**Quotes: The Famous and Not so Famous** Terence M. Dorn Ph.D.,2021-11-24 The accumulation of the following quotes began when I served the Army chief of staff as a speechwriter and is a result of encouragement that my father provided to me every day of our lives together. This is a very small slice of the wisdom of the ages uttered by the more famous and not-so-famous people of their respective time periods. Much of that wisdom uttered decades and even hundreds of years ago are still as relevant today as they were when they were uttered. The times may change, but people don't.

**Famous Lines** Robert Andrews,1997 This scientific detective story is the first book which explains clearly the science used by paleontologists, and the new, cutting-edge techniques that led to the discovery of Seismosaurus, the longest dinosaur yet known--and possibly the largest land animal to have ever lived. Gillette's first-person account of the project answers the most frequently asked questions about Seismosaurus: How was it discovered? How do we know it is a new species? How did it die? Part catalogue of the workings of paleontological science in the 1990s, the book also illustrates the exciting collaboration between Gillette, the chemists and physicists who helped to reconstruct Seismosaurus.

If Ignorance Is Bliss, Why Aren't There More Happy People? John Lloyd, John Mitchinson, 2009-08-04 John Lloyd and John Mitchinson have proven themselves to be masters at digging up obscure facts, abstruse information, and amusing anecdotes and presenting them effortlessly, somewhat slyly, with either great wit or at least a little bit of tongue in cheek. Their gifts are on full display in *Quote Interesting*, a lively, wonderfully enjoyable anthology of hundreds of quotes you probably have never heard before, arranged thematically from A to Z. From laugh-out-loud-funny bon mots to some real headscratchers, Lloyd and Mitchinson have gathered a universe of star-studded blurbs like: “The Beatles are dying in the wrong order.” —Victor Lewis Smith “When you forget to eat, you know you’re alive.” —Henry James “I think people would be alive today if there were a death penalty.” —Nancy Reagan “You know ‘that look’ women get when they want sex? Me neither.” —Steve Martin

And I Quote Ashton Applewhite, Tripp Evans, Andrew Frothingham, 1992-01-15 Collection of quotes for the successful writer and speechmaker.

Memoirs of an Obscure Professor Paul F. Boller, 2013-05-31 During the heyday of McCarthyism, the *Chicago Tribune*, offended by something he had written, contemptuously dismissed Paul Boller as an obscure professor - he was then teaching at Southern Methodist University in Dallas, Texas. Some forty-five years later, reflecting on the incident, Boller wrote an essay on what it was like to be an obscure professor at one of America's less publicized campuses in a conservative community during the late 1950s and early 1960s. That essay became the foundation for this collection of autobiographical selections reflecting the interests and pursuits of a man who gained national recognition, both inside the academic community and beyond, but still values his obscurity. Whether it is a study of the much-maligned Calvin Coolidge or an account of his Navy service as a translator of Japanese during World War II, Boller brings to his writing a fresh approach and a lively and wry wit.

**Standing on the Edge of Your Tomorrow Take Charge and Win!** Robert Lee, 2010-05-01 The Buzzing Bee Once, we left the patio door open, a bee flew in. It hit the window repeatedly trying to get out. We could hear it buzzing from the top to the bottom of the window. It saw the beauty outside and worked very hard trying to get out, but we knew that its effort was futile! If it were a fly, we would have used the swatter and ended its misery. However, since it is a beneficial insect, we opened the door and chased it out. All of a sudden, four important lessons came to mind: 1. Hard work alone may not be able to solve our problem. 2. Often the solutions come from doing it another way-thinking outside the box. 3. Sometimes the Almighty sees us in our predicament and shows us a way out. 4. I believe that it is our mission in life also to show some struggling people the lessons we learned and the opportunities we saw and show them a way out. Two roads diverge in the

woods, and I took the one less traveled, and that has made all the difference.-Robert Frost, 1920 Give the world the best you have, and it may never be enough; Give the world the best you've got anyway.-Mother Teresa (1910-1997) Any fool can count the seeds in an apple, Only God can count the apples from one seed!-Dr. Robert H. Schuller

Dinner with the President Alex Prud'homme, 2024-02-20 A wonderfully entertaining, often surprising history of presidential taste, from the grim meals eaten by Washington and his starving troops at Valley Forge to Trump's fast-food burgers and Biden's ice cream—what they ate, why they ate it, and what it tells us about the state of the nation—from the coauthor of Julia Child's bestselling memoir *My Life in France* [A] beautifully written book about how the presidential palate has helped shape America. . . . Fascinating.—Stanley Tucci Some of the most significant moments in American history have occurred over meals, as U.S. presidents broke bread with friends or foes: Thomas Jefferson's nation-building receptions in the new capital, Washington, D.C.; Ulysses S. Grant's state dinner for the king of Hawaii; Teddy Roosevelt's groundbreaking supper with Booker T. Washington; Richard Nixon's practiced use of chopsticks to pry open China; Jimmy Carter's cakes and pies that fueled a détente between Israel and Egypt at Camp David. Here Alex Prud'homme invites readers into the White House kitchen to reveal the sometimes curious tastes of twenty-six of America's most influential presidents and the ways their choices affected food policy around the world. And the White House menu grew over time—from simple eggs and black coffee for Abraham Lincoln during the Civil War to jelly beans and enchiladas for Ronald Reagan and arugula for Barack Obama. What our leaders say about food touches on everything from our nation's shifting diet and local politics to global trade, war, class, gender, race, and so much more. Prud'homme also details overlooked figures, like George Washington's enslaved chef, Hercules Posey, whose meals burnished the president's reputation before the cook narrowly escaped to freedom, and pioneering First Ladies, such as Dolley Madison and Jackie Kennedy. As he weaves these stories together, Prud'homme shows that food is not just fuel when it is served to the most powerful people in the world. It is a tool of communication, a lever of power and persuasion, and a symbol of the nation. Included are ten authentic recipes for favorite presidential dishes, such as: \*Martha Washington's Preserved Cherries, \*Abraham Lincoln's Gingerbread Men, \*William H. Taft's Billy Bi Mussel Soup, \*Franklin D. Roosevelt's Reverse Martini, \*Lady Bird Johnson's Pedernales River Chili

*The Vietnam War Era* Bruce O. Solheim, 2006-09-30 There are many lessons to be learned from the Vietnam War, foremost among them being that war as an instrument of peace is not viable. Solheim provides a full picture of the war era at home and in Southeast Asia by combining historical narrative with biographical profiles and personal reflections. He allows the story to unfold in multiple layers, as seen through the eyes of those who were involved on all sides of the conflict: the

North Vietnamese, the South Vietnamese, the American generals and politicians, and the American war correspondents and antiwar protestors. With this book, Solheim explores, and hopes to answer, vital questions about the American war in Vietnam. What is the meaning and significance of the Vietnam War for Americans today? What lessons have Americans learned from our defeat and how should we apply that knowledge in implementing current foreign policy? Who or what is to be blamed for the loss in Vietnam? How can we heal our nation from the Vietnam War syndrome? How do we fit the Vietnam War era into our greater historical narrative?

*This Day in American History, 4th ed.* Ernie Gross, Roland H.
