**The Life & Character of the Seal of Prophets - Volume III** Hazrat Mirza Bashir Ahmad, 2017-07-01 This magnificent work not only highlights the various aspects of the life and character of the Holy Prophet (sa) founded on the Holy Qur'ān, Sunnat [Practice of the Holy Prophet(sa)] and the Aḥādīth [Sayings of the Holy Prophet(sa)] with references particularly from the six authentic books of Aḥādīth and history; rather, it presents the prominent events and episodes in the history of Islām with solid historical testimonies. Some prejudiced orientalist and historians have misrepresented various incidents from the history of Islām in an attempt to tarnish the character of the Holy Prophet(sa). Ḥazrat Mirzā Bashīr Aḥmad (ra) has refuted those allegations with convincing argumentation in this book. Moreover, in addition to a formidable rebuttal of the objections of orientalist, the current volume covers a detailed review of scholarly discussions such as equality in Islām, the acceptance of prayer, the treaty of Ḥudaibiyyah and the Holy Prophet's letters to the leaders of various kingdoms and empires.

Muhammad: Seal of the Prophets Sir Muhammad Zafrulla Khan, 2024-01-22 'Philosopher, orator, apostle, legislator, warrior, conqueror of ideas, restorer of rational dogmas, the founder of twenty terrestrial empires and of one spiritual empire, that is Muhammad. As regards all standards by which human greatness is measured, we may ask, is there any man greater than he?' - Lamartine, History of Turkey It is only lately that Western scholars have embarked on serious objective study of the life of the Prophet of Islam. In studying his life, certain factors must be kept in mind: Was the world in need of a universal divine personal message? Was the life of Muhammad, before he laid claim to prophethood, of such perfect purity as would indicate that he had been chosen? Was the message that he brought illustrated in his life and conduct? The purpose of this study is to institute an appraisal of the life of Muhammad which should be fully descriptive of its diverse facets and should enable the reader to carry out his own assessment of the man as an exemplary human being and as a divine prophet.

**The Qur'ān in Context** Angelika Neuwirth, Nicolai Sinai, Michael Marx, 2010 By addressing various aspects of the Qur'ān's linguistic and historical context and offering close readings of selected passages in the light of Jewish, Christian, and ancient Arabic literature, the volume seeks to stimulate a new interaction between literary and historical scholarship.

Muhammad Zeinab Shalaby, 2023-07-23 Muhammad: The Seal of the Prophets is the story of Prophet Muhammad (pbuh) written especially for children. It follows Muhammad (pbuh) on his journey as the last prophet of Allah (SWT) from Mecca to

Medina and back to Mecca. With its beautiful illustrations and easy-to-read style, it is a great introduction for young Muslims to this wonderful story.

The Prophet's Whistle George Archer,2024-05-27 The Quran is certainly one of the most important texts in human history. But it wasn't originally a text at all. When the Quran appeared in the seventh century, it was a vocal recital performed by an unlettered man named Muhammad. It remains an oral performance for Muslims all over the world to this day. The Prophet's Whistle is a study of the ancient, nonliterary features of the Quran, many of which are often overlooked by historians and the public. George Archer corrects this striking absence by using observations from the anthropologies of living oral cultures, the cognitive sciences of literacy, and the study of other dead oral cultures. The Prophet's Whistle shows that the thought systems of the Quran are oral, through and through, but by the end of the life of its Prophet, the Quran likewise hints at a personal and cultural embrace of writing and the mindsets of literate people.

