The Columbia Anthology of Modern Chinese Drama Xiaomei Chen,2014-03-25 This condensed anthology reproduces close to a dozen plays from Xiaomei Chen's well-received original collection, The Columbia Anthology of Modern Chinese Drama, along with her critical introduction to the historical, cultural, and aesthetic evolution of twentieth-century Chinese spoken drama. Comprising representative works from the Republican era to postsocialist China, the book encapsulates the revolutionary rethinking of Chinese theater and performance that began in the late Qing dynasty and vividly portrays the uncertainty and anxiety brought on by modernism, socialism, political conflict, and war. Chosen works from 1919 to 1990 also highlight the formation of national and gender identities during a period of tremendous social, cultural, and political change in China and the genesis of contemporary attitudes toward the West. PRC theater tracks the rise of communism, juxtaposing ideals of Chinese socialism against the sacrifices made for a new society. Post-Mao drama addresses the nation's socialist legacy, its attempt to reexamine its cultural roots, and postsocialist reflections on critical issues such as nation, class, gender, and collective memories. An essential, portable guide for easy reference and classroom use, this abridgment provides a concise yet well-rounded survey of China's theatricality and representation of political life. The original work not only established a canon of modern Chinese drama in the West but also made it available for the first time in English in a single volume.

On Chinese Body Thinking Wu,2021-11-01 This book uses Western philosophical tradition to make a case for a form of thinking properly associated with ancient China. The book's thesis is that Chinese thinking is concrete rather than formal and abstract, and this is gathered in a variety of ways under the symbol "body thinking". The root of the metaphor is that the human body has a kind of intelligence in its most basic functions. When hungry the body gets food and eats, when tired it sleeps, when amused it laughs. In free people these things happen instinctively but not automatically. The metaphor of body

thinking is extended far beyond bodily functions in the ordinary sense to personal and communal life, to social functions and to cultivation of the arts of civilization. As the metaphor is extended, the way to stay concrete in thinking with subtlety becomes a kind of ironic play, a natural adeptness at saying things with silences. Play and indirection are the roads around formalism and abstraction. Western formal thinking, it is argued, can be sharpened by Chinese body thinking to exhibit spontaneity and to produce healthy human thought in a community of cultural variety.

Lost in Taiwan (A Graphic Novel) Mark Crilley, 2023-05-23 In this exciting graphic novel about stepping out of your comfort zone, a traveler finds himself lost in Taiwan with no way of finding his brother—but he soon learns that this forced disconnect is helping him explore and experience the big wide world around him. THIS WASN'T PAUL'S IDEA. The last thing he's interested in is exploring new countries or experiencing anything that might be described as "cultural enrichment." But like it or not, he's stuck with his brother, Theo, for two weeks in Taiwan, a place that—while fascinating to Theo—holds no interest to Paul at all. While on a short trip to a local electronics store, Paul becomes hopelessly lost in Taiwan's twisting, narrow streets, and he has no choice but to explore this new environment in his quest to find his way back to Theo's apartment. In an unfamiliar place with no friends—and no GPS!—there's no telling what adventures he could happen upon. And who knows? Maybe it turns out he has friends in Taiwan, after all.

The Poetics of Grief and Melancholy in East-West Conflicts and Reconciliations Chi Sum Garfield Lau, Kelly Kar Yue Chan, 2024-03-01 This book is a collection of academic essays that examines the representation, esthetics and dichotomy of the notions of grief and melancholy in East-West exchanges and cultural dialogues. It explores the topic in the dimensions of individual behaviors under specific social norms and cultural products such as literature, film and any other forms of arts/genres, etc. In his 1917 work *Mourning and Melancholia* (*Trauer und Melancholie*), Sigmund Freud connected the grief of loss with melancholic emotions which may give rise to acts of mourning. He suggested that "[i]n mourning it is the world which has become poor and empty; in melancholia it is the ego itself" (Freud, 1917: 246). Inspired by Freud's stance and with the goal of providing up-to-date intellectual resources for academics, researchers and students with ardent interests in the varying exemplifications of grief and melancholy in Sino-Western contexts, the book serves more than a discussion over the pragmatic and ritualistic connections of grief and melancholy in relation to the inner self and the external world. It aims at the pursuit of a contemporary theorization of grief and melancholy beyond its modern limits.

