Democrats and Autocrats Agustina Giraudy, 2015-02-12 Despite the fact that countries transitioned to democracy, many citizens residing in peripheral regions continue to live under undemocratic rule. *Democrats and Autocrats* studies the existence of subnational undemocratic regimes (SURs) alongside national democratic regimes in Latin America. The book fundamentally challenges the assumption that there is one single pathway to subnational undemocratic regime (SUR) continuity within countries. It shows instead the existence of multiple, within-country, pathways that lead to SUR continuity. The study is premised on the notion that SURs within countries not only differ among each other but that they maintain different relations with the federal government, which is why they are reproduced differently. Using a multi-method approach, *Democrats and Autocrats* shows that, within-country, alternative trajectories of SUR continuity in Argentina and Mexico result first and foremost from the capacity (or lack thereof) of national incumbents to wield power over SURs and subnational autocrats. Contrary to conventional wisdom, the book argues that there are multiple pathways for SURs reproduction within democratic countries. These pathways, in turn, are determined by a specific combination of intergovernmental interactions, all of which are shaped by institutional and economic national and subnational variables. The explanation of SUR continuity advanced in this book is tested in contemporary Argentina and Mexico using a multi-method approach. Both quantitative and qualitative methods, as well as cross-national and within-country comparisons are employed to test pathways of SUR continuity in two of Latin America's largest countries. *Transformations in Governance* is a major new academic book series from Oxford University Press. It is designed to accommodate the impressive growth of research in comparative politics, international relations, public policy, federalism, environmental and urban studies concerned with the dispersion of authority from central states up to supranational institutions, down to subnational governments, and side-ways to public-private networks. It brings together work that significantly advances our understanding of the organization, causes, and consequences of multilevel and complex governance. The series is selective, containing annually a small number of books of exceptionally high quality by leading and emerging scholars. The series targets mainly single-authored or co-authored work, but it is pluralistic in terms of disciplinary specialization, research design, method, and geographical scope. Case studies as well as comparative studies, historical as well as contemporary studies, and studies with a national, regional, or international focus are all central to its aims. Authors use qualitative, quantitative, formal modeling, or mixed methods. A

trade mark of the books is that they combine scholarly rigour with readable prose and an attractive production style. The series is edited by Liesbet Hooghe and Gary Marks of the University of North Carolina, Chapel Hill, and the VU Amsterdam, and Walter Mattli of the University of Oxford.

Los intelectuales y el poder Gerardo Russo,2016-06-01 Los intelectuales y el poder. El caso La Rioja analiza la relación existente entre los intelectuales riojanos y el poder en el período 1900 - 1930. La existencia de un campo intelectual compuesto por quienes se dedicaban a tareas de producción ideológica, reflexión, o en general a la creación de productos simbólicos, la composición social y la política de esta intelectualidad, ideología a la que adscribían, el papel desempeñado en la sociedad, las razones a que obedecía la legitimación de tal o cual grupo de intelectuales, como así su inserción en el campo del poder, al que se define principalmente como poder político, constituye el núcleo central de este trabajo.

Jacobinos sin Revolución Adrian Gustavo Mercado Reynoso,2022-07-01 ¿Cuál fue la motivación para que hombres y mujeres, jóvenes y trabajadores, cañeros y curas, estudiantes y amas de casa se integrasen a organizaciones políticas de carácter militar? ¿Qué los empujó a tomar las armas? En esa Argentina de mediados del siglo pasado, ¿hubo un Zeigeist o espíritu de una época? Así, Jacobinos sin revolución. Memoria histórica y memoria local en los años de la violencia política en la Argentina contemporánea nos entrega una compilación de trabajos sobre las organizaciones armadas argentinas —amparadas por la interpretación clausewiana de que toda lucha política conlleva siempre un sustrato militar—, las movilizaciones ecológicas y el anticomunismo, temas que no habían sido abordado desde la microhistoria regional.

Alvear Félix Luna,2011-06-01 En esta biografía del presidente Marcelo Torcuato de Alvear, el autor trasluce una cálida simpatía hacia el personaje que no inhibe la crítica severa. En ella aparecen no solo las decisiones políticas más importantes, sino escenas y episodios reveladores de la sociedad de entonces y de sus contradicciones. La infancia cómoda y respetable de Alvear, sus viajes a Europa, su matrimonio con Regina Pacini, sus actuaciones políticas tempranas, su amistad con Yrigoyen, la vocación que lo obligó a asumir una labor que entrañaba peligros, molestias y constantes renunciamentos, resultan testimonio de valor incalculable tanto en lo histórico como en lo social. La Argentina es un país sin aristocracia: «Basta trepar un poco el árbol genealógico para topar con el abuelo contrabandista o bolichero», dice con gracia Félix Luna en este libro, publicado por primera vez en 1958. En el caso del presidente Marcelo Torcuato de Alvear su apellido, ciertamente ilustre, no le impidió afiliarse en su juventud al partido radical y sostener este compromiso, en el triunfo y en la derrota, hasta en fin de su vida.

parecer, tanto en México como en el resto de América Latina, todavía no están claros ni siquiera los fundamentos del Estado de derecho. No está claro su contenido mismo, qué puede hacer para consolidar nuestras incipientes democracias o por qué sería útil para disminuir nuestros índices de violencia cotidiana.

