The Curve of Time M. Wylie Blanchet, 2024-10-05 A beloved and bestselling Pacific Northwest classic, now available in paperback from Harbour Publishing! Widowed at the age of thirty-five, Muriel Wylie Blanchet packed up her five children in the summers that followed and set sail aboard the twenty-five-foot Caprice. For fifteen summers, in the 1920s and 1930s, the family explored the coves and islands of the BC coast, encountering settlers and hermits, hungry bears and dangerous tides, and falling under the spell of the region's natural beauty. Driven by curiosity, the family followed the quiet coastline, and Blanchet—known as Capi, after her boat—recorded their wonder as they threaded their way between the snowfields, slept under the bright stars and wandered through Indigenous winter villages left empty in the summer months. *The Curve of Time* weaves the story of these years into a memoir that has inspired generations to seek out their own adventures on the wild west coast. First published in 1961, less than a year before the author died, Blanchet's captivating work has become a classic of travel writing, and one of the bestselling BC books of all time.

Following the Curve of Time Cathy Converse, 2011-02-01 Cathy Converse has given us a welcome commentary on Capi Blanchet and her world, one that enriches our understanding of both. —The Tyee A paperback edition of the BC Book Award-nominated biography of Capi Blanchet, the author of the BC coastal classic, *The Curve of Time*. After her husband died in 1926 from a suspected drowning, Capi Blanchet spent every summer cruising BC's west coast with her five children and their dog in the family's 25-foot boat. *The Curve of Time* is the book Capi wrote chronicling these adventures, and it remains a bestseller and a classic in the annals of nautical literature. But little is known about the rest of her life. Cathy Converse found herself asking: who was this skipper, this mother, this writer? In this biography, Converse offers insiders' recollections of this enigmatic woman, along with family photos and updated information about the villages, inlets and islands described in *The Curve of Time*. *Following the Curve of Time* is essential reading for anyone who has ever been captivated by the book, the West Coast or Capi herself.

**Discovering Eve** Carol Meyers,1991-01-10 This groundbreaking study looks beyond biblical texts, which have had a powerful influence over our views of women's roles and worth, in order to reconstruct the typical everyday lives of women in ancient Israel. Meyers argues that biblical sources alone do not give a true picture of ancient Israelite women because urban elite males wrote the vast majority of the scriptural texts and the stories of women in the Bible concern exceptional individuals rather than ordinary Israelite women. Analyzing the biblical material in light of recent archaeological discoveries about rural village life in ancient Palestine, Meyers depicts Israelite women not as submissive chattel in an oppressive patriarchy, but rather as strong and significant actors within their families and society.
