Engaged Observers Brett Abbott, 2010 A critical survey of nine documentary photographers who were at the cutting edge of this form of journalism during the second half of the 20th century, 'Engaged Observers' shows how since the sixties photographers such as Leonard Freed & Susan Meiselas have challenged the conventional objectivity of the newsroom.

Uncanny Perspectives in Literature and Culture Gabriele Biotti, I. Vinitha Chandra, Nacera Haouchine, 2024-09-30 This collection of essays aims to analyse the uncanny as a concept developed in the field of the arts, from a variety of perspectives axed in the literary field, in the media context, and in film studies, with references to contemporary thought. The book aims to provide readers with a methodological updating on this psychoanalytic concept, starting from its basic rethinking, under the light of the different cultural backgrounds of the authors whose essays are collected. The book's specific focus is in the research on the many faces the uncanny took in different experiences, forms of writing, ideas of art, theories, discourses, and experiences in creation. This shows, still today, not only the concept's richness in defining our contemporary cultural context, but also its plasticity and its identity of notion-hinge between eras, ideas of representation, and forms of writing of various types.

Developments in the Japanese Documentary Mode Marcos Centeno, Michael Raine, 2021-06-10 Writing on Japanese cinema has prioritized aesthetic and cultural difference, and obscured Japan's contribution to the representation of real life in cinema and related forms. Donald Richie, who was instrumental in introducing Japanese cinema to the West, even claimed that Japan did not have a true documentary tradition due to the apparent preference of Japanese audiences for stylisation over realism, a preference that originated from its theatrical tradition. However, a closer look at the history of Japanese documentary and feature film production reveals an emphasis on actuality and everyday life as a major part of Japanese film culture. That 'documentary mode' – crossing genre and medium like Peter Brooks' 'melodramatic mode' rather than limited to styles of documentary filmmaking alone – identifies rhetoric of authenticity in cinema and related media, even as that rhetoric was sometimes put in service to political and economic ends. The articles in this Special Issue, 'Developments in the Japanese Documentary Mode', trace important changes in documentary film schools and movements from the 1930s onwards, sometimes in relation to other media, and the efforts of some post-war filmmakers to adapt the styles and ethical commitments that underpin documentary's impression of authenticity to their representation of fictional worlds

Picturing Disability Robert Bogdan, 2012-11-19 Bogdan and his collaborators have studied thousands of historical photographs of people with disabilities in writing this book. Their work shows how people with disabilities have been presented but in a much wider range than we have ever seen before.

Lovesick Japan Mark D. West, 2011-04-15 In *Lovesick Japan*, Mark D. West explores an official vision of love, sex, and marriage in contemporary Japan. A comprehensive body of evidence—2,700 court opinions—describes a society characterized by a presupposed absence of physical and emotional intimacy, affection, and personal connections. In compelling, poignant, and sometimes horrifying court cases, West finds that Japanese judges frequently opine on whether a person is in love, what other emotions a person is feeling, and whether those emotions are appropriate for the situation. Sometimes judges' views about love, sex, and marriage emerge from their presentation of the facts of cases. Among the recurring elements are abortions forced by men, compensated dating, late-life divorces, termination fees to end affairs, sexless couples, Valentine's Day heartbreak, soapland bath-brothels, and home-wrecking hostesses. Sometimes the judges' analysis, decisions, and commentary are as revealing as the facts. Sex in the cases is a choice among private normal sex, which is male-dominated, conservative, dispassionate, or nonexistent; commercial sex, which caters to every fetish but is said to lead to rape, murder, and general social depravity; and a hybrid of the two, which commodifies private sexual relationships. Marriage is contractual; judges express the ideal of love in marriage and proclaim its importance, but virtually no one in the court cases achieves it. Love usually appears as a tragic, overwhelming emotion associated with jealousy, suffering, heartache, and death.

