Narradoras ecuatorianas de hoy Gloria da Cunha-Giabbai,2000 The aim of this collection is to provide space for the broad spectrum of transdisciplinary writings on Latin American women, which could then be developed into a variety of proposals for studies on this genre in the Americas. This anthology features a selection of contemporary Ecuadorian women writers. An attempt is made to highlight difference in approaches, richness of subject matter, range of interests, multiplicity of influences and styles, as well as diversity in world perspectives.

Between Two Nations Michael Jones-Correa,2018-09-05 Immigrants come to the United States from all over Latin America in search of better lives. They obtain residency status, find jobs, pay taxes, and they have children who are American citizens by birth; yet decades may go by before they seek citizenship for themselves or become active participants in the American political process. *Between Two Nations* examines the lack of political participation among Latin American immigrants in the United States to determine why so many remain outside the electoral process. Michael Jones-Correa studied the political practices of first-generation immigrants in New York City's multiethnic borough of Queens. Through intensive interviews and participant observation, he found that immigrant participation was stymied both by lack of encouragement to participate and by the requirement to renounce former citizenship, which raised the fear of never being able to return to the country of origin. The hesitation to naturalize as American citizens can extend over decades, leaving immigrants adrift in a political limbo. *Between Two Nations* is the first qualitative study of how new immigrants assimilate into American political life. Jones-Correa reexamines assumptions about Latino politics and the diversity of Latino populations in the United States, about the role of informal politics in immigrant communities, and about gender differences in approaches to political activity.

The Latin American Urban Crónica Esperança Bielsa,2006 The Latin American Urban Crónica explores the fluid relationship between high and low culture in Latin America. Paying attention to the peculiar development of the cultural

fields in Latin America and to the consequences of present processes of globalization, Esperanza Bielsa examines the contemporary crónica in Mexico City and Guayaquil and its role in representing unofficial culture in its widest sense. This unique work is the product of the study of numerous texts and interviews with the main writers of crónica and also incorporates extensive research on reception. Essentially interdisciplinary in its approach, *The Latin American Urban Crónica* is one of the very few publications about this fascinating and understudied mixed genre of the area between journalism and literature, and the first to systematically situate the Latin American crónica within social and cultural theory.

El sastre de dos mundos Luigi Bazzani, Alexander Klein, 2022-08-01 Entre 1807 y 1867, un sastre boloñés realizó más viajes, recorrió más continentes y países, y llevó el arte lírico italiano a más rincones de América que cualquier otro empresario de ópera en la historia de la humanidad. Aún así, cuando falleció a mediados del siglo XIX, nadie registró el suceso y el nombre de Luigi Bazzani cayó en un largo olvido. La investigación sobre la vida y obra de Bazzani implicó recorrer los archivos y bibliotecas de diez países, y su fruto es la primera historia comparativa de la ópera en América, así como la primera historia del continente que rescata la perspectiva de los artistas italianos que trajeron sus oficios y contribuyeron a la construcción de la identidad y la nación en nuestros países. Con un enfoque interdisciplinario, y reuniendo fuentes primarias inéditas, esta extraña joya biográfica se constituye como un importante aporte a campos tan diversos como los estudios culturales, los estudios latinoamericanos, los estudios de migración y, desde luego, la musicología.

Deconstructing Legitimacy Patricia H. Marks, 2010-11 The overthrow of Viceroy Joaquín de la Pezuela on 29 January 1821 has not received much attention from historians, who have viewed it as a simple military uprising. Yet in this careful study of the episode, based on deep archival research, Patricia Marks reveals it to be the culmination of decades of Peruvian opposition to the Bourbon reforms of the late eighteenth century, especially the Reglamento de comercio libre of 1778. It also marked a radical change in political culture brought about by the constitutional upheavals that followed Napoleon's invasion of Spain. Although Pezuela's overthrow was organized and carried out by royalists among the merchants and the military, it proved to be an important event in the development of the independence movement as well as a pivotal factor in the failure to establish a stable national state in post-independence Peru. The golpe de estado may thereby be seen as an early

manifestation of Latin American praetorianism, in which a sector of the civilian population, unable to prevail politically and unwilling to compromise, pressures army officers to act in order to &save& the state.
