Love Never Dies Karina Machado,2014-07-01 Unable are the loved to die. For love is immortality. - Emily Dickinson This is a book about the indestructability of love. Journalist and author Karina Machado spoke to over 60 Australians with stories of post-death contact. She shares their life-shattering experience of loss, and shows how their spiritual contact with a deceased lover, friend or family member brought peace, hope and the solace of knowing that their connection lives on. There is the story of a teenage boy who appears in bodily form on the eve of his funeral to bring comfort to his sister. A young husband returns to his widow in time to prevent another tragedy. A grandmother arrives to lovingly care for the infant children of her grief-stricken daughter. A man soothes his heartbroken brother with an otherworldly embrace. Written with grace and compassion, Love Never Dies is as much about the power of loving relationships as it is the phenomenon of the survival of consciousness beyond death.

Messages from the Afterlife Mary Hill,2018-04-20 Mary Hill was spiritual as a teenager and fascinated with the concept of death and dying. She read many books on the subject, but still had fear about her own death. She shares her unique and spiritual experiences as a Registered Nurse and Hospice Case Manager. A close relationship with each patient showed her the divine grace that accompanied the dying process as she assisted them to transition to the afterlife. Several of her patients kept their promise to appear to her after they passed. This was evidence that life, or consciousness, continued after our physical body was dropped. Mary describes her journey watching her mothers decline over the years and experienced the family dynamics that she knew so well. Her mother appeared with messages of love and life lessons for facing many of her fears after her transition. More hospice stories occurred as she continued as a per diem nurse and performed Reiki and Shamanic healing work. Mary shares her views and personal experience on the controversial subject of medical cannabis in treating pain and anxiety. Further discussion continues with her thoughts about Alternative Medicine versus Western Medicine.
