*Self-Love for Kids* Keri K. Powers, 2022-06-14 Teach your kids to be confident, independent, and happy with over 150 easy, fun activities you can do with your children to encourage everything from body positivity to positive self-talk. It's more important than ever to make sure your child develops a strong sense of self-love, even at a young age. But how do you make sure you're building up their confidence while keeping them safe and exposing them to even greater challenges? Introduce some self-love into your daily routine with over 150 activities specifically designed to keep your child (and their friends) entertained, all while giving them a positive self-view. In *Self-Love for Kids*, you'll learn everything you need to know about how self-love, self-esteem, and a growth mindset develop in children and what you can do to support that development. From there, you'll find games for both a group setting and for some one-on-one time to encourage self-love, such as asking your child to share what they are most proud of and problem-solving activities that will boost their confidence. So, whether you're looking for new activities to entertain a few friends during playtime, searching for fun (but educational) games you can play with your child yourself, or even interested in ways to include virtual interactions, this book has all the tools you need to help your child build their self-love for a happy, healthy, confident life.

**Only Poets & Little Children: The Study of Love** Catherine McTamaney Ed.D., 2024-08-12 “If we study the child better than we have done before, we discover love in all its aspects. Love has not been realized by the poets and by the prophets, but by the realities which every child discloses in himself.” - Dr. Maria Montessori In this masterful continuation of her first two books, McTamaney offers mindful guidance for the many demands on parents and teachers in Montessori settings. An inspiring voice in teacher education, McTamaney revisits chapters from some of Dr. Montessori's most frequently read books, evoking new relevance for children of a new age. McTamaney's poetic style and profound understanding create a compassionate perspective on the difficulties of Montessori practice. Read the reflections as you revisit Dr. Montessori's original books or explore them on their own. Whether you seek a deeper understanding of Montessori philosophy or a space for your own contemplation, McTamaney offers that companionship.

*When Children Love to Learn* Elaine Cooper, 2004-04-07 They're hallmarks of childhood. The endless why questions. The desire to touch and taste everything. The curiosity and the observations. It can't be denied-children have an inherent desire

to know. Teachers and parents can either encourage this natural inquisitiveness or squelch it. There is joy in the classroom when children learn-not to take a test, not to get a grade, not to compete with each other, and not to please their parents or their teachers-but because they want to know about the world around them! Both Christian educators and parents will find proven help in creating a positive learning atmosphere through methods pioneered by Charlotte Mason that show how to develop a child's natural love of learning. The professional educators, administrators, and Mason supporters contributing to this volume give useful applications that work in a variety of educational settings, from Christian schools to homeschools. A practical follow-up to Crossway's *For the Children's Sake*, this book follows a tradition of giving serious thought to what education is, so that children will be learning for life and for everlasting life.

Fall in Love, Have Children, Stay Put, Save the Planet, Be Happy Frank Schaeffer, 2021-11-02 A post-coronavirus evolution-based how-to for putting living ahead of work. Bestselling author Frank Schaeffer offers a passionate political, social, and lifestyle “blueprint” for changes millions of us know are needed to rebalance our work lives with thriving relationships: *Fall in Love, Have Children, Stay Put, Save the Planet, Be Happy*. Even before everything was disrupted by COVID-19 (not to mention by Trump), millions of Americans were already questioning capitalism's “values.” We were already challenging the idea that your job defines you. We already knew something was wrong. Loneliness, frustration, and alienation were already on the rise. Even the most successful of us felt too busy, too preoccupied, and too distracted to enjoy what we intuitively know are life's greatest rewards: vibrant relationships, family life, connection to others, involvement in our

community, and the thrilling experience of love. *Fall in Love . . .* builds a well-researched and entertaining bridge to living happier lives and to a better future. It shows us that based on a better understanding of our evolutionary selves, we can thrive in family life and in our work life, too. But to do both joyfully—and at the same time—depends on rediscovering the priority of relationships, connections, community, and love.
