The Book Your Church Doesn't Want You to Read Tim C. Leedom, 1993-01 THE BOOK, as it has come to be known by its adherents & admirers, educates, fascinates & engages us in religion. In this vein, the words of Stevie Wonder seem apropos: Superstition, believing in things you don't understand. The public, priests & parishioners will soon hear of THE BOOK, even though they may not read it. THE BOOK will be a force to be reckoned with. The feeling of a shark lurking offshore on a late summer night is the feeling I get. Content. There's plenty. Stellar/pagan origins of all religions--including Christianity, previous crucified saviors, false prophecies. End times, mind control, pedophilia (child abuse), fundamentalism. THE BOOK is divided into logical sections, including origins, doctrine, Jesus, consequences & think for yourself. There are over 80 clever & informative illustrations. The list of authors is as impressive as the Table of Contents. Entertainer & Renaissance man Steve Allen discusses abortion; Dead Sea Scrolls expert & pioneer Dr. Robert Eisenman observes the Scrolls; Mythologist Jordan Maxwell explores the stars, paganism & modern day myths; Edd Doerr explains Jefferson, Paine & separation of church & state. Emerson told us years ago, Beware of an idea whose time has come. In the words of Tim C. Leedom, editor of THE BOOK, Religious literacy is the theme. As we approach a new century, its time has come. So in that light, be aware of two things whose time has come: literacy & THE BOOK. Kendall/Hunt Pub. Co. Syn., ISBN 0-8403-8908-6. The Book The Church Doesn't Want You To Read Tim Leedom, 2003-12-01 The Book Your Church Doesn't Want You To Read By Tim C. Leedom This book is delivered to you with the hope that that fires will ignite in your mind. The Editor and authors who have spent years of study, research and investigation share in a general point of view - the view that the religious beliefs held by many people in the United States and other countries, are totally unfounded. The foundation of the book is the spirit of free inquiry, from the ancient Greeks - Pythagoras, Socrates and others . This book is an enquiry into crucial issues of today. These issues need examination, for we are now all villagers in the global electronic village of the world, of which social commentator Marshall McLuhan spoke of 30 years ago. This is not an anti-religious book. The search for the meaning of life started long before Moses and, Jesus, Mohammed or organised religion. This book is a reference guide

that is meant to be challenging and informative. Book Size 6 x 9

A Pathway To Union Ariana Khent,2010-03 A Pathway to Union challenges a five-thousand-year old masculine-dominant belief system, which fosters division, separation, and death and offers an in-depth look at a new, balanced feminine and masculine perspective that promotes wholeness, interconnectedness, and respect for life. Suns of God Acharya S,2004 Unlike many modern historians, Perry was a diffusionist who believed that modern civilization began in Egypt and was spread via ships to Indonesia, the Pacific Islands, and even to North America. Perry traces the origin of megalithic culture starting in Egypt, and then across the Pacific. Searching for gold, obsidian, and pearls, they travelled across the Pacific to the American Southwest and Mexico.

The Book Your Church Or Synagogue, Temple, Mosque... Doesn't Want to Read Tim C. Leedom,Maria Murdy,2007 The Book Your Church* Doesn't Want You To Read presents a rare and honest look at one of the most controversial issues of all time: religion. Packed with essays from world-renowned theologians, historians, and researchers, this ground-breaking anthology exposes misrepresentations, challenges age-old beliefs, and seeks to reveal the whole truth to anyone who has ever been told what to believe. It discloses the shocking origins and frail histories of the worlds' major religions and answers questions you never even knew you had. But more than anything, The Book urges and inspires readers to think for themselves. Book jacket.

The Genesis of the Bible Shaka Saye Bambata Dolo,2012-03-06 This book is about Christianity, Islam, Judaism, and how the Arabs and Europeans took these Afrikan Religious Belief Systems from ancient Egypt, North Afrika and used them during The Trans-Sahara Afrikan Slave Trade by the Arabs in the name of Allah, and followed by The Transatlantic Afrikan Slave Trade by the Europeans in the name of Jesus, to enslave the bodies, minds, and souls of the Afrikan Race. This book is about the Jesus Deception that has been passed on down through history by European historians, that is still being taught around the world today. This book takes a provocative intellectual, scholastic, historical, cultural, and sociological look at the Bible. This book identifies the names of the translators of the King James Bible of 1611 A. D., and when the chapters and verses in

