The Elaine Massacre and Arkansas Guy Lancaster,2018-06-01 Although it occurred nearly a century ago, the Elaine Massacre of 1919 remains the subject of intense inquiry as historians try to answer a multitude of questions, such as why authorities in the Arkansas Delta used such overwhelming violence to put down a farmers' union, exactly how many people were killed in the massacre, and how the event shaped the following century. We cannot fully understand what happened at Elaine without examining the one hundred years leading up to the massacre. An analysis of the years from 1819, when Arkansas officially became an American territory, to 1919 provides the historical foundation for understanding one of the bloodiest manifestations of racial violence in U.S. history. During the antebellum years, slaveholders grew paranoid about possible "insurrections," and after the Civil War and Emancipation, these fears lingered and led to numerous atrocities long before Elaine. At the same time, African Americans—particularly fieldworkers—worked to organize themselves to resist oppression, setting the stage for the farmers' union that was the target for mob and military wrath during the Elaine Massacre. These essays provide the larger history necessary for understanding what happened at Elaine in 1919—and thus provide a window into the current state of Arkansas and the nation at large. Contributors include Richard Buckelew, Nancy Snell Griffith, Matthew Hild, Adrienne Jones, Kelly Houston Jones, Cherisse Jones-Branch, Brian K. Mitchell, William H. Pruden III, and Steven Teske.

Uncomfortable Conversations with a Jew Emmanuel Acho,Noa Tishby,2024-04-30 NEW YORK TIMES BESTSELLER From two New York Times bestselling authors, a timely, disarmingly honest, and thought-provoking investigation into antisemitism that connects the dots between the tropes and hatred of the past to our current complicated moment. For

Emmanuel Acho and Noa Tishby no question about Jews is off-limits. They go there. They cover Jews and money. Jews and power. Jews and privilege. Jews and white privilege. The Black and Jewish struggle. Emmanuel asks, Did Jews kill Jesus? To which Noa responds, “Why are Jewish people history’s favorite scapegoat?” They unpack Judaism itself: Is it a religion, culture, a peoplehood, or a race? And: Are you antisemitic if you’re anti-Zionist? The questions—and answers—might make you squirm, but together, they explain the tropes, stereotypes, and catalysts of antisemitism in America today. The topics are complicated and Acho and Tishby bring vastly different perspectives. Tishby is an outspoken Israeli American. Acho is a mild-mannered son of a Nigerian American pastor. But they share a superpower: an uncanny ability to make complicated ideas easy to understand so anyone can follow the straight line from the past to our immediate moment—and then see around corners. Acho and Tishby are united by the core belief that hatred toward one group is never isolated: if you see the smoke of bigotry in one place, expect that we will all be in the fire. Informative and accessible, *Uncomfortable Conversations with a Jew* has a unique structure: Acho asks questions and Tishby answers them with deeply personal, historical, and political responses. This book will enable anyone to explain—and identify—what Jewish hatred looks like. It is a much-needed lexicon for this fraught moment in Jewish history. As Acho says, “Proximity breeds care and distance breeds fear.”

Africa Bears Witness Harvey Kwiyan, 2024-02-29 This remarkable collection of essays explores the role of African Christianity in God's mission around the world. Featuring the contributions of African scholars and mission practitioners from throughout sub-Saharan Africa and the diaspora – including both men and women, veteran scholars, and fresh new voices – this volume provides a diverse perspective on missiology as understood and practised by African Christians. Engaging such wide-ranging topics as gender violence, globalization, Westernization, peacebuilding, development, Pentecostalism, urban missiology, theological education, and African Christianity in Europe, this volume ambitiously bridges the gap between academic and practitioner perspectives, engaging both theological discourse and the hands-on reality of how God's mission is taking shape in Africa and beyond. This book offers an empowering look at the work God is accomplishing in and through the African church.

Summary of Douglas Murray's On Democracies and Death Cults Milkyway Media, 2025-05-05 Buy now to get the main key ideas from Douglas Murray's *On Democracies and Death Cults* Journalist Douglas Murray's *On Democracies and Death Cults* (2025) recounts the devastating Hamas incursion into Israel in October 2023, exploring the brutality of the attacks, the global response, and the broader implications for democracy. Drawing from firsthand reporting from Israel and Gaza, Murray defends Israel's commitment to democratic values, contrasting them with Hamas's extremism. He criticizes common media narratives that cast the conflict as a struggle between oppressor and oppressed, arguing instead that it is a fight between a democratic state and a death cult. Murray warns that misguided sympathy for extremists risks empowering those who threaten Western civilization as a whole.

Tours Inside the Snow Globe Tonya K. Davidson, 2024-05-16 The toppling of monuments globally in the last few years has highlighted the potency of monuments as dynamic and affectively loaded participants in society. In the context of Ottawa, Canada's capital city, monuments inspire colonial and imperial nostalgia, compelling visitors to consistently re-imagine

Canada as a white, Anglophone nation, built through the labour of white men: politicians, soldiers, and businessmen. At the same time, Ottawa monuments allow for dominant affective relationships to the nation to be challenged, demonstrated through subtle and explicit forms of defacement and other interactions that compel us to remember colonial violence, pacifism, violence against women, and racisms. Organized as a series of walking tours throughout Ottawa, the chapters in *Tours Inside the Snow Globe* demonstrate the affective capacities of monuments and highlight how these monuments have ongoing relationships with their sites, the city, other monuments, and local, deliberate, national, and casual communities of users. The tours focus on the lives of a monument to an unnamed Indigenous scout, the National War Memorial, Enclave: the Ottawa Women's Monument, and the Canadian Tribute to Human Rights. Two of the tours offer analyses of the ambivalent representations of women and Indigeneity in Ottawa's statue landscape.

