Ivan Sergeevich Turgenev

Fathers and Sons Ivan Sergeevich Turgenev, Constance Garnett, 1998 Against the background of the liberation of Russia's serfs during the 1860s, a generational conflict flares between older aristocrats and radical youths. Quarrels, romance, and misunderstandings ensue when an outspoken young nihilist accompanies a school friend home for an extended visit. One of the truly great 19th-century Russian novels, available in an inexpensive edition. A selection of the Common Core State Standards Initiative.

Father and Son Edmund Gosse, 2012-11-01 Edmund Gosse wrote of his account of his life, This book is the record of a struggle between two temperaments, two consciences and almost two epochs. Father and Son remains one of English literature's seminal autobiographies. In it, Edmund Gosse recounts, with humor and pathos, his childhood as a member of a Victorian Protestant sect and his struggles to forge his own identity despite the loving control of his father. His work is a key document of the crisis of faith and doubt and a penetrating exploration of the impact of evolutionary science. An astute, well-observed, and moving portrait of the tensions of family life, Father and Son remains a classic of twentieth-century literature.

Our Father's Sons Leon Hoskins, 2019-12-15

Fathers and Sons Alexander Waugh, 2008-12-10 If there is a literary gene, then the Waugh family most certainly has it—and it clearly seems to be passed down from father to son. The first of the literary Waughs was Arthur, who, when he won the Newdigate Prize for poetry at Oxford in 1888, broke with the family tradition of medicine. He went on to become a distinguished publisher and an immensely influential book columnist. He fathered two sons, Alec and Evelyn, both of whom were to become novelists of note (and whom Arthur, somewhat uneasily, would himself publish); both of whom were to rebel in their own ways against his bedrock Victorianism; and one of whom, Evelyn, was to write a series of immortal novels that will be prized as long as elegance and lethal wit are admired. Evelyn begat, among seven others, Auberon Waugh, who would carry on in the family tradition of literary skill and eccentricity, becoming one of England's most incorrigibly cantankerous and provocative newspaper columnists, loved and loathed in equal measure. And Auberon begat Alexander, yet another writer in the family, to whom it has fallen to tell this extraordinary tale of four generations of scribbling male Waughs. The result of his labors is *Fathers and Sons*, one of the most unusual works of biographical memoir ever written. In this

remarkable history of father-son relationships in his family, Alexander Waugh exposes the fraught dynamics of love and strife that has produced a succession of successful authors. Based on the recollections of his father and on a mine of hitherto unseen documents relating to his grandfather, Evelyn, the book skillfully traces the threads that have linked father to son across a century of war, conflict, turmoil and change. It is at once very, very funny, fearlessly candid and exceptionally moving—a supremely entertaining book that will speak to all fathers and sons, as well as the women who love them.

Male Adolescence in Mid-Victorian Fiction Alice Crossley,2018-07-06 Focusing on works by George Meredith, W. M. Thackeray, and Anthony Trollope, Alice Crossley examines the emergence of adolescence in the mid-Victorian period as a distinct form of experience. Adolescence, Crossley shows, appears as a discrete category of identity that draws on but is nonetheless distinguishable from other masculine types. Important more as a stage of psychological awareness and maturation than as a period of biological youth, Crossley argues that the plasticity of male adolescence provides Meredith, Thackeray, and Trollope with opportunities for self-reflection and social criticism while also working as a paradigm for narrative and imaginative inquiry about motivation, egotism, emotional and physical relationships, and the possibilities of self-creation. Adolescence emerges as a crucial stage of individual growth, adopted by these authors in order to reflect more fully on cultural and personal anxieties about manliness. The centrality of male youth in these authors' novels, Crossley demonstrates, repositions age-consciousness as an integral part of nineteenth-century debates about masculine heterogeneity.
