Emma Hakansson

Dangerous Fictions Lyta Gold, 2024-10-29 Honorable Mention for the Pop Culture Association Awards In a political moment when social panics over literature are at their peak, *Dangerous Fictions* is a mind-expanding treatise on the nature of fictional stories as cultural battlegrounds for power. Fictional stories have long held an uncanny power over hearts and minds, especially those of young people. In *Dangerous Fictions*, Lyta Gold traces arguments both historical and contemporary that have labeled fiction as dark, immoral, frightening, or poisonous. Within each she asks: How “dangerous” is fiction, really? And what about it provokes waves of moral panic and even censorship? Gold argues that any panic about art is largely a disguised panic about power. There have been versions of these same fights over fiction for centuries. By exposing fiction as a social danger and a battleground of immediate public concern, we can see what each side really wants—the right to shape the future of a world deeply in flux and a distraction from more pressing material concerns about money, access, and the hard work of politics. From novels about people driven insane by reading novels to “copaganda” TV shows that influence how viewers regard the police, Gold uses her signature wit, research, and fearless commentary to point readers toward a more substantial question: Fiction may be dangerous to us, but aren’t we also dangerous to it?

A New Self in 90 Days Jimmie Dale Burroughs, 2023-05-04 You may be asking yourself right now, why should I take my time to read this book? I think the late Jim Rohn, one of the most outstanding personal development teachers who taught Tony Robbins, gave one of the most fantastic motives: “If you want to have more, you have to become more. Success is not something you pursue. What you pursue will elude you; it can be like trying to chase butterflies. Success is something you attract by the person you become. For things to improve, you have to improve. For things to get better, you have to get better. For things to change, you have to change. When you change, everything changes for you. Success is just a few simple disciplines practiced daily.” – Jim Rohn. This book aims to teach you the five most essential disciplines of life.

The Introvert's Guide to Success in the Workplace Dr. Mike Bechtle, 2023-10-10 Thriving at work doesn't require changing who you are - Do brainstorming meetings leave you drained and wishing you'd said more? - Have you been ignored while your extroverted coworkers get praised? - Do you feel like you have to pretend to be someone you're not in order to get ahead? As an introvert, you may feel like the things you're best at--deep thinking, keen observation, focused listening, and strategic planning--are not highly valued in your workplace. But just because your greatest strengths are internal doesn't

mean your workplace doesn't need them. In fact, your invisible skills are essential to any business's success! And the key to your personal success is not trying to be someone else but being 100% yourself. Backed by research, case studies, and personal observation, communication expert Dr. Mike Bechtle shows you how to capitalize on your unique strengths so that you can reach your full potential with confidence and authenticity. His simple, actionable advice can change your work life--starting today.

What Readers Do Beth Driscoll,2024-02-21 Shining a spotlight on everyday readers of the 21st century, Beth Driscoll explores how contemporary readers of Anglophone fiction interact with the book industry, digital environments, and each other. We live in an era when book clubs, bibliomemoirs, Bookstagram and BookTok are as valuable to some readers as solitary reading moments. The product of nearly two decades of qualitative research into readers and reading culture, *What Readers Do* examines reading through three dimensions - aesthetic conduct, moral conduct, and self-care - to show how readers intertwine private and social behaviors, and both reinforce and oppose the structures of capitalism. Analyzing reading as a post-digital practice that is a synthesis of both print and digital modes and on- and offline behaviors, Driscoll presents a methodology for studying readers that connects book history, literary studies, sociology, and actor-network theory. Arguing for the vitality, agency, and creativity of readers, this book sheds light on how we read now - and on how much more readers do than just read.

The Venture Alchemists Rob Lalka,2024-05-14 We once idolized tech entrepreneurs for creating innovations that seemed like modern miracles. Yet our faith has been shattered. We now blame them for spreading lies, breaking laws, and causing chaos. Yesterday's Silicon Valley darlings have become today's Big Tech villains. Which is it? Are they superheroes or scoundrels? Or is it more complicated, some blend of both? In *The Venture Alchemists*, Rob Lalka demystifies how tech entrepreneurs built empires that made trillions. Meta started as a cruel Halloween prank, Alphabet began as a master's thesis that warned against corporate deception, and Palantir came from a campus controversy over hateful speech. These largely forgotten origin stories show how ordinary fears and youthful ambitions shaped their ventures—making each tech tale relatable, both wonderfully and tragically human. Readers learn about the adversities tech entrepreneurs overcame, the troubling tradeoffs they made, and the tremendous power they now wield. Using leaked documents and previously unpublished archival material, Lalka takes readers inside Big Tech's worst exploitations and abuses, alongside many good intentions and moral compromises. But this story remains unfinished, and *The Venture Alchemists* ultimately offers hope from the people who, decades ago, warned about the risks of the emerging Internet. Their insights illuminate a path toward more responsible innovations, so that technologies aren't dangerous weapons but valuable tools that ensure progress, improve society, and enhance our daily lives.

