so many lives forever. I myself was blinded by the powers of darkness. We had a code and believed in death before dishonor. As I matured, I realized how there is no honor six feet under and how you're forgotten after a few decades behind bars, all because we lived by a code that was a lie. We tend to blame the man with the power to lock us up and throw away the key, but we forget who made a choice to follow that code that gave that man the power. As we sit in our cells wondering, Why me? Why me? I remember there is no honor in a lie. There is a way which seems right unto men, but at the end, it brings forth destruction. (Proverbs 16:25) There is an evil, which I have seen under the sun, and I lie heavily upon men. (Ecclesiastes 6:1) Nothing is truly learned until it is truly lived. (Deepak Chopra)

Letters to Sam Dr. Dan Gottlieb, 2009-10-13 When his grandson was born, Daniel Gottlieb began to write a series of heartfelt letters that he hoped Sam would read later in life. He planned to cover all the important topics—dealing with your parents, handling bullies, falling in love, coping with death—and what motivated him was the fear that he might not live long enough to see Sam reach adulthood. You see, Daniel Gottlieb is a quadriplegic—the result of a near-fatal automobile accident that occurred two decades ago—and he knows enough not to take anything for granted. Then, when Sam was only 14 months old, he was diagnosed with Pervasive Developmental Disability, a form of autism, and suddenly everything changed. Now the grandfather and grandson were bound by something more: a disability—and Daniel Gottlieb's special understanding of what that means became invaluable. This lovingly written, emotionally gripping book offers unique—and universal—insights into

what it means to be human.

Outstanding Books for the College Bound Angela Carstensen (Ed), Young Adult Library Services Association, 2011-05-27 Connecting teens to books they'll truly enjoy is the aim of every young adult librarian, and the completely revamped guide *Outstanding Books for the College Bound* will give teen services staff the leg up they need to make it happen. Listing nearly 200 books deemed outstanding for the college bound by the Young Adult Library Services Association (YALSA), this indispensable resource Examines how the previous lists in the series were developed, and explains the book's new layout Features engaging, helpful book descriptions useful for readers' advisory Offers programming tips and other ideas for ways the lists can be used at schools and public libraries Includes indexes searchable by topic, year, title, and author More than simply a vital collection development tool, this book can help librarians help young adults grow into the kind of independent readers and thinkers who will flourish at college.

Reproductive Disruptions Marcia C. Inhorn, Marcia Claire Inhorn, 2007 Based on research by leading medical anthropologists from around the world, this book examines such issues as local practices detrimental to safe pregnancy and birth; conflicting reproductive goals between women and men; and miscommunications between pregnant women and their genetic counselors.

The Art of Straightening Nails Randy Judd, 2017-12-31 *The Art of Straightening Nails* is a story of hope, conquering self, and regaining lost love. This novel should appeal to anyone who has struggled to reclaim their lives from pains of the past. I was drawn into the story of protagonist, Robert Rhodes, from page one. It is the story of the strength and courage of a growing boy who sees for himself a better future despite a poverty-stricken, neglectful past. The reader cannot help but love the main character and weep for his life's story. Author, Randy Judd, does a masterful job with his character development. This is an amazing story of hope and the unbelievable triumph of the human spirit-Amazon Review Set in the South during the 60's and 70's, the saga follows Robert Rhodes as he reminisces about his life. His childhood had not been a pleasant, innocent experience. Aside from the poverty and endless disappointment his family endured, the boy had also known personal challenges of neglect and abuse. Even as an adult, Robert continues to be fettered by his past. After realizing the source of his lifelong pain, he confronts his past in a dramatic climax to the story. Not until Robert deals with his past, is he able to be emancipated from it. His new freedom allows him to find the love and success he had always sought. *The Art of Straightening Nails* leaves the reader with hope and empowerment in conquering their own barriers to happiness.

Encyclopedia of Disability Gary L Albrecht, 2005-10-07 To read some sample entries, or to view the Readers Guide click on Additional Materials in the left column under About This Book. The wide range of coverage distinguishes this particular set, which was designed to bring current knowledge and experience with disability across a wide variety of places,

conditions, and cultures to both the general reader and the specialist. Editor Albrecht (University of Illinois at Chicago) and over 500 authors from around the world contributed the more than 800 entries. . . drawing in readers from a wide range of studies and interests and helping them to see disability in an entirely new way. Highly recommended for academic and large public libraries. -- BOOKLIST (star review) Obesity. Heart disease. Vision problems. Asthma. AIDS. Depression. Those maimed by land mines, machetes, bullets, bombs and beatings. These are just a few examples of how disability is becoming an increasingly common experience in our daily lives. Regardless of who we are or where we live, disability is with us. SAGE Reference is proud to announce the five-volume Encyclopedia of Disability. This Encyclopedia represents the first attempt to bring an authoritative reference resource to the many faces of disability. It provides a fascinating entry into the world of disability where minds are expanded, prejudices shattered, and spirits raised. The Encyclopedia answers the question: What is disability and why is it important in my life? An international editorial board of seventy-four editors from the Americas, Europe, Australia, India, Japan, and China, all experts in their own sub-fields of disability, developed these volumes. The result is a multidisciplinary, cross-cultural, and historically grounded resource tool that guides the reader across fields, theories, debates, and practices. Key Features Embraces five volumes that improve the reader's understanding and appreciation of the world of disability: Volumes 1 - 4 cover disability A, including a Reader's Guide, comprehensive bibliography, and index, and Volume 5 contains a wealth of primary source documents in the field of disability Includes contributions from more than 500 world-renowned scholars who have written over 1,000 entries—in a clear, accessible style—with the desire to bring all students, researchers, and interested readers closer to the daily experience of disability Provides print and Web site references to government documents and data that are rich resources to investigate how disability is measured and treated on an international level Includes a chronology to place the concept of disability in a historical context The Encyclopedia of Disability is a must-have reference for all academic libraries, large public libraries, and any social science, medical, legal, or governmental reference collections. Non-governmental organizations, charitable foundations, and law firms will also want to add this set to their collection. Twisted Dwayne Williams,2024-11-21 This narrative was made from the east side of Cleveland murders and my lifestyle, of coming up without a father. The streets became my family, leading me into a life of crime. I also murdered people and sold drugs. It also talks about crackheads and how the neighborhoods are closing down. Additionally, it explains how I took the money from drugs and the hits for murder and started a good life. This book that I created and wrote is based on my past. About 80 percent of it is true, and the other 20 percent consists of stories from my friends who also did dirt with me and are no longer with us. I changed the names to protect their identities. We lived all over the city of Cleveland: Woodland, the Projects, Beaver, Sixty-First St. Clair, East Cleveland, Ansel Road, Sixty-First and Superior, W. Twenty-Fifth, Riverside projects, and the prisons that we shared together: Lancaster, Mansfield, Belmont, Marion, Madison Camp. We started off as Baby BCOs and became GDs.
