Jazz Theory - Contemporary Improvisation, Transcription and Composition Ron Westray, 2024-02-06 This course is designed to present and develop jazz arranging and compositional principles. In preparation for successful improvisation, composing and transcription, a wide range of theoretical topics are presented. The stylistic considerations of jazz improvisation and composition require an extensive and working knowledge of jazz theory, and mastery of diatonic, bitonal, poly-tonal and atonal theoretical maximums and processes - including the refining of the [imitation] transcription process towards theoretical justification and conventional usage.

Straighten Up and Fly Right Will Friedwald, 2020-04-03 One of the most popular and memorable American musicians of the 20th century, Nat King Cole (1919-65) is remembered today as both a pianist and a singer, a feat rarely accomplished in the world of popular music. Now, in this complete life and times biography, author Will Friedwald offers a new take on this fascinating musician, framing him first as a bandleader and then as a star. In Cole's early phase, Friedwald explains, his primary task of keeping his trio going was just as much of a focus for him as his own playing and singing, always a collective or group performance. In the second act, Cole's collaborators were more likely to be arranger-conductors like Nelson Riddle and Gordon Jenkins, rather than his sidemen on bass and guitar. In the first act, his sidemen were equals, in the second phase, his collaborators were tasked exclusively with putting the focus on him, making him sound good, while being largely invisible themselves. Friedwald brings his full musical knowledge to bear in putting the man in the work, demonstrating how this duality appears over and over again in Cole's life and career: jazz vs. pop, solo vs. trio, piano vs. voice, wife number one (Nadine) vs. wife number two (Maria), the good songs vs. the less-than-good songs, the rhythm numbers vs. the ballads, the funny songs and novelties vs. the serious songs of love and loss, Cole as an advocate for the Great American Songbook vs. Cole the intrepid explorer of other options: world music, rhythm & blues, country & western. Cole was different from his contemporaries in other ways; for roughly ten years after the war, the majority of hitmakers on the pop charts were veterans of the big band experience, from Sinatra on down.

The Gerry Mulligan 1950s Quartets Alyn Shipton, 2023 The Gerry Mulligan Quartet, founded in Los Angeles in 1952, was widely acclaimed as the first small ensemble in jazz that did not include a chordal instrument such as a piano or guitar. Using original scores and detailed transcriptions of Mulligan's work, The Gerry Mulligan 1950s Quartets offers an intimate

look at Mulligan's musical development from the initial quartet with Chet Baker to its successors with Bob Brookmeyer, Jon Eardley, and Art Farmer. The backdrop is an unparalleled account of his musical life from his teen- age years to adulthood, analyzing the ways in which his compositions and arrangements evolved through collaborations with Elliot Lawrence, Gene Krupa, and Claude Thornhill, culminating with Miles Davis's Birth of the Cool nonet. Featuring original interviews with many of Mulligan's associates, author Alyn Shipton presents a fresh take on Mulligan's harmonic creativity, in the process tracing the ups and downs of Mulligan's heroin addiction, imprisonment, sobriety, and eventual musical triumph.

Chasin the Trane J.C. Thomas,2012-06-06 He was always elusive, on and off the stand; like his music, he was constantly moving, incessantly changing. Just as Charlie Parker stood astride the jazz world of the late 40s and 50s, so did John Coltrane in the late 50s and 60s. Trane was a giant of the saxophone and a major composer. His music also influenced rock and classical musicians, such as Roger McGuinn and David Amram. Yet he was more than a musician; there was a mystical quality, a profound melancholy that emanated from this quiet, self-contained man and moved listeners, some of whom knew little of music but heard something beyond music's boundaries from the sounds his saxophone created. Many even had their lives changed as a result. J. C. Thomas traces John Coltrane's life and career from his North Carolina childhood through his apprenticeship under Dizzy Gillespie, Thelonious Monk, and Miles Davis, culminating in the saxophonist's classic quartet that played to steadily increasing audiences throughout America, England, and Japan. The author has drawn on the recollections of those who knew Coltrane best—boyhood friends, band members like Elvin Jones, spiritual mentors like Ravi Shankar, and the women who loved him. Chasin' The Trane is the story of a man who struggled against drug addiction, studied African and Eastern music and philosophy, admired Einstein's expanding universe and the shimmering sounds a harp makes, and left behind the enduring legacy of a master musician who was also a beautiful man.