Ezra Pound in the Present Paul Stasi, Josephine Park, 2018-04-19 Was Ezra Pound the first theorist of world literature? Or did he inaugurate a form of comparative literature that could save the discipline from its untimely demise? Would he have welcomed the 2008 financial crisis? What might he say about America's economic dependence on China? Would he have been appalled at the rise of the "digital humanities," or found it amenable to his own quasi-social scientific views about the role of literature in society? What, if anything, would he find to value in today's economic and aesthetic discourses? *Ezra Pound in the Present* collects new essays by prominent scholars of modernist poetics to engage the relevance of Pound's work for our times, testing whether his literature was, as he hoped it would be, "news that stays news."

Cross-Cultural Encounters Gloria Shuhui Tseng, 2021-09-21 Doctors, nurses, teachers, and evangelists, the men and women of the Amoy Mission sowed the seeds of vibrant Christian community in China's Fujian Province. This book tells the stories of those remarkable missionaries whose legacy endures to this day.

Developing Mission Joseph W. Ho, 2022-01-15 In *Developing Mission*, Joseph W. Ho offers a transnational cultural history of US and Chinese communities framed by missionary lenses through time and space—tracing the lives and afterlives of images, cameras, and visual imaginations from before the Second Sino-Japanese War through the first years of the People's Republic of China. When American Protestant and Catholic missionaries entered interwar China, they did so with cameras in hand. Missions principally aimed at the conversion of souls and the modernization of East Asia, became, by virtue of the still and moving images recorded, quasi-anthropological ventures that shaped popular understandings of and formal foreign policy toward China. Portable photographic technologies changed the very nature of missionary experience, while images that missionaries circulated between China and the United States affected cross-cultural encounters in times of peace and war. Ho illuminates the centrality of visual practices in the American missionary enterprise in modern China, even as intersecting modernities and changing Sino-US relations radically transformed lives behind and in front of those lenses. In doing so, *Developing Mission* reconstructs the almost-lost histories of transnational image makers, subjects, and viewers across twentieth-century China and the United States.

Nazis, Islamic Antisemitism and the Middle East Matthias Küntzel, 2023-08-01 *Nazis, Islamic Antisemitism and the Middle East* demonstrates the impact on the Arab world of Nazi ideology and propaganda in the 1930s and beyond. In 1937, with the brochure "Islam and Judaism," a new form of Jew-hatred came into the world: Islamic antisemitism. The Nazis did everything they could to anchor this new message of hate through their Arabic-language radio propaganda. The book sheds light on this hitherto unknown chapter of Germany's past. It presents new archive findings that show how the image of Jews in Islam changed between 1937 and 1948 under the influence of this propaganda and other Nazi activities. This fresh look at Middle East history allows for a more precise assessment of the present: What exactly is "Islamic antisemitism"? How is it currently manifesting itself in Germany and France? What makes it particularly dangerous? Only when we understand how strongly modern Middle East history is shaped by the aftermath of National Socialism will we be able to correctly interpret the hatred of Jews in this region and its echo among Muslims in Europe and develop adequate countermeasures. This volume will be of interest to those researching antisemitism, Nazi foreign policy and the political history of the Middle East. This book is nominated for the 2023 book prize for the best book on contemporary antisemitism, awarded annually by the London Center for the Study of Contemporary Antisemitism.

The Case for Dual Loyalty Nolan Lebovitz, 2025-01-22 “Written with passion and grace, *The Case for Dual Loyalty* deserves a space on the short shelf of indispensable books on contemporary American Jewry.” –Yossi Klein Halevi, Senior Fellow, Shalom Hartman Institute, Jerusalem “With both eloquence and erudition, Rabbi Nolan Lebovitz makes a powerful case for American Jews to care for—indeed to love—both America and Israel.” –Rabbi David Wolpe, Max Webb Emeritus Rabbi of Sinai Temple, Author of *Why Faith Matters* and *David: The Divided Heart* In *The Case for Dual Loyalty*, author Nolan Lebovitz challenges one of the oldest taboos in American Jewish life through the concept of “dual loyalty.” It is not only about supporting Israel—as many synagogues already proudly wave the flag of the Jewish state—but also expressing loyalty to our Jewish peoplehood as a foundational principle of our identity, no less than our loyalty to America. Denying dual loyalty serves the Jewish community no more. Following the events of October 7 and its aftermath, Lebovitz reveals how proudly declaring Jewish loyalty forges a new path forward. This is a path imbued with pride of peoplehood and collective destiny, based on the lessons of our sacred texts, our history, and a shared vision of the future.

The Oxford Handbook of the Responsibility to Protect Alex Bellamy, Tim Dunne, 2016-06-23 The Responsibility to Protect (R2P) is intended to provide an effective framework for responding to crimes of genocide, ethnic cleansing, war crimes, and crimes against humanity. It is a response to the many conscious-shocking cases where atrocities - on the worst scale - have occurred even during the post 1945 period when the United Nations was built to save us all from the scourge of genocide. The R2P concept accords to sovereign states and international institutions a responsibility to assist peoples who are at risk - or experiencing - the worst atrocities. R2P maintains that collective action should be taken by members of the United Nations to prevent or halt such gross violations of basic human rights. This Handbook, containing contributions from leading theorists, and practitioners (including former foreign ministers and special advisors), examines the progress that has been made in the last 10 years; it also looks forward to likely developments in the next decade.
