Killers of a Certain Age Deanna Raybourn, 2023-08-15 Older women often feel invisible, but sometimes that's their secret weapon. They've spent their lives as the deadliest assassins in a clandestine international organization, but now that they're sixty years old, four women friends can't just retire—it's kill or be killed in this action-packed thriller by New York Times bestselling and Edgar Award-nominated author Deanna Raybourn. Billie, Mary Alice, Helen, and Natalie have worked for the Museum, an elite network of assassins, for forty years. Now their talents are considered old-school and no one appreciates what they have to offer in an age that relies more on technology than people skills. When the foursome is sent on an all-expenses paid vacation to mark their retirement, they are targeted by one of their own. Only the Board, the top-level members of the Museum, can order the termination of field agents, and the women realize they've been marked for death. Now to get out alive they have to turn against their own organization, relying on experience and each other to get the job done, knowing that working together is the secret to their survival. They're about to teach the Board what it really means to be a woman—and a killer—of a certain age.

Desperate Spies Mark de Castrique, 2025-11-04 Badass 75-year-old retired FBI agent Ethel Fiona Crestwater is back—stalking mobsters, dodging bullets, and pulling off Bond-worthy moves as she tracks down missing state secrets in this fun and pacy new installment in the Secret Lives mystery series “Ethel’s adventures will appeal to fans of Richard Osman’s Thursday Murder Club series and Deanna Raybourn’s Killers of a Certain Age”—Library Journal Starred Review “Ethel looks like Marple but acts like Marlowe”—Kirkus Reviews “Plucky Ethel is an elderly Nancy Drew”—Publishers Weekly For seventy-five-year-old former FBI agent Ethel Fiona Crestwater, her age is nothing but an advantage when it comes to ferreting out secrets. Who's going to notice the little old woman in the corner? Besides, Ethel might be officially retired, but she knows everyone in DC law enforcement—and is smarter than all of them combined. When a former colleague asks Ethel for help, she agrees without a second thought. But the favor throws Ethel back eighteen years, to the botched sting operation that resulted in the murder of an innocent young woman by a Russian gangster—and nearly ended Ethel’s own life too. Soon, Ethel and her young tech-whizz sidekick Jesse, her double-first-cousin-twice-removed, find themselves in the crosshairs of some very bad—and very desperate—men who’ll do anything to get their hands on the state secrets they’re seeking. Ethel will have to use all the skills she’s learned during her long career if she’s to save the day, and keep both herself and her

beloved cousin alive.

Assassins Anonymous Rob Hart,2025-05-27 “The best kind of thriller. . . . Suspenseful, sentimental, and ultimately redemptive, *Assassins Anonymous* is a can’t-miss novel.” — S. A. Cosby, author of *All the Sinners Bleed* In this clever, surprising, page-turner, the world’s most lethal assassin gives up the violent life only to find himself under siege by mysterious assailants. What’s a reformed hit man to do? Mark was the most dangerous killer-for-hire in the world. But after learning the hard way that his life’s work made him more monster than man, he left all of that behind, and joined a twelve-step group for reformed killers. When Mark is viciously attacked by an unknown assailant, he is forced on the run. From New York to Singapore to London, he chases after clues while dodging attacks and trying to solve the puzzle of who’s after him. All without killing anyone. Or getting killed himself. For an assassin, Mark learns, nonviolence is a real hassle.

