Bhagat Singh's Jail Note Book Malwinder Jit Singh Waraich, Harish Jain, 2016-06-01 Shaheed Bhagat Singh's 'Jail Notebook' opens a window into his exploration of ideas of distinguished thinkers and philosophers. Well-known among his comrades as an avid and voracious reader, Bhagat Singh managed to procure during his imprisonment in jail a large number of selected books by prominent authors of his choice. The excerpts, notes and quotes from those books which he wrote down in his jail notebook reflected not only the seriousness with which he studied the books but also his intellectual sophistication and social and political concerns. However, the perfunctory reference to the sources or books from which these notes and quotes were taken left a rather perplexing question mark with regard to the authentic source i.e. from exactly which editions of which books by which particular authors were these taken. As a result, fantastic claims and wild speculations came to be made by admiring scholars as to the number of books and the kind of original works of great thinkers that Bhagat Singh was able to study in the jail. As a sequel to that the present work Bhagat Singh's 'Jail Note Book', Its Context and Relevance by Harish Jain represents an exceptionally tenacious and laborious search and research into the specific and authentic sources of the particular notes and quotes entered in the Jail Notebook. The story of the author's exploration for over a decade, searching and identifying books by following astute guesses and hunches, and rummaging through many likely or probable books accessible at that time, many of which were not easily available now, makes a fascinating reading. Contextualising the importance and reach of the ideas of the various authors in those times helps one to understand why they might have appeared significant to Bhagat Singh. Besides discussing the ideas central to the books he read attempt has been made here to explain the import of the quotes he chose to copy. A unique work of its kind, this study is both enriching and a pleasure to read.

Motivating Thoughts of Bhagat Singh Raghav, 2021-01-01 It is beyond the power of any man to make a revolution. Neither can it be brought about on any appointed date. It is brought about by special environments, social and economic. The function of an organised party is to utilise any such opportunity offered by these circumstances." "Lovers, Lunatics and poets are made of same stuff. The sword of revolution is sharpened on the whetting stone of ideas. — Bhagat Singh

World Literature for the Wretched of the Earth J. Daniel Elam, 2020-12-01 World Literature for the Wretched of the Earth recovers a genealogy of anticolonial thought that advocated collective inexpertise, unknowing, and unrecognizability. Early-twentieth-century anticolonial thinkers endeavored to imagine a world emancipated from colonial rule, but it was a world they knew they would likely not live to see. Written in exile, in abjection, or in the face of death, anticolonial thought could not afford to base its politics on the hope of eventual success, mastery, or national sovereignty. J. Daniel Elam shows how anticolonial thinkers theorized inconsequential practices of egalitarianism in the service of an impossibility: a world without colonialism. Framed by a suggestive reading of the surprising affinities between Frantz Fanon's political writings and Erich Auerbach's philological project, *World Literature for the Wretched of the Earth* foregrounds anticolonial theories of reading and critique in the writing of Lala Har Dayal, B. R. Ambedkar, M. K. Gandhi, and Bhagat Singh. These anticolonial activists theorized reading not as a way to cultivate mastery and expertise but as a way, rather, to disavow mastery altogether. To become or remain an inexpert reader, divesting oneself of authorial claims, was to fundamentally challenge the logic of the British Empire and European fascism, which prized self-mastery, authority, and national sovereignty. Bringing together the histories of comparative literature and anticolonial thought, Elam demonstrates how these early-twentieth-century theories of reading force us to reconsider the commitments of humanistic critique and egalitarian politics in the still-colonial present.

Inquilab Syed Irfan Habib, 2023-10-27 Extolled for his extraordinary courage and sacrifice, Bhagat Singh is one of our most venerated freedom fighters. He is valourised for his martyrdom, and rightly so, but in the ensuing enthusiasm, most of us forget, or consciously ignore, his contributions as an intellectual and a thinker. He not only sacrificed his life, like many others did before and after him, but he also had a vision of independent India. In the current political climate, when it has

become routine to appropriate Bhagat Singh as a nationalist icon, not much is known or spoken about his nationalist vision. *Inquilab* provides a corrective to such a situation by bringing together some of Bhagat Singh's seminal writings on his pluralist and egalitarian vision. It compels the reader to see that while continuing to celebrate the memory of Bhagat Singh as a martyr and a nationalist, we must also learn about his intellectual legacy. This important book also makes a majority of these writings, hitherto only available in Hindi, accessible for the first time to the English-language readership.