the Bible were created and who created them. The purpose of this book is to expose the historical, cultural, sociological, religious and theological lies of the Europeans and the Arabs. This book reveals the truth of the origination of The Bible, as There Is No Religion Higher Than The Truth. Join me in an intellectual odyssey through time. Here, I feel like a Lone Warrior standing before a mighty army. Come with me on this perilous pilgrimage as we travel through a parallel universe. I dedicate this book to my mother and father who gave me life. To the rest of my Native Afrikan family for supporting me and encouraging me on this publishing venture. To the Heavenly Father, without whom none of this would be possible. There are others I would also like to thank for being a part of helping me through this journey called Life, such as my professors at the Alabama State University where many a great scholars paths I have crossed. To my American family and friends in Mobile, Alabama who nurtured and taught me from childhood to adulthood. The many friends and colleagues I met in my travels all across America in my intellectual journey, and last but certainly not least, to my publisher for granting me the opportunity to speak to many all around the world in this forum. I am eternally indebted to you all-Thank you.

Libraries in the Age of Mediocrity Earl Lee,1998-01-01 I only wish I had your paper before me when I wrote *Silicon Snake Oil*--Clifford Stoll. Ultimately, says Earl Lee, libraries are involved in the quest for truth, but conceptualize it in a way very different from most. Library professionals pursue a philosophy of inclusion, trying to have as many versions of Truth as possible, in the hopes that somewhere in the mass of material, something meaningful may be found by some discerning reader. But in recent years the mass of data has grown to bury truth and defeat the discerning. Librarians have lost sight of what is important. The uncontrollable mass of data, the transformation of the library to an information center, the demise of the card catalog, the meretriciousness of publishers offerings, the dumbing down of textbooks, the decision by the Library of Congress to use the OCLC online system exclusively--these are all the subjects of thought-provoking and unsweetened opinions, welcome reminders of the rich tradition of intellectual freedom in the profession.

The Emerald Tablet Dennis William Hauck,1999-03-01 The Emerald Tablet—an ancient document that contains the essence of the alchemical teachings—has had an important influence on many Western spiritual and religious traditions. Ostensibly concerned with turning base metals into gold, alchemy was in fact dedicated to transforming the lead of self into the gold of spirit. This brilliant history of alchemy traces its sources back to ancient Egypt, and presents alchemy as a useful, practical system of self-transformation. Each of the seven steps of alchemical transformation is explained, with hands-on techniques and exercises, treating alchemy as a living discipline for achieving a spiritual awakening.

Restoring the Goddess Barbara G. Walker,2000-03 Harkening back to the widespread worship of a mother goddess at the dawn of civilization, Walker argues for a restoration of this primal religious sensibility which celebrated the Earth's fertility and woman's innate power to bear new life.

Pagans & Christians Gus DiZerega,2001 Although Christianity is still a major religious force, there are growing

numbers of people in other faiths, including the various Pagan traditions. Some Christians have responded to this trend with fear and derision, while some Pagans have reacted to that fear with anger and mistrust. Much of the problem is due to misunderstandings and lack of communication. This can change with Gus diZerega's *Pagans & Christians*. Here you will find a penetrating and illuminating comparison, showing that neither path has the single correct approach to the Divine. Rather, either or both can be authentic and legitimate expressions of the appreciation of the Ultimate Source of All. *Pagans & Christians* is an ideal way to help bridge what at time seems a wide chasm between Christian and Pagan beliefs. By sharing core ideas of both paths, this book provides a way to give deeper mutual understanding and unity among the religions of the world. Although *Pagans & Christians* accepts both paths as valid, the book provides a more in-depth explanation of Paganism ó the minority religion because in some ways, Paganism demands a greater defense and explanation of its beliefs and ideas to dispel misunderstandings. The author is a Third Degree Gardenerian Elder and in *Pagans & Christians* has presented nothing less than a brilliant defense of Paganism, clearly showing how it should stand beside all of the major religions of the world as an equal. As part of this defense, diZerega gives a listing of biblical contradictions and Christian philosophical difficulties which can help any Pagan responding to a negative attack, and will help any Christian to view his or her religion as a way, not the way. Winner of the 2001 Coalition of Visionary Resources (COVR) Award for Best Non-fiction Book

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical, bodily resurrection. Present-day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English-language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. *A Thematic Access-Oriented Bibliography of Jesus's Resurrection* addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories, which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