Work-Life Bloom Dan Pontefract,2023-10-24 GOLD MEDAL WINNER - 2024 AXIOM BUSINESS BOOKS AWARD -

LEADERSHIP CATEGORY Work-life balance isn't making anyone happy. In fact, our relentless attempts to achieve this goal have created workplaces full of stress, discontent, and burnout. While this workplace disillusionment has been brewing for years, the pandemic helped catalyze a cultural shift of workers redefining themselves beyond what they do for a living. Now, it's time for you to rethink your role as a leader in the nexus of work and life. In *Work-Life Bloom: How to Nurture a Team That Flourishes*, award-winning author Dan Pontefract contends that a thriving workplace isn't about employee engagement levels, nor is it predicated on your team members bringing their best selves to work. Instead, it requires you to support the people you manage so they can be their best in work and life. Just as a flower needs the right mix of sunlight, water, and nutrients to grow, your people need the right mix of work-life factors to create a fulfilling and harmonious existence. Pontefract introduces a new leadership paradigm focused on twelve key work-life factors that determine whether your team members' gardens are able to grow. Drawing upon primary global research, interviews, and personal experiences, Pontefract delivers a timely blueprint for leaders to cultivate work-life ecosystems where individuals don't just survive—they bloom.

Manufactured Crisis James Simpson, 2024-09-24 Few could have imagined ten years ago where we'd be in America today: We are confronted on all sides by interminable crises that threaten the very fabric of our nation—from a border flooded with millions of migrants from all over the world, to a fentanyl crisis killing more American youths every year than the past three wars combined. Radical transgender activism and other cultural insanity has pushed more youths to commit suicide than at any other time in history. It seems as though the world is rapidly coming unglued. But it is actually a diabolical plan that has been operating for over a hundred years and is now showing its face. This book describes this plan in excruciating detail and shows us a path out—if we're willing to take it.

The Electric Vehicle Revolution Kenneth K. Boyer, 2024-08-06 A Fascinating Look at the 5 Leading Personalities Driving the Transition to Electric Vehicles and Reinventing the Auto Industry The leading car manufacturing firms have all essentially pledged to transition from traditional carbon dioxide-emitting vehicles to battery-powered electric vehicles. Tesla has led the way to date, recently producing its three millionth car since its first sale in 2009. General Motors has committed to carbon neutrality in its global products and operations by 2040. Honda has committed to carbon neutrality as well as zero traffic collision fatalities by 2050. These are ambitious and noble goals, yet they will take a supreme transformation to achieve. In *The Electric Vehicle Revolution*, Kenneth K. Boyer highlights the promise, perils, and personalities of the world's automobile makers as they re-engineer a post-carbon present and future. Driving the narrative is the key to it all: the green transformation of the global auto parts supply chain. This book includes never-before-reported stories of the leaders, designers, engineers, and inventors leading the charge to decarbonize the transportation sector from packaging to tires and more. Boyer examines the prospects and plans for this disruptive change, starting with stories of several automotive visionaries: Tesla CEO Elon Musk; Vietnam billionaire Pham Nh?t Vuong; Ceer CEO Jim DeLuca; Monolith Corp cofounder

Rob Hanson; and GM CEO Mary Barra. Each protagonist has a vision for transforming the world of transportation into a greener, more carbon-friendly industry while also earning profits in our predominantly capitalist world. Readers will learn how their breakthroughs and struggles illuminate the future while facing the question: Will an auto revolution lead the world to a more sustainable economic future, or will it be too late?

