Hielo Marco Tedesco,Alberto Flores d'Arcais,2020-10-13 Una capa gélida envuelve el confín del mundo. Un panorama metafísico de viaje y silencio que se extiende sin interrupción bajo un sol inmóvil como una sentencia. Dentro de esta blancura —divina, pura, violenta— eclosionan energías primordiales, y fósiles prehistóricos conviven con microscópicas criaturas cuya vida desafía lo eterno. Si existe un lugar donde buscar el futuro del planeta e interrogar sobre él a la Historia, este lugar es Groenlandia, la isla reina del círculo polar ártico. El glaciólogo Marco Tedesco, uno de los mayores expertos en el cambio climático, guía al lector por el país del hielo y se lo descubre a través de este relato científico y lleno de aventuras de la expedición que dirigió por el Ártico, entre largos trayectos por la nieve, lagos que en unos minutos desaparecen en la inmensidad azul, increíbles camellos polares y gigantescos restos de meteorito. Un recorrido que es también una reflexión sobre nuestro mañana a través de la dramática desaparición del presente, desde el aumento del nivel de las aguas y las extenuantes marchas de los osos polares en busca de alimento, hasta la accesibilidad cada vez mayor a rutas en otros tiempos inviolables, como el legendario «paso del Noroeste», y que actualmente surcan incluso cruceros turísticos.

El Fénix ,1848

La violencia en el deporte Dr. Ovidio Fernández Martín,2013-03-26 Es un estudio multidisciplinar presentado con

intención divulgativa en el que se ha procurado, en la medida de lo posible, allanar los imprescindibles tecnicismos correspondientes a las varias materias que se abordan en esta obra, en la que el autor (que entre otras cosas es médico especialista en Medicina Deportiva y también especialista en Medicina Legal y Forense, así como persona con aficiones multidisciplinarias) aborda el análisis del nefasto problema de la violencia en el deporte según las siguientes perspectivas: histórica, estadística, preventiva, jurídica, psicológica, sociológica, neurofisiológica, bioquímica, biología molecular (bases genéticas de la agresividad: no confundir agresividad con violencia) cronobiológica (ritmos circadianos y su relación con la agresividad) periodística (tratamiento de los medios de comunicación ¿influyen positiva o negativamente?). También expone algunas crónicas deportivas relacionadas con la violencia en el deporte, a modo de “cronista improvisado”); política, literaria (algunos ejemplos en la Literatura), revisiones de la información existente sobre la materia, prospectiva (evolución futura de la violencia en el deporte) metodología para investigar este problema, ensayo (reflexiones personales y conclusiones). Asimismo, se pretende una concienciación sobre este grave problema que lastra y desprestigia el deporte.

Boletín de la Exposición Nacional en Córdoba en 1871 ,1872

Y llegué a la Argentina Walther Iván Cárdenas Sandoval,2023-01-12 En este relato cuento con gran cariño las peripecias y contratiempos a lo largo de un viaje que comienza desde Lima hasta llegar a mi destino final en Buenos Aires, pasando por Chile, Uruguay, Paraguay, Brasil, Bolivia y varias partes de Argentina. Intento plasmar las vivencias que atravesamos los migrantes, tanto las alegrías, como las tristezas. Superando los obstáculos y pormenores que se fueron atravesando convirtiéndose paso a paso en aventuras. Contrastando en paralelo con los sentimientos de las personas que uno deja atrás.