The Jazz Standards Ted Gioia,2021 An essential comprehensive guide to some of the most important jazz compositions, telling the story of more than 250 key jazz songs and providing a listening guide to more than 2000 recordings

Bill Evans Peter Pettinger,2002-01-01 Acclaimed by musicologists and illustrated with dozens of photographs, a detailed, painstakingly researched and finely written biography examines the life and music of the influential, classically trained jazz pianist Bill Evans and includes a full discography of his recordings. UP.

The Hal Leonard Pocket Music Dictionary (Music Instruction) Hal Leonard Corp.,1993-01-01 (Book). Here's the most contemporary music dictionary on the market! Conveniently divided into three main sections: The Dictionary of Music Terms defines over 2,000 music terms concisely, including notation and theory terms, instruments and terms used in pop music, electronic music and the music business; The Dictionary of Musicians provides more than 400 capsule biographies of composers and other musicians; and Reference Charts give instant, at-a-glance summaries of the essentials of music,

encompassing instrumental and vocal ranges, notation signs and symbols, and scales, modes and key signatures.

Billboard ,1948-12-11 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The Oxford Companion to Jazz Bill Kirchner,2005-07-14 Essays cover major historical trends and figures, discuss jazz in different countries, review the role of most instruments and consider the place of jazz in other arts, like dance, literature and film. N.Y. Times Book Rev. This work is an effective single-volume device, leading current listeners to the music while including enough newer scholarship to retain the interest of connoisseurs. Libr J.

Singin' with the Jazz Combo (Voice) Dave Wolpe,2012-11-12 The Singin' with the Jazz Combo series offers a variety of 10 great standards for solo vocalist with a nine or ten-piece combo---ideal for the vocalist who needs arrangements for a small ensemble. The combo instrumentation is trumpet, alto sax, tenor sax, trombone, guitar, bass, drumset, and piano with conductor cues for the horns. An optional baritone sax part adds additional color and texture. Superbly arranged by Dave Wolpe, the songs are in a variety of styles and tempos to provide flexibility in all musical settings. Titles: * A Foggy Day * At Last * Falling in Love with Love * Just in Time * Mack the Knife * Polka Dots and Moonbeams * Santa Claus is Coming to Town * Straighten Up and Fly Right * 'S Wonderful * When I Fall in Love

Singin' with the Jazz Combo (Trombone) Dave Wolpe,2012-11-12 The Singin' with the Jazz Combo series offers a variety of 10 great standards for solo vocalist with a nine or ten-piece combo---ideal for the vocalist who needs arrangements for a small ensemble. The combo instrumentation is trumpet, alto sax, tenor sax, trombone, guitar, bass, drumset, and piano with conductor cues for the horns. An optional baritone sax part adds additional color and texture. Superbly arranged by Dave Wolpe, the songs are in a variety of styles and tempos to provide flexibility in all musical settings. Titles: * A Foggy Day * At Last * Falling in Love with Love * Just in Time * Mack the Knife * Polka Dots and Moonbeams * Santa Claus is Coming to Town * Straighten Up and Fly Right * 'S Wonderful * When I Fall in Love

JazzTimes ,2001-05 JazzTimes has been published continuously since 1970 and is the recipient of numerous awards for journalism and graphic design. A large cross-section of music aficionados and fans alike view JazzTimes as America's premier jazz magazine. In addition to insightful profiles of emerging and iconic stars, each issue contains over 100 reviews of the latest CDs, Books and DVDs. Published ten times annually, JazzTimes provides uncompromising coverage of the American jazz scene.

Visions of Jazz Gary Giddins,1998-10-22 Poised to become a classic of jazz literature, Visions of Jazz: The First Century offers seventy-nine chapters illuminating the lives of virtually all the major figures in jazz history. From Louis Armstrong's renegade-style trumpet playing to Sarah Vaughan's operatic crooning, and from the swinging elegance of Duke Ellington to

the pioneering experiments of Ornette Coleman, jazz critic Gary Giddins continually astonishes the reader with his unparalleled insight. Writing with the grace and wit that have endeared his prose to Village Voice readers for decades, Giddins also widens the scope of jazz to include such crucial American musicians as Irving Berlin, Rosemary Clooney, and Frank Sinatra, all primarily pop performers who are often dismissed by fans and critics as mere derivatives of the true jazz idiom. And he devotes an entire quarter of this landmark volume to young, still-active jazz artists, boldly expanding the horizons of jazz--and charting and exploring the music's influences as no other book has done.

