

The Song Of Achilles Quotes

John Gay

The Song of the Sirens Pietro Pucci,1998 In this collection of his essays on Homer, some new and some appearing for the first time in English, the distinguished scholar Pietro Pucci examines the linguistic and rhetorical features of the poet's works. Arguing that there can be no purely historical interpretation, given that the parameters of interpretation are themselves historically determined, Pucci focuses instead on two features of Homer's rhetoric: repetition of expression (formulae) and its effects on meaning, and the issue of intertextuality.

Aristotle on What Emotions Are Giles Pearson,2024-07-31 This book provides the first systematic interpretation of what Aristotle thinks occurrent emotions are and points to some philosophical merits of his account. It is argued that he holds that emotions are representational pleasures or distresses that are formed in response to other intentional states that apprehend their objects. Even this bare formulation of his view is notable in several respects. First, the idea that the pleasures or distresses of emotions are representational--directed at objects in the world (or ourselves)--contrasts sharply with accounts that identify emotions with non-representational sensations or feelings. Second, the notion that emotions are pleasurable or distressful responses to other intentional states that apprehend their objects provides a fundamental contrast with many current accounts which instead view emotions as (in part) modes of apprehension or kinds of epistemic state themselves. Third, Aristotle's view stands in opposition to motivational accounts of emotions, insofar as while he thinks that emotions interact with desires or motivational states in important ways, he does not think they are themselves (even in part) motivational states. They are representational pleasures or distresses alone. Together, these three points give Aristotle a novel understanding of the representational role emotions play; namely, neither descriptive, nor prescriptive, but reactive. Besides developing these ideas, both textually and philosophically, the book also explores how Aristotle individuates emotion types; his understanding of the material dimension of emotions; and how his view can provide a novel explanation of recalcitrant emotions, a notoriously problematic phenomenon for many recent accounts of emotions.

Epic Grief Christos Tsagalis,2012-08-06 This study of the gooi or personal laments in Homer's Iliad once and for all articulates the poetic techniques regulating this type of speech. Going beyond the tendency to view lament as a repetitive and group-based activity, this work shows instead the primacy of the goos, a sub-genre which the Iliad has produced by absorbing the funerary genre of lament. Oral theory, narratology, semiotics, rhetorical analysis are deftly applied to explore

the ways personal laments develop principal epic themes and unravel narrative threads weaving the thematical texture of the entire Iliad (and beyond): the wrath of Achilles, the deaths of Patroclus and Hector, the grief of Achilles and his future death, the foreshadowing of Troy's destruction. Winner of the Annual Award in Classics (2007) of the Academy of Athens.

The Ancient Greek Hero in 24 Hours Gregory Nagy, 2020-01-07 What does it mean to be a hero? The ancient Greeks who gave us Achilles and Odysseus had a very different understanding of the term than we do today. Based on the legendary Harvard course that Gregory Nagy has taught for well over thirty years, *The Ancient Greek Hero in 24 Hours* explores the roots of Western civilization and offers a masterclass in classical Greek literature. We meet the epic heroes of Homer's Iliad and Odyssey, but Nagy also considers the tragedies of Aeschylus, Sophocles, and Euripides, the songs of Sappho and Pindar, and the dialogues of Plato. Herodotus once said that to read Homer was to be a civilized person. To discover Nagy's Homer is to be twice civilized. "Fascinating, often ingenious... A valuable synthesis of research finessed over thirty years." —Times Literary Supplement "Nagy exuberantly reminds his readers that heroes—mortal strivers against fate, against monsters, and...against death itself—form the heart of Greek literature... [He brings] in every variation on the Greek hero, from the wily Theseus to the brawny Hercules to the 'monolithic' Achilles to the valiantly conflicted Oedipus." —Steve Donoghue, Open Letters Monthly

On Heroes Philostratus (the Athenian), 2003 This English translation, with introduction and notes, an extensive glossary, maps, and topical bibliographies, explores religious authority and revealed knowledge and is indispensable for the study of Homer, heroes, literature, religion, and culture in the Roman Empire and Late Antiquity. Paperback edition is available from the Society of Biblical Literature (www.sbl-site.org).

The Routledge Companion to the Reception of Ancient Greek and Roman Gender and Sexuality K. Moore, 2022-08-22 This Companion covers a range of receptions of ancient Greek and Roman gender and sexuality. It explores ancient representations of these concepts as we define them today, as well as recent perspectives that have been projected back onto antiquity. Beginning in antiquity, the chapters examine how the ancient Greeks and Romans regarded concepts of what we would today call gender and sexuality based on the evidence available to us, and chart the varied interpretations and receptions of these concepts across time to the present day. In exploring how different cultures have received the classical past, the volume investigates these cultures' different interpretations of Greek and Roman sexualities, and what these interpretations can reveal about their own attitudes. Through the contributions in this book, the reader gains a deeper understanding of this essential part of human existence, derived from influential sources. From ancient to modern and postmodern perspectives, from cinematic productions to TikTok videos, receptions of ancient gender and sexuality abound. This volume is of interest to students and scholars of ancient history, gender and sexuality in the ancient world, and ancient societies, as well as those working on popular culture and gender studies more broadly.