Image-Making-India Paolo Silvio Harald Favero, 2020-11-25 *Image-Making-India* explores the evolving meaning of images in a digital landscape from the vantage point of contemporary India. Building upon long-term ethnographic research among image-makers in Delhi, Mumbai and other Indian cities, the author interrogates the dialogue between visual culture, technology and changing notions of political participation. The book explores selected artistic experiences in documentary and fiction film, photography, contemporary art and digital curation that have in common a desire to engage with images as tools for social intervention. These experiences reveal images' capacity not only to narrate and represent but also to perform, do and affect. Particular attention is devoted to the 'digital', a critical landscape that offers an opportunity to re-examine the significance of images and visual culture in a rapidly changing India. This volume will be of particular interest to scholars of visual and digital anthropology and cultures as well as South Asian studies.

Brewing Resistance Kristin Victoria Magistrelli Plys, 2020-10-29 In 1947, decolonization promised a better life for India's peasants, workers, students, Dalits, and religious minorities. By the 1970s, however, this promise had not yet been realized. Various groups fought for the social justice but in response, Prime Minister, Indira Gandhi suspended the constitution, and with it, civil liberties. The hope of decolonization that had turned to disillusion in the postcolonial period quickly descended into a nightmare. In this book, Kristin Plys recounts the little known story of the movement against the Emergency as seen through New Delhi's Indian Coffee House based on newly uncovered evidence and oral histories with the men who led the movement against the Emergency.

It compares films on Gandhi with the written literature on him, and juxtaposes the celluloid Gandhi with the man who walked on the earth 'ever in flesh and blood'. Martyr as Bridegroom I. D. Gaur, 2008-07 Bhagat Singh, 1907-1931, Indian revolutionary and freedom fighter.

The Struggle has started Shiraz Durrani, 2025-03-06 This is the second book published by Vita Books on Makhan Singh (1913-1973). The first one was Makhan Singh, A Revolutionary Trade Unionist published in 2015. That a second book is considered necessary is an indication that the full history and contribution of Makhan Singh to the working class struggles in India and Kenya still need more publications to be written and placed in the public domain. Of course, the Makhan Singh Archives at the University of Nairobi and *Unquiet: The Life and Times of Makhan Singh* by Zarina Patel remain key resources on him. As Kwamchetsi Makokha says in the Introduction of this book, Fewer tasks can be as challenging as constructing the larger than life profile of Makhan Singh: a man who saw through and instantly rejected the tokenistic colonial assignment of

Indians to a class above Africans; deconstructed the hierarchical colour bar by organising trade union activities that brought the two communities together; and brought a penetrating ideological clarity to the fight for self-determination by making a demand for Kenya's independence in 1950. While the name of Makhan Singh may well be more known in Kenya today than in the years after his death, little or not attempts have been made by trade unionists or politicians to understand and follow his ideological stand and to resist capitalism and imperialism as he did. It is for this reason that the experience and the record of Makhan Singh needs urgent attention in Kenya, indeed in Africa, today. Kwamchetsi Makokha concludes: Although it is regrettable that for over 50 years after Makhan Singh's death, knowledge of his full contribution to the making of modern Kenya has been officially suppressed, and access to it denied to a significant proportion of the population, the publication of *The Struggle Has Started* secures this hero's place in collective memory. Shiraz Durrani, the Editor of the book, points to the central issue that Makhan Singh fought against: Makhan Singh saw class divisions and class struggles as the primary aspects of resistance to colonialism and to ensuring that the interests of workers, peasants and people of Kenya were in the forefront of an independent country. This was a turning point in the struggle for liberation in Kenya. Colonialism had succeeded in previous periods to divide people's struggles along tribal or racial or regional levels, thereby dividing forces of resistance. Makhan Singh was able to see through such divisive tactics. He saw the struggle as a class struggle and emphasised the need to politicise the working class, unite them with other progressive classes and wage a struggle that would remove the causes of poverty and injustice from the country. That struggle has not been won. That is why Makhan Singh's teaching and experience is relevant today. The book carries a reproduction of the excellent exhibition on Makhan Singh by Khalsa Lakhvir-Singh which was first exhibited at the MacMillan Library in early 2024. They provide an overall context of the life and time of Makhan Singh.