The War on Conservatives Mark Dice, 2023-11-07 Conservatives are under attack on numerous different fronts by a well-funded, highly organized Marxist movement. The war is being waged in the public schools and universities, in corporate America, the legal system, the media, and in the streets. American symbols and holidays, Christianity and churches, and even the nuclear family itself is under siege. LGBTQ extremists are preying on children, while White people are being systematically demonized by Critical Race Theory—which is just antiwhiteism in disguise. And millions of illegal aliens have been allowed to invade our country. Censorship on social media is being leveraged by cancel culture mobs to silence critics and those trying to fight back. Democrats are even inciting and endorsing violence against their opponents, using Antifa and Black Lives Matter foot soldiers, all while being cheered on by Hollywood celebrities. And there are even traitors in our midst. Cowardly conservatives and RINOs who have sold out our principles for profit and power. Media analyst Mark Dice takes you to the front lines in *The War on Conservatives*.

Sub-Human Emma Hakansson, 2024-04-02 When we accept oppression of some, we feed the oppression of others, and we make space for domination driven by false ideas of inferiority and lesser worth. When we discount the inherent preciousness of animals who think and feel, we erase precious parts of ourselves. When we consider living beings as “livestock,” it’s no wonder we pillage the unthinking yet irreplaceable living earth. *Sub-Human* is a robustly researched, sharply critical yet comfortingly human call to arms, diving deeply into the theory behind oppression, liberation, and the intersections within it. Exploring the history of animal consumption and commodification, this book deconstructs the current sociopolitical climate surrounding animal enterprises by looking at how we got here. Most importantly, it unravels how we can work towards a collectively liberated world.

Countdown to Socialism Anthea Jeffery, 2023-07-19 With growth stalling, joblessness at crisis levels, and governance unravelling, most South Africans cannot fathom why the ANC does not embark on meaningful reform. The answer lies in what is seldom raised: the ruling party's unwavering determination to take the country by incremental steps from capitalism to socialism. This transformation is being implemented via a Moscow-inspired 'national democratic revolution' (NDR) dating back many decades. Despite the Soviet Union's collapse in 1991, the ANC/SACP alliance still sees the NDR as offering the 'most direct route' to socialism in South Africa - and hence as its bedrock strategy. The NDR has been implemented in many different spheres since 1994. By way of example, NDR interventions have already made millions of people unemployable and the mining sector largely 'uninvestable'. They now aim at land expropriation without compensation (EWC) and the effective

nationalisation of private healthcare and pensions. The NDR is the key to understanding ANC rule over some 30 years – yet most South Africans have been kept in the dark on it. This book aims to fill that gap. Written in clear and simple language, it provides an indispensable primer on the NDR and its role in the countdown to socialism in South Africa.

God Knows Best: Apec Png 2018: My Way Lahui Ako, 2023-04-10 Lahui Ako, a former diplomat, and PNG APEC Senior Official, recounts the complex, difficult, and sometimes treacherous path he faced in the world of multilateral diplomacy, both by himself, and his country, when it committed to host and chair APEC in 2018. He tells of the political barriers, the diplomatic innuendos, the financial hurdles, and the organizational complexity he encountered, from the planning phases in 2012, right up to being in the cross-fire of the nationalistic Trump officials, and China's aggressive "wolf warrior" diplomats where hard choices had to be made in November, 2018. Ultimately, there won't be a consensus APEC 2018 Leaders' Declaration, but Lahui and his team will acquit themselves well; simply, because, their God knows best.

This is likewise one of the factors by obtaining the soft documents of this **Is Goodreads Down June 26 2023** by online. You might not require more grow old to spend to go to the books creation as with ease as search for them. In some cases, you likewise realize not discover the notice Is Goodreads Down June 26 2023 that you are looking for. It will utterly squander the time.

However below, bearing in mind you visit this web page, it will be fittingly totally easy to get as skillfully as download lead Is Goodreads Down June 26 2023

It will not take on many time as we accustom before. You can pull off it while play something else at home and even in your workplace. consequently easy! So, are you question? Is Goodreads Down June 26 2023 Introduction

In today's digital age, the availability of Is Goodreads Down June 26 2023 books and manuals for download has revolutionized the way we access information. Gone are the days of

physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Is Goodreads Down June 26 2023 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Is Goodreads Down June 26 2023 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Is Goodreads Down June 26 2023 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Is Goodreads Down June 26 2023 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject

imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Is Goodreads Down June 26 2023 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range

of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Is Goodreads Down June 26 2023 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and

historical documents. In conclusion, Is Goodreads Down June 26 2023 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Is Goodreads Down June 26 2023 books and manuals for download and embark on your journey of knowledge?

FAQs About Is Goodreads Down June 26 2023 Books

1. Where can I buy Is Goodreads Down June 26 2023 books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