Classical Literature & History of English Literature For B.A. (Sem.-5) According to NEP-2020 R.

Bansal,2023-12-04 Contents: 1. Important Concepts In English Literature 2. The Republic (By Plato) 3. Iliad (By Homer) 4. Oedipus Rex (By Sophocles) 5. Shakuntala (By Kalidasa) 6. Modernist Experimentation (20th Century). Additional Information: The author of this book is R. Bansal.

From Mycenae to Homer T. Webster,2014-06-11 This book, first published in 1958, aims to describe Greek art and poetry within this ambiguous period of ancient history (often referred to as the Greek 'Dark Ages'), and to explore the possibilities of learning about Mycenaean civilisation from its own documents and not only from archaeology. Specifically, Webster utilises Michael Ventris' decipherment of Linear B in 1952 - which proved that Greek was spoken in the Mycenaean world - to determine the general contours of aesthetic development from Mycenae to the time of the written composition of the Homeric epics. Because they record Mycenaean civilisation in Mycenaean terminology, while Homer was writing in Ionian Greek at the beginning of the polis civilisation, they show how much in Homer is in fact Mycenaean. Further, where it is clear that these Mycenaean elements cannot have survived until Homer's time, they tell us something about the poetry which connected the two.

Achilles beside Gilgamesh Michael Clarke,2019-11-28 Interprets the poetic meaning of the Iliad in relation to the heroic literature of the Ancient Near East.

The Song of Troilus Thomas C. Stillinger,2015-09-30 The Song of Troilus traces the origins of modern authorship in the formal experimentation of medieval writers. Thomas C. Stillinger analyzes a sequence of narrative books that are in some way constructed around lyric poems: Dante's Vita Nuova, Boccaccio's Filostrato, and Chaucer's Troilus and Criseyde. The shared aim of these texts, he argues, is to imagine and achieve an unprecedented auctoritas: a lyric authority that combines the expressive subjectivity of courtly love poetry with the impersonal authority of Biblical commentary. Each of the three establishes its own formal and intertextual dynamics; in complex and unexpected ways, the hierarchies of Latin learning are charged with erotic force, allowing the creation of a new vernacular Book of Love. The Song of Troilus is a linked series of incisive close readings. Each chapter defines and investigates a range of philological, intertextual, and theoretical problems; in addition to explicating his three principal texts, Stillinger offers important insights into a range of medieval traditions, from Psalm commentary to Trojan historiography to Ricardian political satire. At the same time, The Song of Troilus is a sophisticated narrative of cultural change and a searching meditation on history, desire, and writing. The Song of Troilus is an original and highly readable study of three major medieval texts; it will be of compelling interest to students and scholars of medieval literature, and to all those exploring the history of authorship and the implications of literary form.

The Iliad - the Poem of Zeus Pietro Pucci,2018-09-10 The scholarly tendency has too often weakened the conspicuous

novelty and originality that characterizes Zeus in the Iliad. This book remedies that tendency and depicts the extraordinary figure of Zeus: lord (or impersonation) of lightning and thunders, exclusive master of human destiny --and therefore of human history—and chief of Olympus. This unique personality endowed with polyvalent powers represents itself the conflict between superhuman moral indifference for mortal destiny and anthropomorphic feelings for human beings: he both preordains the death of his son and weeps on his demise. Zeus embodies the *Mysterium tremendum*. This new Zeus cannot glance at the past image that the tradition painted of him without smiling at its simplicity and disrespect: a parodic or amusing tone surrounds him as he refers or is referred to aspects of his traditional image. The great characters of the Poem give two wise responses to Zeus, lord of destiny: heroic death or serene acceptance. We, the readers, are expected to react in the same way.

Dramatic Movement of African American Women Yuvraj Nimbaji Herode, 2023-07-11 The book demonstrates the experiences of Alice Childress, Lorraine Hansberry, and Suzan-Lori Parks in comparison with the dramas of each other and those of other African American women. These women playwrights created a militant theatre and a theatre of experience that applied to both the African American community in general and African and African American women in particular. They have been encompassed within African American woman's aesthetics that shares the militancy and experience characterized by a triple factor: race, gender, and class.

Approaches to Homer's Iliad and Odyssey Κώστας Μυρσιάδης, 2010 Approaches to Homer's 'Iliad' and 'Odyssey' consists of ten original essays on the Iliad and Odyssey by established Homeric scholars and university professors of Greek literature and culture. The anthology offers not only fresh approaches to reading, appreciating, and understanding these Homeric epics, but also attempts to make a case why these works are still relevant in the twenty-first century. Both epics are required reading in most college/university general and world literature courses, as is evident from their inclusion in part or in whole in many standard world literature anthologies. These ten new approaches to the first literary works of Western culture are intended as reading aids for both instructors and students in any college/university classroom in which either of these two Homeric epics are taught.

Dramatic Works John Gay, 1983 A scholarly edition of dramatic works by John Gay. The edition presents an authoritative text, together with an introduction, commentary notes, and scholarly apparatus.

