Quotes by George R. R. Martin Lilith Regan,2020-03-20 A reader lives a thousand lives before he dies, said Jojen. The man who never reads lives only one.Bran thought about it. 'Can a man still be brave if he's afraid?' 'That is the only time a man can be brave, ' his father told him.Love is poison. A sweet poison, yes, but it will kill you all the same.Laughter is poison to fear.Sleep is good, he said. And books are better.It is one thing to be clever and another to be wise.A ruler who hides behind paid executioners soon forgets what death is.Give me honorable enemies rather than ambitious ones, and I'll sleep more easily by night.Archmaester Rigney once wrote that history is a wheel, for the nature of man is fundamentally unchanging. What has happened before will perforce happen again.Oh, It's truth you want? Be careful, my lady. George R.R. Martin and the Fantasy Form Joseph Young,2019-03-13 Using the frameworks of literary theory relevant to modern fantasy, Dr. Joseph Young undertakes a compelling examination of George R. R. Martin's A Song of Ice and Fire and his employment of the structural demands and thematic aptitudes of his chosen genre. Examining Martin's approaches to his obligations and licenses as a fantasist, Young persuasively argues that the power of A Song of Ice and Fire derives not from Martin's abandonment of genre convention, as is sometimes asserted, but from his ability to employ those conventions in ways that further, rather than constrain, his authorial program. Written in clear and accessible prose, George R. R. Martin and the Fantasy Form is a timely work which encourages a reassessment of Martin and his approach to his most famous novels. This is an important work for both students and critics of Martin's work and argues for a reading of A Song of Ice and Fire as a wide-ranging example of what modern fantasy can accomplish when employed with an eye to its capabilities and purpose.

The Coleman Stories Jani Ojala,2020-07-20 The Coleman Stories tells six bitter stories of inter-generational violence. 20 years of trying to find a purpose in a destructive legacy. So few fighters ever get to tell their story; let alone this family of killers and career-criminals. The 1st story catches up with William Coleman, a 15-year-old American boy relocated to Oulu as a kid... about to burn a man alive in a warehouse. He tells his life story to Johnny Green, as two can keep a secret if one of them is dead. William's two lives, and the looming threat of him finding his heart after channeling his hate outward all his life... gets to his core. The 2nd story grows from the 1st, and showcases a reality of the Coleman legacy; a whirling storm, sucking in all involved. The 3rd story follows William's father, James, on his way to the top of the mysteriously influential Greens. The 4th story finds people seizing second chances in life - so rare to have - and struggling not to be overcome by

things that got drowned in the river of time along with their former life. The 5th story finds the Coleman men confronting or confining to their demons... while Sanna Coleman finds a mother within herself. The legacy ends at story 6.

Sold Down the Yangtze Gus Van Harten, 2015-08-13 When legal experts finally saw the terms of the investment deal Canada had signed with China, they could hardly believe what their eyes. The deal was unprecedented -- Canada had never given so much away to a trading partner. But Ottawa did not allow a full public review, and ultimately ratified the deal in 2014 with no changes. And the government moved forward with other trade deals that contain many of the same flaws. In this book, investment treaty expert Gus Van Harten offers the first-ever independent take on the details of the China-Canada investment deal and what it means for Canadians. Many of the deal's provisions are so extreme that readers may find it almost impossible to believe that the Canadian government agreed to them. He explains how this agreement, and others like it, give multinational corporations and rich investors superpowers over governments. Secretive courts staffed by private lawyers, not judges, are able to order governments to pay these investors billions for policies and decisions they object to. In simple language and easy to follow analysis, Van Harten offers a window into this secretive and obscure world. He documents the many ways Canadians lose out in the China-Canada deal, and how taxpayers may find themselves footing the bill for billions of dollars to Chinese investors who object to the actions of democratically-elected municipal, provincial and federal governments. This deal -- in place for a minimum 15 years -- includes terms that may well turn up in other trade and investment agreements. Gus Van Harten offers practical steps for a better, more informed public debate on this vital topic.