Humanities Lawrence Boudon,2002-08-01 Beginning with volume 41 (1979), the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the Handbook alternates from year to year between social sciences and humanities. The Handbook annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The Handbook of Latin American Studies is the oldest continuing reference work in the field. Lawrence Boudon became the editor in 2000. The subject categories for Volume 58 are as follows: Electronic Resources for the Humanities Art History (including ethnohistory) Literature (including translations from the Spanish and Portuguese) Philosophy: Latin American Thought Music

El jefe Gabriela Cerruti,2021-03-01 Cuando en 1988 Carlos Saúl Menem se lanzó a competir en las internas, una joven periodista se subió al menemóvil para cubrir la contienda. A partir de ese momento siguió paso a paso la avasalladora carrera de quien fuera Presidente de la Argentina entre 1989 y 1999. Este libro desnuda a uno de los hombres más intrigantes y controvertidos de la escena nacional, sus ambiciones, su osadía, su pragmatismo, sus traiciones y la construcción de su impunidad. El Jefe nos brinda una dimensión privilegiada de una personalidad magnética e insondable y de la década que transformó como ninguna otra a la sociedad y el Estado. Asimismo desentraña el complejísimo entramado de integrantes del gobierno, empresarios, periodistas y grupos de poder que cobraron notoriedad en esos años: algunos de ellos encabezan grandes grupos de negocios hoy. Es, en suma, un fascinante análisis de la década del noventa y de la historia del peronismo, que tuvo en el menemismo una variante que dejó una huella imborrable en el modo de hacer política y negocios en la Argentina. Un libro contundente, bestseller indiscutido, con más de 200.000 ejemplares vendidos. Gabriela Cerruti actualiza los años que inscribieron la corrupción, la frivolidad y el neoliberalismo como un crucial punto de inflexión en la historia del país.

South American Handbook Daniel Austin,Ben Box,2025-07-14 South America is a land of superlatives. Home to the world's longest mountain range, tallest waterfall, largest rainforest, driest desert, widest river and highest lake, it astounds with its variety. Now published by Bradt Guides, the award-winning, legendary South America Handbook holds a world record of its own as the longest-running English-language travel guidebook. This brand new, fully updated 95th edition

celebrates the centenary of the Handbook, which remains as essential for travellers to South America today as it was in the 1920s. Embark on extraordinary journeys through the breathtaking landscapes and vibrant cultures of this amazing continent, where every corner tells of ancient civilisations or natural wonders. Wherever you travel, South America will uplift your senses – from the tropical sun rising over a palm-fringed beach to a bracing wind blowing off Andean salt-pans, from tango in downtown Buenos Aires to the culinary symphony of modern Peruvian cuisine, and from Easter Island’s mysterious Moai statues to mainland Chile’s majestic glaciers. Wander through the cobbled streets of historic Cusco, echoes of the Inca Empire resonating in every stone. Feel the rhythm of life in the sultry beats of Rio de Janeiro’s carnival, where samba and colour take centre stage. Or explore the wonders of the Galápagos Islands, where nature unfolds in its purest form, revealing a paradise teeming with unique flora and fauna. Whatever South America inspires you to do, you will find that there is no limit to the passion that it fires within you. In this era of countless websites which bring images and information from every barrio and pueblito, the South American Handbook advises on how to navigate between each place, big or small, in every country. It is your key to a treasure trove of diverse landscapes, rich tapestry of cultures and hospitable peoples – and a celebration of the spirit of adventure and independence that characterises travel in the world’s greatest continent. Drawing on the expertise of correspondents in the region and travellers’ experiences, this centenary edition of the Handbook provides the thread from Acandi to Ushuaia and everywhere you may wish to stop off in between.

Chacho Oscar Muño, 2016-06-01 El general de las causas perdidas. Nunca triunfador, jamás vencido, Ángel Peñaloza pelea por los suyos largas campañas que no puede ganar. Combate junto a jefes prestigiosos: Quiroga, Lavalle, Benavides, Urquiza. Enfrenta, lanza en mano, a los gobernadores porteños más poderosos del siglo: Juan Manuel de Rosas y Bartolomé Mitre. Ambos siguen contra él persecuciones de exterminio. Todos, aún sus enemigos, reconocen en Peñaloza un hombre de bien. Nadie lo acusa de haber torturado ni ejecutado a los vencidos en tiempos que todos lo hacían. Sarmiento y Hernández, las dos grandes plumas del siglo XIX, dedican sus propias biografías al Peñaloza. Hernández ve en Chacho “uno de los caudillos más prestigiosos, más generosos y valientes, que ha tenido la República Argentina”. Hasta Sarmiento, su adversario implacable, termina admitiendo que “alguna cualidad verdaderamente grande debía de haber en el carácter de aquel viejo gaucho”. Las guerras del Chacho remontan a valores, creencias y costumbres de una época ya lejana. Un mundo sin telégrafos, trenes, ni rutas transitables. Un tiempo en que la Argentina interior se ve sometida a la tensión del mayor cambio político, económico, demográfico, cultural e institucional de su historia.