Victorian Epic Burlesques Rachel Bryant Davies, 2018-10-04 This anthology presents annotated scripts of four major burlesques by key playwrights: Melodrama Mad! or, the Siege of Troy by Thomas John Dibdin (1819); Telemachus; or, the Island of Calypso by J.R. Planché (1834); The Iliad; or, the Siege of Troy by Robert Brough (1858) and Ulysses; or the Ironclad Warriors and the Little Tug of War by F.C. Burnand (1865). Beloved legend, archaeological riddle and educational staple: Homer's epic tales of the Trojan War and its aftermath were vividly reimagined in nineteenth-century Britain.

Classical burlesques-exceptionally successful theatrical entertainments-continually mined the Iliad and Odyssey to lucrative comic effect. Burlesques combined song, dance and slapstick comedy with an eclectic kaleidoscope of topical allusions. From namedropping boxing legends to recasting Shakespearean combats, epic adaptations overflow with satirical commentary on politics, cultural highlights and everyday current affairs. In uncovering Homer's irreverently playful afterlife, this selection showcases burlesque's development and wide appeal. The critical introduction analyses how these plays contested the accessibility of classical antiquity and dramatic performance. Textual and literary annotations, with contemporary illustrations, illuminate the juxtaposed sources to establish these repackaged epics as indispensable tools for unlocking nineteenth-century social, cultural and political history. Resources for further study are available online.

Menelaus in the Archaic Period Anna R. Stelow, 2020-08-06 While there have been many studies devoted to the major heroes and heroines of Homeric epic, among them Achilles, Odysseus, and Helen, the figure of Menelaus has remained notably overlooked in this strand of scholarship. *Menelaus in the Archaic Period* is the first book-length study of the Homeric character, taking a multidisciplinary approach to his depiction in archaic Greek poetry, art, and cult through detailed analysis of ancient literary, visual, and material evidence. The volume is divided into two parts, the first of which examines the portrayal of Menelaus in the Homeric poems as a unique 'personality' with an integral role to play in each narrative, as depicted through typical patterns of speech and action and through intertextual allusion. The second part explores his representation both in other poetry of the archaic period - including lyric poetry and Simonides' 'Plataea elegy' - and also archaic art and local Sparta cult, drawing on the literary, archaeological, and inscriptional evidence for the cult of Menelaus with Helen at Therapne. The depiction of Menelaus in archaic art is a particular focal point: Chapter 4 provides a methodology for the interpretation of heroic narrative on archaic Greek vases through iconography and inscriptions and establishes his conventional visual 'identity' on black figure Athenian vases, while an annotated catalogue of images details those that fall outside the 'norm'. Menelaus emerges from this comprehensive study as a unique and likeable character whose relationship with Helen was a popular theme in both epic poetry and vase painting, but one whose portrayal evinced a significant narrative range, with an array of continuities and differences in how he was represented by the Greeks, not only within the archaic period but also in comparison to classical Athens.

Fieldwork in Educational Settings Sara Delamont, 2016-03-02 *Fieldwork in Educational Settings* is widely recognised as part of the essential reading for the researcher in education. It instructs those new to qualitative educational research how to find interesting research sites, collect great data, analyse them responsibly, and then find the right audience to hear, use, and build upon their findings successfully. The revised and updated third edition includes the latest developments in autoethnography, data collection, analysis and dissemination, and is illustrated throughout with up-to-the minute examples of real world research. It embraces both sociological and anthropological approaches to qualitative educational research,

using case studies from the USA, Canada, Australia and New Zealand as well as the UK. 'Education' is treated broadly, including higher education and non-formal settings as well as schools. Threaded throughout the book is updated content on: the internet and virtual worlds as sites for ethnography, the ethical aspects of ethnographic research, the strengths and weaknesses of autoethnography, the debates about representing data, the impact of technological innovations in all stages of qualitative research. An indispensable introduction for students and novice researchers alike, the new edition continues to illustrate and sustain the increasing popularity of qualitative methods in educational research over the past thirty years, addressing the technological and digital changes that have occurred.

The Books of Job, Psalms, Proverbs, Ecclesiastes, and the Song of Solomon, Paraphras'd: with Arguments to Each Chapter, and Annotations Thereupon. By ... Symon, Late Lord Bishop of Ely ,1727

Epic Interactions M. J. Clarke, B. G. F. Currie, R. O. A. M. Lyne, 2006-09-28 This collection of essays, written by former pupils of his, celebrates the career of Jasper Griffin, one of the foremost modern scholars of classical epic. The volume surveys the epic tradition from the eighth century BC to the nineteenth century of our era. Individual chapters focus on: Homer and the oral epic tradition; Homer in his religious context; Herodotus and Homer; Hellenistic epic; Virgil in his literary context; Virgil in his political-cultural context; the Augustan poets and the Aeneid; Statius' Thebaid; Old English and Old Irish epic; Renaissance epic: Tasso and Milton; and the Victorians. The aim of the book is to situate writers of epic in their literary and cultural contexts - the essence of the term 'interaction' in the title. The chapters singly offer insights into some of the foundational poems of the European epic tradition and together take a bold, holistic look at that tradition.

Homer's Odyssey Homer, 1901