To Believe Or Not To Believe: The Social and Neurological Consequences of Belief Systems Rahasya Poe, 2009-11-06 *To Believe or not To Believe: The Social and Neurological Consequences of Belief Systems* An in-depth look at how we limit our conscious evolution by maintaining rigid belief systems that no longer serve us and are lacking any logic

or reason considering today's advances in physics, neuroscience, and recent archaeological finds. Neuroscience has shown that people who meditate have much higher brain coherence than people who don't; this balance is thought to be the gateway for spiritual enlightenment, which could be viewed as a bioneurological event. Through a better understanding of reality and our relationship to it, humankind will be able to see through the veils of illusion that keep us in constant conflict with one another. Included are interviews with Dr. Bruce Lipton, Dr. Joe Dispenza, Dr. Andrew Newberg, Fred Alan Wolf, Neale Donald Walsch, Lynne McTaggart, Gary Zukav, Amit Goswami, Shakti Gawain, Dan Millman, Byron Katie, Alberto Villoldo, PhD, Drunvalo Melchizedek, Peter Russell, Timothy Freke, and Rollin McCraty of HeartMath. The book's message reflects the words of Voltaire: "Those who can make you believe absurdities can make you commit atrocities."

Satana Central Scott Barry, 2018-08-22 This is a collection of my blog full of a bunch of random garbage posts of nonsense about random political and other stuff. Also a decent self-help book.

The Secret Yoga of the Vikings Steven A. Key, 2019-09-13 With their secretive poetic lore and even more mysterious pantheon of gods led by Odin the All-Father; Thor, the great Hammer-Striker; Loki, the Evil One, and Heimdal, the Cosmic Horn Blower, it is almost impossible not to love the Vikings. But there are even more fans of the multi-faceted yoga systems devised by the ancient Hindustani in India more than five thousand years ago. Steven A. Key makes the case that transcendental yoga has not only endured over the millennia, but that it has traveled in different forms of spiritual or religious expression in *The Secret Yoga of the Vikings*. Drawing on the writings of Joseph Campbell, the famous mythologist who hinted at a link between the cultures of the Eastern Hindus and the Northern Vikings, as well as other great thinkers, the author shows that yoga has influenced Buddhism, Christianity, and yes - even the tenth-century Vikings. Discover how a spiritual cult of anonymous Odin warriors who died long ago was likely responsible for the writing of the Poetic Edda itself as well as the role transcendental yoga played in the life of the Vikings.

Essays on the Bible Michael Ledo, 2010-04-12 Formerly titled *Bible Bloopers: Evidence that Demands a Verdict Too!* This is a collection of essays about the Bible from a skeptic. This was originally written in the 1990's for the Atlanta Freethought Society. The book was a sellout. It has been out of print, until now. The commentary has been updated and revised. Ledo examines numerous pop theories about Jesus and dismisses them. Many essays are the accepted scholarly notions about the Bible which are translated into layperson's language. Michael is also a bit of a heretic, even among his peers. He also looks at rejected theories about the Bible and endorses them. Michael Ledo is author of the landmark book, *On Earth as it is Heaven, The Cosmic Roots of the Bible*.

The Christ Conspiracy Acharya S., 2012-09-04 In this highly controversial and explosive book, archaeologist, historian, mythologist and linguist Acharya S. marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret societies, mystery schools and religions in order to unify

the Roman Empire under one state religion. In developing such a fabrication, this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era, and reworked them for centuries into the religion passed down to us today. Contrary to popular belief, there was no single man who was at the genesis of Christianity; Jesus was many characters rolled into one. These characters personified the ubiquitous solar myth, and their exploits were well known, as reflected by such popular deities as Mithras, Heracles/Hercules, Dionysos and many others throughout the Roman Empire and beyond. The story of Jesus as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior-gods Krishna and Horus, who for millennia preceding Christianity held great favor with the people. The Christ Conspiracy shows the Jesus character as not unique or original, not “divine revelation.” Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces. The result of this myth making has been “The Greatest Conspiracy Ever Sold.” .