The Word of Islam John Alden Williams,2010-07-22 Since the 1970s, Islam has been undergoing a tremendous resurgence throughout the world. This resurgence has often been labeled Islamic fundamentalism by the media, but it includes believers of every persuasion, from the most conservative to the most liberal. Given this fact, it is vital for the West to understand the terms in which Islam thinks and to communicate effectively with Muslims. This anthology includes writings central to Islamic thought, some translated earlier but here redone, and others which have never before appeared in any Western language. The selections include an interpretation of the Qur'an, as well as portions of the Hadith, or sayings and

actions of the Prophet; Islamic law; mysticism (Sufism); theology; and sectarian writings. A final essay on Islam today places these writings in their contemporary context and shows the breadth and variety of Islamic belief and practice. Compiled with the intention of letting Islam describe itself in its own words, the book is an important source for all students of Muslim culture and world religions. This book is similar in scope to Williams' well-known 1961 George Braziller publication, but freshly written and much improved.

**Exploring the Kitáb-i-Aqdas** Omid Ghaemmaghami, Shahin Vafai, 2025-01-23 The Kitáb-i-Aqdas is considered the most important and sacred text of the Bahá'í Faith, a religion with some eight million adherents, found in nearly every country of the world. It sets out the laws, teachings, and institutions that shape and influence individual and collective life for members of the Bahá'í community. Despite the Kitáb-i-Aqdas's significance, it has not been extensively researched. Exploring the Kitáb-i-Aqdas: The Laws and Teachings of the Bahá'í Faith now offers a comprehensive academic study of the text. This important new publication explores and analyzes the significance and history of the Kitáb-i-Aqdas; its language, style, and translation; and its theological and spiritual foundations, including its conceptions of God, religion, and human beings. The book, moreover, examines the Kitáb-i-Aqdas's provisions for succession, interpretation, and administration within the Bahá'í religion; its devotional and other personal laws; its ordinances for promoting unity; its perspectives on justice and law; and its addresses to the world's political and religious leaders. Academically rigorous yet eminently clear and accessible, Exploring the Kitáb-i-Aqdas is an essential read for students of religion and Middle East studies.

**The Prophet Muhammad** Stephen Burge, 2020-11-12 I.B. Tauris in association with the Institute of Ismaili Studies Prophets serve as intermediaries between the human and divine worlds, granting them a special status in history across diverse religions and cultures. For Muslims, the Prophet Muhammad (570-632 CE) represents the culmination of the line of monotheistic prophets, including Abraham, Moses and Jesus. In his own lifetime, Muhammad overcame opposition and brought reforms, firmly establishing a thriving community of believers which would become a major world civilisation. Today, the Prophet's life and actions continue to inspire the Muslims worldwide. The Prophet Muhammad presents an illuminating portrait of Muhammad in his capacity as God's messenger and an exemplary figure to Muslims. Revealing the challenges and triumphs of prophecy, Stephen Burge examines how prophets have inspired faith communities' relationship with the Divine, and one another. In doing so, this engaging account elucidates the enduring influence of prophecy and the profound legacy of the Prophet Muhammad.

The Unlimited Mercifier Stephen Hirtenstein, 1999 Muhyiddin Ibn 'Arabi (AD 1165-1240) is unquestionably one of the most profound figures in the history of world spirituality, a visionary of superlative wisdom and compassion. Known as the

'Greatest Master' (al-Shaykh al-Akbar), he led an extraordinary inner and outer life. He travelled huge distances, from his native Spain to Syria and Turkey, writing over 350 books on the mystical path. His whole life was dedicated to exposing, at the deepest level, the primordial Unity underlying all human and natural existence, and the true degree of human dignity. The book presents a unique portrait of Ibn 'Arabi from the inside, using his own writing to tell the story of his life and teachings. The biographical chapters, supplemented with photographs and maps, give a vivid picture of his life and times during the height of medieval culture. These are interwoven with a series of chapters that portray the central elements of his thought, and highlight their relevance in today's world. This unusual approach gives a direct flavour of Ibn 'Arabi's genius, whose life and thought are inextricably linked. Above all, his deep insights into what it means to be truly human are applicable to people of all times and places. This highly readable and lucid book will appeal to anyone interested in the heart of Sufism or the mystical path and has a unique arrangement of biographical chapters alternating with chapters on major themes in his work.