Modern Drama by Women 1880s-1930s Katherine E. Kelly, 2002-09-11 Modern Drama by Women 1880s-1930s offers the first direct evidence that women playwrights helped create the movement known as Modern Drama. It contains twelve plays by women from the Americas, Europe and Asia, spanning a national and stylistic range from Swedish realism to Russian symbolism. Six of these plays are appearing in their first English-language translation. Playwrights include: * Anne-Charlotte Leffler Edgren (Sweden) * Amelai Pincherle Rosselli (Italy) * Elsa Bernstein (Germany) * Elizabeth Robins (Britain) * Marie Leneru (France) * Alfonsina Storni (Argentina) * Hella Wuolijoki (Finland) * Hasegawa Shigure (Japan) * Rachilde (France) * Zinaida Gippius (Russia) * Djuna Barnes (USA) * Marita Bonner (USA) This groundbreaking anthology explodes the traditional canon. In these plays, the New Woman represents herself and her crises in all of the styles and genres available to the modern dramatist. Unprecedented in diversity and scope, it is a collection which no scholar, student or lover of modern drama can afford to miss.

House of Darkness House of Light Andrea Perron, 2011-03-08 Roger and Carolyn Perron purchased the home of their dreams and eventual nightmares in December of 1970. The Arnold Estate, located just beyond the village of Harrisville, Rhode Island seemed the idyllic setting in which to raise a family. The couple unwittingly moved their five young daughters

into the ancient and mysterious farmhouse. Secrets were kept and then revealed within a space shared by mortal and immortal alike. Time suddenly became irrelevant; fractured by spirits making their presence known then dispersing into the ether. The house is a portal to the past and a passage to the future. This is a sacred story of spiritual enlightenment, told some thirty years hence. The family is now somewhat less reticent to divulge a closely-guarded experience. Their odyssey is chronicled by the eldest sibling and is an unabridged account of a supernatural excursion. Ed and Lorraine Warren investigated this haunting in a futile attempt to intervene on their behalf. They consider the Perron family saga to be one of the most compelling and significant of a famously ghost-storied career as paranormal researchers. During a sance gone horribly wrong, they unleashed an unholy hostess; the spirit called Bathsheba a God-forsaken soul. Perceiving herself to be mistress of the house, she did not appreciate the competition. Carolyn had long been under siege; overt threats issued in the form of fire a mother's greatest fear. It transformed the woman in unimaginable ways. After nearly a decade the family left a once beloved home behind though it will never leave them, as each remains haunted by a memory. This tale is an inspiring testament to the resilience of the human spirit on a pathway of discovery: an eternal journey for the living and the dead.

The Romance of River and Rain Ann Shaver, 2025-06-17 Wounded and scarred travelers find one another on their journeys and make a life deep in a mountain fief -- only to discover they hold the secret of the most sought-after treasure on earth. Will it destroy the lives of everyone around them -- including themselves? Ask the Two Toads who guard the entrance to the fief. They know.

Hollywood Hex Mikita Brottman, 1999 A unique addition to the scant literature which examines those films that have in one way or another been associated with death. Starting with the earliest Hollywood suicides and jinxed movies to the death cult of James Dean, to links with Charles Manson, Satanic churches, snuff culture, and mass murders, plus the mysterious death of Bruce Lee, and the equally strange demise of his son Brandon, HOLLYWOOD HEX discloses the dark, enigmatic connections between cinematic narratives, and human catastrophe, forming a psychogeographic study of this fascinating Dream factory.