Dead Tired Kat Ailes,2024-06-04 The second in a charming and hilarious mystery series by Kat Ailes, *Dead Tired* follows a group of new moms who didn’t think their maternity leave would involve so much murder. Full of charming characters, including Alice’s goofy dog, this fast-paced, original cozy is great fun.—Publishers Weekly Being a new mom is murder. Alice didn’t think her maternity leave would involve so much, well, murder. Before becoming proud new moms, she and her friends bonded more than members of a prenatal group usually would, as they became accidental amateur sleuths and solved a crime together. Now, with all this behind them and Alice’s son Jack somehow already a year old, Alice is keen to finally catch up on some sleep. So when an opportunity presents itself in the unlikely form of an eco-protest, Alice and her friends willingly chain themselves to trees and settle in as an excuse to get some overdue rest. Not the most comfortable arrangement ever, but at this point, they’ll take what they can get. However, the next morning one of their fellow protesters is found strangled, and any hope of a peaceful interlude is suddenly swept away. Soon Alice and her friends become entangled in a plot involving rogue artists, an enigmatic local entrepreneur, and nude (optional) protesting, offering an unexpected—but not necessarily unwelcome—break from changing diapers and wrestling baby toys away from Helen the dog. Alice, whose success rate in solving countryside murder is at an all-time high (one out of one), cannot resist the chance to demonstrate her detective skills once more, and assembles her gang of new moms to investigate this latest mystery in their not-so-sleepy English countryside village.

The New York Times Theater Reviews 1997-1998 Times Books,2014-10-13 From the musical hits *Lion King* and *Bring In da Noise*, *Bring In da Funk*, to important new off-Broadway plays such as *Beauty Queen of Leenane* and *Wit*, the latest volume in this popular series features a chronological collection of facsimiles of every theater review and awards article published in the *New York Times* between January 1997 and December 1998. Serial Killers and the Media Ian Cummins,Marian Foley,Martin King,2019-01-17 This book examines the media and cultural responses to the awful crimes of Brady and Hindley, whose murders provided a template for future media reporting on serial killers. It explores a wide variety of topics relating to the Moors Murders case including: the historical and geographical context of the murders, the reporting of the case and the unique features which have become standard for other murder cases e.g. nicknames for the serial killers, and it discusses the nature of evil and psychopaths and how they are represented in film, drama, novels and art. It also questions the ethics of the “serial killing industry” and how the modern cultural fixation on celebrity has extended to serial killers, and it explores the impact on the journalists and police officers from being involved in such cases including some interviews with them. The treatment of Brady and Hindley by the media also raises profound questions about the nature of punishment including the links between mental illness and crime and whether there is ever the prospect of redemption. This book draws on cultural studies, criminology, sociology and socio-legal studies to offers a multi-dimensional analysis of the impact of this case and then uses this as a basis for the analysis of more recent cases such as the crimes of Peter Sutcliffe and Harold Shipman.

LBGTQ+ Crime and Victimization Frances P. Bernat,2023-05-08 This book provides research and analysis on an understudied topic: the LBGTQ+ community as victims and offenders. Most publications focus on LBGTQ+ history and the community's movement towards equality and acceptance in society and in law. A focus on how the criminal justice system victimizes and marginalizes LBGTQ+ persons is needed. Consequently, this work includes chapters on members of the LBGTQ+ community who work in the criminal justice system, forced sexual orientation efforts, transgender legal concerns, LBGTQ+ persons who are arrested and imprisoned, and online dating hate crimes. International scholars provide their individual stories about being gay, bisexual or lesbian and working as a police or correctional officer. Other international contributors explain their research on crime and how the law and criminal justice community does not provide LBGTQ+ persons with protection or support as offenders or victims. This book will of interest to researchers and advanced students of Criminology, Sociology, Law, and Gender Studies. It was originally published as a special issue of the journal Women & Criminal Justice.

Murder, in Fact Lana A. Whited, 2020-11-09 With the 1965 publication of *In Cold Blood*, Truman Capote declared he broke new literary ground. But Capote's nonfiction novel belongs to a long Naturalist tradition originating in the work of 19th-century French novelist Emile Zola. Naturalism offers a particular response to the increasing problem of violence in American life and its sociological implications. This book traces the origins of the fact-based homicide novel that emerged in the mainstream of American literature with works such as Frank Norris's *McTeague* and flourished in the twentieth century with works such as Theodore Dreiser's *An American Tragedy* and Richard Wright's *Native Son*. At their heart is a young man isolated from community who acts out in desperate circumstances against someone who reflects his isolation. A tension develops between how society views this killer and the way he is viewed by the novelist. The crimes central to these narratives epitomize the vast gap between those who can aspire to the so-called American dream and those with no realistic chance of achieving it.