Friendship and Work Culture of Women Managers in Japan Swee-Lin Ho, 2018-01-31 Drawing on ethnographic data gathered from fieldwork spanning a 15-year period, this book offers new insights into understanding the lives and experiences of women managers in Japan. Based on empirical case studies, it explores the ways in which professional women in Tokyo creatively mobilize their friendships as a strategic site for mitigating the disappointments in their working lives, and conceptualizing new understandings of independence and equality. It analyses their use of language, time, space and money to negotiate new identities in an increasingly flexible work environment. In examining the challenges and opportunities faced by these corporate workers, this book also extends anthropological debates about the changing meaning and importance of work for women, as well as their relationship with money and separation from the realm of domesticity. As a study of women's lives in and out of the workplace in Japan, this book will be of great interest to students and scholars of Japanese studies, Japanese culture and society, anthropology, sociology, gender and women's studies.

The Book of Horror Matt Glasby, 2025-09-02 '... the definitive guide to what properly messes us up.' — SFX Magazine

'Glasby anatomises horror's scare tactics with keen, lucid clarity across 34 carefully selected main films - classic and pleasingly obscure. 4 Stars.' — Total Film The Book of Horror introduces you to the scariest movies ever made and examines what makes them so frightening. Horror movies have never been more critically or commercially successful, but there's only one metric that matters: are they scary? Back in the silent era, viewers thrilled at Frankenstein and Dracula. Today, the monsters may have changed, but the instinct remains the same: to seek out the unspeakable, ride the adrenaline rush and play out our fears in the safety of the cinema. The Book of Horror focuses on the most frightening films of the post-war era - from Psycho (1960) to It Chapter Two (2019) - examining exactly how they scare us across a series of key categories. Each chapter explores a seminal horror film in depth, charting its scariest moments with infographics and identifying the related works you need to see. Including references to more than 100 classic and contemporary horror films from around the globe, and striking illustrations from Barney Bodoano, this is a rich and compelling guide to the scariest films ever made. The films: Psycho (1960), The Innocents (1961), The Haunting (1963), Don't Look Now (1973), The Exorcist (1973), The Texas Chain Saw Massacre (1974), Who Can Kill a Child? (1976), Suspiria (1977), Halloween (1978), The Shining (1980), The Entity (1982), Angst (1983), Henry: Portrait of a Serial Killer (1990), Ring (1998), The Blair Witch Project (1999), The Others (2001), The Eye (2002), Ju-On: The Grudge (2002), Shutter (2004), The Descent (2005), Wolf Creek (2005), The Orphanage (2007), [Rec] (2007), The Strangers (2008), Lake Mungo (2008), Martyrs (2008), The Innkeepers (2011), Banshee Chapter (2013), Oculus (2013), The Babadook (2014), It Follows (2015), Terrified (2017), Hereditary (2018), It Chapter Two (2019)

Imperial Romance Su Yun Kim, 2020-11-15 In *Imperial Romance*, Su Yun Kim argues that the idea of colonial intimacy within the Japanese empire of the early twentieth century had a far broader and more popular influence on discourse makers, social leaders, and intellectuals than previously understood. Kim investigates representations of Korean-Japanese intimate and familial relationships—including romance, marriage, and kinship—in literature, media, and cinema, alongside documents that discuss colonial policies during the Japanese protectorate period and colonial rule in Korea (1905–45). Focusing on Korean perspectives, Kim uncovers political meaning in the representation of intimacy and emotion between Koreans and Japanese portrayed in print media and films. *Imperial Romance* disrupts the conventional reading of colonial-period texts as the result of either coercion or the disavowal of colonialism, thereby expanding our understanding of colonial writing practices. The theme of intermarriage gave elite Korean writers and cultural producers opportunities to question their complicity with imperialism. Their fictions challenged expected colonial boundaries, creating tensions in identity and hierarchy, and also in narratives of the linear developmental trajectory of modernity. Examining a broad range of writings and films from this period, *Imperial Romance* maps the colonized subjects' fascination with their colonizers and with moments that allowed them to become active participants in and agents of Japanese and global imperialism.

