The Descendants Laksh Maheshwari, Ashish Kavi, 2024-02-04 When a fiery meteor lands on the Somvanshi estate, Jay and his mentor Kaka are the first to find it, and Jay is mesmerized by the element he finds in the orb. Using his family-owned Vantra Labs, of which he is the CEO, Jay carries out extensive research into the material, along with his team of brilliant scientists. He names the material, the black element. Little does he know the chain of events that he is about to set off. Directed by the strings of fate, Jay is heading towards the truth concealed in family legend and a prophecy that can be traced back to the times of the Mahabharata war. When Jay realizes the supernatural possibilities that the black element is capable of, he is determined to use it for the greater good. But, as history has shown, when there is power in the wrong hands, greed takes prominence and compassion takes a back seat. Amid a succession of heists, ploys, twists, tragedies and discoveries, will Jay be able to see the true picture? Will he understand the balance between fate and free will and how they can amalgamate to fulfil his purpose? Will he realize the prophecy? And is all of this simply history repeating itself?

**Anti-Proverbs in Five Languages** Anna T. Litovkina,Hrisztalina Hrisztova-Gotthardt,Péter Barta,Katalin Vargha,Wolfgang Mieder,2022-01-11 This book is the first comparative study of English, German, French, Russian and Hungarian anti-proverbs based on well-known proverbs. Proverbs are by no means fossilized texts but are adaptable to different times and changed values. While anti-proverbs can be considered as variants of older proverbs, they can also become new proverbs reflecting a more modern worldview. Anti-proverbs are therefore a lingo-cultural phenomenon that deserves the attention of cultural and literary historians, folklorists, linguists, and general readers interested in language and wordplay.

**Cast Your Bread** Warren Ravenscroft, 2015-04-14 In the first book, Devotional Talks for the Busy Leader, and the second book, Bible Studies for the Busy Leader, the author sought to bring easy reading material to those who chose to explore the word of God. Again in this book, easy reading material has been produced, in essence, making God's word easier to understand. More Devotional Talks and Bible Studies have been added to those already produced to take those who seek further enlightenment on a journey only God can make happen through the Holy Spirit. As with all the previous writings, what is done with the revelations revealed is the most important issue we can embrace in our spiritual lives. It is all about God and nothing about the individual. To those who seek, with all their heart will be rewarded by God, revealing secrets to them through the Holy Spirit in his time and at his pace. It is a learning and growing process. Through these easy-read talks and studies, the author hopes to awaken a keener interest in the word of life. Our spiritual life and the teaching combined should take us to heights we would never have expected for those who are of the called. While much happens in our lives, the author has shared his own life and how God has worked through many channels to bring the revealed word into his life. While his journey or walk has always been about trust in a God to direct his life, the way God chose to do this has, in

hindsight, left the author with a sense of “Why me?” As you read, may you to experience the riches of God’s word, as he reveals himself to your own heart.

Mental Metamorphism Dr. Feridoun Shawn Shahmoradian, 2020-03-23 The book delves into the truth of two kinds: one is externally grasped through our senses and the other is from within, which is intuitionally manifested, so much so that if one is separated from one’s five senses the person can still feel self-awareness. All visible acts—for instance, consuming food—is an apparent activity where the entire mechanism of eating is fueled by an unseen motion without which no visible or practical pursuit can ever occur, signifying that the operation of our five senses must also be fueled by this obscure motion-oriented, energy-based fact. Emanuel Kant affirmed the Empiricist preoccupation with sense experience and the material world, but reconciled this with the rationalist tradition by noting that experience itself is made possible only through deeper underlying (a-priori) mental structure (deeper than concepts or ideas) such as space, time, and mathematical forms like numbers and shapes that exist regardless of what exists in the material world. Strive for the best, aspire to both inner and outer verity (condor, reality), because we have entered into a new era which, ironically, many scientific findings are alluding to what for thousands of years the sages and the prophetically minded philosophers have claimed: that mankind is the very reason for the existence; that you are not in the universe but the universe is within you. Professing it is because of God that you exist and it is because of you that the universe prevails since the quantum world of the infinitely dancing particle where the substratum, the sub-atomic realm of the unseen world and the “observer effect” arrive at making it all possible as it gives meaning into how you look at the universe, knowing that the sole act of observing will influence the phenomenon being observed; that nothing can exist if no mind is there to perceive it. “There’s no way to remove the observer - us - from our perceptions of the world.” Stephen Hawking.