Hearings United States. Congress. Senate. Committee on Commerce,1958

Beneath Missouri Skies Carolyn Glenn Brewer,2021-05-15 The New Yorker recently referred to Pat Metheny as “possibly the most influential jazz guitarist of the past five decades.” A native of Lee’s Summit, Missouri, just southeast of Kansas City, Metheny started playing in pizza parlors at age fourteen. By the time he graduated from high school he was the first-call guitarist for Kansas City jazz clubs, private clubs, and jazz festivals. Now 66, he attributes his early success to the local musical environment he was brought up in and the players and teachers who nurtured his talent and welcomed him into the jazz community. Metheny's twenty Grammys in ten categories speak to his versatility and popularity. Despite five decades of interviews, none have conveyed in detail his stories about his teenage years. *Beneath Missouri Skies* also reveals important details about jazz in Kansas City during the sixties and early seventies, often overlooked in histories of Kansas City jazz. Yet this time of cultural change was characterized by an outstanding level of musicianship. Author Carolyn Glenn Brewer shows how his keen sense of ensemble had its genesis in his school band under the guidance of a beloved band director. Drawn from news accounts, archival material, interviews, and remembrances, to which the author had unique access, *Beneath Missouri Skies* portrays a place and time from which Metheny still draws inspiration and strength.

Keystone Korner Kathy Sloane,2012-12-28 The award-winning photographer’s pictorial history of the famous San Francisco Jazz club featuring oral histories and more than 100 images—“A treasure” (SF Weekly). In the words of Wynton Marsalis, “Keystone Korner was the quintessential jazz club . . . a happy home to people of all persuasions.” During the 1970s, when jazz clubs across America were folding under the onslaught of rock and roll and disco, San Francisco’s Keystone Korner was an oasis for jazz listeners and musicians. Tucked away in the city’s North Beach area, the Keystone became one of the most important jazz spots in the United States. It was so beloved by musicians that superstars McCoy Tyner, Freddie Hubbard, Ron Carter, and Elvin Jones played a benefit concert to raise money for its liquor license. In this book, award-winning photographer Kathy Sloane shares more than 100 black and white photographs documenting the musicians and regulars, the spontaneous moments and ephemeral scene of this legendary club. Together with these images, she has compiled a fascinating collage of first-hand oral histories that chronicle the Keystone experience. “From the antics of the photo-laden backroom to the underground hype of Ora Harris’ Keystone Kitchen, Sloane and fellow editor Sascha Feinstein

leave no stone unturned. They examine the backstories of some of Keystone's most lovable characters . . . a delightful sensory overload" (Downbeat).

Encyclopedia of Great Popular Song Recordings Steve Sullivan, 2013-10-04 From John Philip Sousa to Green Day, from Scott Joplin to Kanye West, from Stephen Foster to Coldplay, *The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2* covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s; rhythm & blues, bluegrass, and bebop in the 1940s; the rock & roll revolution of the 1950s; modern soul, the British invasion, and the folk-rock movement of the 1960s; and finally into the modern era through the musical streams of disco, punk, grunge, hip-hop, and contemporary dance-pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories, from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety, and anyone wishing to learn more about the roots of virtually all the music we hear today. Popular music fans, as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting.

Singin' with the Jazz Combo (Drumset) Dave Wolpe, 2012-11-12 The Singin' with the Jazz Combo series offers a variety of 10 great standards for solo vocalist with a nine or ten-piece combo---ideal for the vocalist who needs arrangements for a small ensemble. The combo instrumentation is trumpet, alto sax, tenor sax, trombone, guitar, bass, drumset, and piano with conductor cues for the horns. An optional baritone sax part adds additional color and texture. Superbly arranged by Dave Wolpe, the songs are in a variety of styles and tempos to provide flexibility in all musical settings. Titles: * A Foggy Day * At Last * Falling in Love with Love * Just in Time * Mack the Knife * Polka Dots and Moonbeams * Santa Claus is Coming to Town * Straighten Up and Fly Right * 'S Wonderful * When I Fall in Love