From Mythology to Reality: Moving Beyond Rastafari Seon M. Lewis, 2013-10-19 The main thesis of this book is based on the Rastafarian Movement. This book presents information about this movement, in one place, that is largely not known by the many adherents of the faith. Moreover, this book presents a unique view of the Movement; a view embedded in a Grenadian Caribbean experience. This view, however, is not narrowly placed, but is argued within a wider world context, and, thus, explains whether the Rastafarian movement can be a force for good, both within the black community and the world at large. Editor and author Norm R. Allen Jr. said that This well-researched book expertly demolishes the ridiculous notion among Rastafarians that Emperor Haile Selassie of Ethiopia is God. Moreover, Lewis offers many excellent critiques of theism, the Bible, Rastafarianism, Afrocentric thought and religion in general. This book is informative to everyone.

The Awakening of Global Consciousness Jawara D. King, D.D., 2010-07-26 One of the world's leading spiritual teachers returns with an inspiring and provocative message with solutions to our planetary crises, offering effective steps to change the world and integrate all levels of our Being. Religion is psychological entrapment promoting the controlled behavior of the herd civilization. Institutionalized organized religion is the cause of enslavement, violence, prejudice, hatred, classism, and war. False religious institutions created god in their own personal image and after the likeness of their own mind for control and money. Every religious holy book has been altered, dissected, rewritten, and censored to appear as the word of God, and all the gods of religious holy books are controlled by fundamentalists. Organized religion is a serious threat to the human race and a mental illness that afflicts over 80% of the world's population. It has nothing to do with spirituality and is no more than a collection of unholy lies. The spiritual terrorism of religion frowns upon free will, dispises questions, prohibits doubt, and survives on blind faith. Eternal life with God is only promised to the obedient religious-slaves who unconditionally follow rigid religious belief structures. This mythology was created based on division, not unity. Control is the essence of evil. The easiest way to control humanity is through fear, which is why the religious Elite created gods of intimidation and fear; to

control others and solicit money. The Awakening of Global Consciousness is a must read for the millions who've read Jawara's earlier classic books and a great beginning for those unfamiliar with his great works questioning the validity of the world's three major religions.

African Humanity Revd. Dr. Robinson A. Milwood, 2012-02-03 My thesis is basically intended for theological and philosophical students and at the same-time their lecturers in biblical theology, systematic theology and philosophy of religion. There is no doubt in my mind that these disciplines must surgically forcefully put through the hermeneutical operation of radicalism and liberation black theology and black studies. Because liberation black theology and black studies are both pertinent and existential to black people not only in the diaspora but principally within the demography of Africa. Why? Because Africa is the social, economic, political, scientific, spiritual, theological and psychological incubation chamber with the legacies of the transatlantic slave trade, colonialism and semantic cultural Christianization of Africans. The besom merchants, traders, planters, slavers, missionaries, philosophers, historians, theologians and scientists, with savagery and brutality imposed on African slaves mendaciously that enslavement was good for Africans. It is therefore apposite for liberation black theology and black studies particularly in praxis to critique and challenge the systems and endogenous forces that violated and emasculated Africans empowerment and humanity. The slaves were brutally transformed physically and psychologically. The slaves potentialities endowed with the imprint of the African traditional belief in a supreme being and prime mover of the cosmos was transgressed with falsehood that their belief in a supreme being was primitive and paganistic. For Africans the supreme being is within their inner consciousness. The enslavement of Africans was without morality and justice. The creation of a symbiosis of liberation theology, liberation black theology and hermeneutical application and praxis is sempiternal significance to the black experience and the Jesus of the black experience that gives timba to the dis-empowered blacks of the streets of Accra and the continent of Africa that were consciously made into the apocalyptic and eschatological symbol of poverty, dis-possessed, impuissant politically and economically in a world that is dominated with nuclear weapons and technological hegemony. In the midst of such imbalance and the perversion of justice and equality regardless of ethnicity, black people must make the conscious, spiritual and psychological connection with the Jesus of the stigmata of the imprisoned African slaves on the Middle Passage and the diabolical plantations. There is no another way according to the sociological, theological, psychological impacting force of the various violations of Africans dignity, liberty, freedom, equality and humanity of black people in all dimensions of struggles to become veridical human beings in the full image of God. That is to say, theologically and sociologically the derivatives of shalom culminating in the absolute restoration of black humanity. With the force of chimerical-ism twinned with the black mans epistemological dreams without empiricism and existentialism. It is at this juncture that all the mythological aspirations are reduced to the level of stultification because Christianity with the painting of a white plastic Jesus cannot be connected with the black experience.

When on Good Friday black people sing with effusive passion Jesus keep me near the Cross the Kebuka and Maafa on the plantation sufferings, brutalization and de-humanization rings with