Heroic with Grace Chieko Irie Mulhern, 2015-02-12 This work presents the lives and times of eight prominent Japanese women who epitomize the tragedies and triumphs of eight characteristically female roles. In examining the lives of the mythological Empress Jingu, Jito Tenno (645-702), Murasaki Shikibu (970s-1000s), Tomoe Gozen (12th century), Hojo Masako (1157-1225), Hani Motoko (1873-1957), Takamine Hideko (b.1924) and Ariyoshi Sawako (1931-1984), the contributors provide a mosaic of Japanese history and culture that encompasses issues of women's status in various stages of Japanese history, the social climate conducive to positive female roles, the concept of Japanese womanhood in relation to the male hero types of each age and the popular need for strong female figures.

Gene Smith's Sink Sam Stephenson, 2017-08-22 An incisive biography of the prolific photo-essayist W. Eugene Smith. Famously unabashed, W. Eugene Smith was photography's most celebrated humanist. As a photo essayist at Life magazine in the 1940s and '50s, he established himself as an intimate chronicler of human culture. His photographs of war and disaster, villages and metropolises, doctors and midwives, revolutionized the role of images in journalism, transforming photography for decades to come. When Smith died in 1978, he left behind eighteen dollars in the bank and forty-four thousand pounds of archives. He was only fifty-nine, but he was flat worn-out. His death certificate read "stroke," but, as was said of the immortal jazzman Charlie Parker, Smith died of "everything," from drug and alcohol benders to weeklong work sessions with no sleep. Lured by the intoxicating trail of people that emerged from Smith's stupefying archive, Sam Stephenson began a quest to trace his footsteps. In *Gene Smith's Sink*, Stephenson merges traditional biography with rhythmic digressions to revive Smith's life and legacy. Traveling across twenty-nine states, Japan, and the Pacific, Stephenson profiles a lively cast of characters, including the playwright Tennessee Williams, to whom Smith likened himself; the avant-garde filmmaker Stan Brakhage, with whom he once shared a Swiss chalet; the artist Mary Frank, who was married to his friend Robert Frank; the jazz pianists Thelonious Monk and Sonny Clark, whose music was taped by Smith in his loft; and a series of obscure caregivers who helped keep Smith on his feet. The distillation of twenty years of research, *Gene Smith's Sink* is an unprecedented look into the photographer's potent legacy and the subjects around him.

Resonant Blue CJ Marsicano, 2012-05-01 Kid, you're too young, too punk, and too female to be in a real rock and roll band. When an audition for a guitarist's position in an established group goes sour with one snide sentence, 16-year-old Reina Kawamura is determined to start her own punk rock band. With her older brother's hand-me-down Strat in hand, her experiences witnessing the California punk scene a few years earlier, and her best friends at her side and on stage with her, the group starts off as a semi-serious lark. As time goes on, the experiences Reina goes through as a musician and a person in the ensuing months end up changing her life - on and off stage - for the better.

Autism John W. Oller Jr., Stephen D. Oller, 2010-10-25 The upsurge in autism spectrum disorders is not uncaused. It is no longer plausibly deniable nor is it untreatable. The first step toward successful treatment, however, is an accurate diagnosis of the problem and the discovery of its underlying causes—its etiology. *Autism: The Diagnosis, Treatment, & Etiology of the Undenia* addresses all these issues with a primary focus on etiology. This groundbreaking book addresses the crucial issue of

causation in intelligible, accessible language while offering plenty of research to support key theories. Features: Readable and compelling stories showing the human side of the upsurge in diagnoses of autism spectrum disorders. Up-to-date information and analysis of relevant biochemical and medical research. Exploration of popular theories that only explain a small part of the upsurge, plus a realistic critical assessment of widely promoted message by key interest groups and stakeholders. Documented solutions and remedies for individuals, parents, grandparents, and caregivers. Autism: The Diagnosis, Treatment, & Etiology of the Undeniable Epidemic is an ideal supplement for an introductory course in communication disorders and child language disorders.
