Books and Beyond Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter, and book clubs, including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Reading in America for pleasure and knowledge continues to be popular, even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres, such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.

Over Time Frank Deford, 2012-05-01 A New York Times bestseller: The “entertaining” memoir by the legendary American sportswriter (Chicago Tribune). Frank Deford joined Sports Illustrated in 1962, and over the following decades became one of the most beloved figures in sports journalism—renowned for everything from his NPR commentaries to his status as a Lite Beer All Star. From the Mad Men-like days of SI in the sixties, to the early NBA, to Deford’s visit to apartheid South Africa with Arthur Ashe, *Over Time* is packed with intriguing people and stories. Interwoven through his personal history, Deford lovingly traces the entire arc of American sportswriting from the lurid early days of the Police Gazette, through Grantland Rice and Red Smith and on up to ESPN, in a “wildly entertaining” memoir (Booklist, starred review). “Equal doses of self-deprecating humor and anecdotal history of American sports journalism.” —Chicago Tribune “Insightful remembrances of stars like Wilt Chamberlain and Billie Jean King . . . [Deford is] sports writing’s Sinatra.” —San Francisco Chronicle “Endearing . . . imparts a sense of a life well lived and fully enjoyed.” —The New York Times

Not Hockey Angie Abdou,Jamie Dopp,2023-08-29 In this carefully curated collection of essays, editors Jamie Dopp and Angie Abdou go beyond their first collection, *Writing the Body in Motion*, to engage with the meaning of sport found in Canadian sport literature. How does “sport” differ from physically risky recreational activities that require strength and skill? Does sport demand that someone win? At what point does a sport become an art? With the aim of prompting reflections on and discussions of the boundaries of sport, contributors explore how literature engages with sport as a metaphor, as a language, and as bodily expression. Instead of a focus on what is often described as Canada’s national pastime, contributors examine sports in Canadian literature that are decidedly not hockey. From skateboarding and parkour to fly fishing and curling, these essays engage with Canadian histories and broader societal understandings through sports on the margin. Interspersed with original reflections by iconic Canadian literary figures such as Steven Heighton, Aritha Van Herk, Thomas Wharton, and Timothy Taylor, this volume is fresh and intriguing and offers new ways of reading the body.

Literature for Young Adults Joan L. Knickerbocker,2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading, and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, Literature for Young Adults includes chapters on literary nonfiction; poetry, short stories, and drama; cover art, picture books, illustrated literature, and graphic novels; and film. It recognizes that, while films can be used to complement print literature, they are also a literacy format in their own right-and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language--including traditional elements as well as metafictional terms--enables readers to share in a literary conversation with their students (and others) when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.