**God, Man, and the Universe** Dr. Feridoun Shawn Shahmoradian, 2020-03-30 “The angel is free because of his knowledge, the beast because of ignorance. Between the two remains the son of man to struggle.” —Rumi A no-nonsense approach in fathoming God, man, and the universe, a genesis relates to the existence, just a drop in an ocean in true wisdom for grasping the awesome power of the Creator. It is a jaw-dropping experience that ought to attract one to permeate the gist of the philosophical why and the scientific realization of how and what is sought beyond ordinary. Probing into consciousness, to prominent existence, mind, soul, and matter, faith, virtue, morality, spirituality, inspiring self-belief and igniting human excellence; rebuffing ideologically dogmatic notions where lack of inference is challenged and no wit-oriented remarks are questioned. To incite the sagacity of thoughts in search of truth, cultivating a deity where mendacity and hubris fail. A colossal shift from the traditionally ambiguous views as superfluous (nonessential) references is often the norm as minds of reason insightfully question all bogus claims; live the essence, awaken the God within you, let the demons lay eternally at rest, and question yourself. Should it not be the human’s will to conquer the ill notions? If not so, call man a

beast that should solely live by instinct. "My humanity is a constant self-overcoming." Frederick Nietzsche

**Tom & Lucky (and George & Cokey Flo)** C. Joseph Greaves, 2015-11-03 The year is 1936. Charles Lucky Luciano is the most powerful gangster in America. Thomas E. Dewey is an ambitious young prosecutor hired to bring him down, and Cokey Flo Brown--grifter, heroin addict, and sometimes prostitute--is the witness who claims she can do it. Only a wily defense attorney named George Morton Levy stands between Lucky and a life behind bars, between Dewey and the New York governor's mansion. As the Roaring Twenties give way to the austere reality of the Great Depression, four lives, each on its own incandescent trajectory, intersect in a New York courtroom, introducing America to the violent and darkly glamorous world of organized crime and leaving our culture, laws, and politics forever changed. Based on a trove of newly discovered documents, *Tom & Lucky (and George & Cokey Flo)* tells the true story of a singular trial in American history: an epic clash between a crime-busting district attorney and an all-powerful mob boss who, in the crucible of a Manhattan courtroom, battle for the heart and soul of a dispirited nation. Blending elements of political thriller, courtroom drama, and hard-boiled pulp, author C. Joseph Greaves introduces readers to the likes of Al Capone, Dutch Schultz, Meyer Lansky, and Bugsy Siegel while taking readers behind the scenes of a corrupt criminal justice system in which sinners may be saints and heroes may prove to be the biggest villains of all.

*Sports Journalism* James Toney, 2013-01-20 An indispensable textbook for sports journalism students, covering all the key multimedia skills needed within the industry. Sports journalism, once dismissed as the 'toyshop' editorial department, has grown in importance as sport has become bigger and bigger business, generating billions in revenue to those who own teams, franchises, tournaments and organisations. Millions consume their newspapers from back to front and the audience for Britain's only 24 sports news channel more than eclipses news rivals. This book gives aspiring journalists and those reporters looking to move into sports journalism an inside track on what is needed to succeed in one of the most competitive media markets. Sports journalism is changing - the proliferation of dedicated TV channels, websites, radio stations, niche publications and, of course, newspapers offers a world of opportunity, but has also led to a change in the nature of the job. Drawing on the personal experiences of established and recently qualified reporters, it covers the whole range of skills required by sports journalists from traditional match reporting, news gathering, feature writing and colour copy to the modern demands such as providing a live blog, snaps for a website and updating a Twitter feed even before you getting around writing your story. You might be juggling the demands of a website that craves immediate SEO-friendly content with the requirements of a newspaper - which will still want the latest and freshest take on the story with a witty, punchy and original intro. *Sport Journalism* is an essential practical guide to sports journalism, focusing on the traditional key skills still required for success as a reporter but illustrating the increasing importance placed on multimedia, as print, online and broadcast journalism converge.

**Not Your Mother's Rules** Ellen Fein, Sherrie Schneider, 2013-01-08 The authors behind the ubiquitous dating bible that launched a worldwide movement are back, accompanied by their daughters, with brand new advice updated for the modern era. Whether you're a 20-something dating for the first time, a 30-something tired of being single, a 40-something giving advice to your daughter, or a 50-something getting back in the dating game, this book has the answers you've been waiting for. The Rules include: Stay Away from his Facebook Profile Make Yourself Invisible and Other Ways to Get Out of Instant Messaging Stop Dating a Guy Who Cancels More than Once Text-Back Times Chart Don't Just Hang Out or See Him 24/7 TTYL: Always End Everything First-- Get Out of There!
