Piano Lesson Billy Georgette, 2014-03-25 Being sent for piano lessons was probably the single worst thing that could have happened in my young life. But thanks to an exceptional lady and piano teacher named Florence Powers, I wound up unexpectedly becoming a professional piano player. Here are some curious things about the piano that I picked up along the way... Playing the piano has got to be one of life's greatest treasures. In my estimation, there are few other activities that can even begin to compare with the ability to play this amazing instrument. As you can probably guess, I have the highest regard for those individuals who have mastered the art of playing the piano. Some performers have taken the art to a very high level, often out of the reach of most players. But my aim here is to present a simple accessible approach on learning how to listen to, or how to approach playing the piano for one's own pleasure... first and foremost. This self-centered idea doesn't necessarily imply being selfish, but it probably does require a slight adjustment to one's priorities. However, if you can get around this inconvenience, the possibilities are sitting right there in front of you... and all you have to do is reach out and take. My aim here is to demystify the piano for both listeners or those who wish to learn how to get started in learning how play this amazing instrument. In any event, I feel that pleasure can be derived by having a wider understanding as just what the piano actually is. And while a book such as this one may be helpful to those who wish to learn to play the piano, there is no substitute for a live teacher. However, it's extremely important to find a teacher that can fulfill one's personal musical taste and ambition. There is much involved if a student wishes to become a proficient music reader, thus having a good teacher is essential to success in this area. Take your time in finding the right one... and good luck! However, before looking at the piano, it's also important to establish what kind of music one is interested in, whether for listening or performing. For purposes of this book, I have arbitrarily broken it down into four major forms: Classical, Standards, Popular and Jazz. Classical leads the list as the music that has been around longer, much longer than the other two forms of music. It represents the foundation of all of today's music. Much of it is seriously challenging to play, and requires years of dedicated practice. At the concert level, Olympic style discipline prevails, as the techniques of performance far surpasses the scope of this book. Be that as it may, classical music has an abundance of priceless melodies that can be played in a simplified manner while still retaining their pure magic for listeners. (and pianists ) Music operates on principles that were founded in the past 600 years, they carry with them an enormous amount of human cultural genius, including the invention of equal

temperament.

**Une forêt de laine et d'acier** Natsu Miyashita,2018-03-14 « Un parfum de forêt, à l'automne, à la tombée de la nuit. Le vent qui berçait les arbres faisait bruisser les feuilles. Un parfum de forêt, à l'heure précise où le soleil se couche. À ceci près qu'il n'y avait pas la moindre forêt alentour. Devant mes yeux se dressait un grand piano noir. Pas de doute possible : c'était bien un piano, laqué et imposant, au couvercle ouvert. À côté se tenait un homme. Il m'adressa un regard furtif, sans un mot, avant d'enfoncer une touche du clavier. De la forêt dissimulée dans les entrailles de l'instrument s'élevèrent une nouvelle fois ces effluves de vent dans les feuilles. La soirée s'assombrit un peu plus. J'avais dix-sept ans. » Traduit du japonais par Mathilde Tamae-Bouhon

La tristesse des mots Fairy Pachi,2024-07-13 Je pensais à la mort tous les jours, peu importe ce que je faisais. C'était comme si dans ma tête, une voix me répétait patiemment « Meurs. Meurs. Meurs. Meurs. », et cela à l'infini. J'avais du mal à penser à autre chose ; tout me ramenait à ma grande douleur intérieure, au terrible manque d'amour, et à la puissante honte d'être moi-même. Lorsque la vie est un fardeau, lorsqu'il n'y a plus d'espoir et que le monde s'assombrit, il nous reste l'écriture.
