L'effet Domino Alexandra Guerreiro,2018-10-03T00:00:00Z L'effet domino, c'est une réaction en chaîne. Le groupe surdose de la brigade des Stups, dirigé par le commandant Patrice Etchegaray et son adjoint Pierre Kowalski, enquête depuis deux mois sur trois overdoses qui semblent liées. Mais leur enquête est au point mort faute de preuves et de témoins.La nuit du Réveillon, Pierre se rend dans un squat du 17eme suite au tuyau d'un indic. Emma Roche accepte d'accompagner ses amis à une soirée pour le Réveillon dans le 17eme mais la fête tourne au fiasco lorsqu'elle se retrouve face à un ex.La même nuit, Bogdan, un petit dealer de quartier, accepte de dépanner des amis et vient faire une livraison dans le 17eme. Mais le deal tourne mal et Bogdan s'enfuit en perdant sa marchandise. Qui fera tomber le premier domino, entraînant les autres dans sa chute ? Pierre, Emma ou Bogdan ? Le groupe surdosé était loin d'imaginer l'ampleur de ce qui venait de se déclencher cette nuit-là.

La Fille de personne Camile Deneuve,2020-09-05 Lors de notre première rencontre, elle a tout fait pour m'éviter... Un mois plus tard, elle était dans mon lit... Trois mois après... je l'épousais. J'ai épousé la plus belle, la plus sexy, la plus mystérieuse femme du monde. Je suis au paradis quand elle se colle contre moi, quand je l'embrasse, quand je lui fais l'amour. Ils sont tous contre ce mariage, contre nous... Notre amour dérange, un obsédé rôde... Comment la sauver...

Ensemble - Saison 2 : Juliette & Kassi Anne Rossi,2016-07-06 Elle, jeune mère célibataire, déterminée à offrir le meilleur à son fils. Lui, étoile montante de la musique, hanté par ses pulsions violentes. Tous les deux, ensemble, pour affronter le monde. Ce job, il le lui faut. Depuis que sa grand-mère lui a confié que Link, le groupe de rock qui monte, recherche une assistante, Juliette a repris espoir. Adieu le travail de caissière et les horaires impossibles, elle tient enfin une chance de prouver ce dont elle est capable. Organiser, planifier, gérer les relations et les crises : voilà ce pour quoi elle est faite, et elle

est convaincue qu'elle peut aider Link à atteindre le succès qu'il mérite. Même si elle sait qu'elle devra se montrer vigilante : entre l'admiration sans limite de son fils Léo pour Kassi, le guitariste du groupe, et le fait que ce dernier soit particulièrement séduisant avec ses grands yeux sombres et sa peau chocolat, la prudence est de mise. Elle ne doit surtout pas mélanger vie professionnelle et vie privée... A propos de l'auteur : Anne Rossi a écrit son premier roman épistolaire en sixième, en échangeant des messages sous la table avec sa meilleure amie durant le cours de sciences naturelles. Depuis, elle n'a cessé de faire vivre à ses héroïnes des aventures romantiques toujours plus passionnantes. Avec sa nouvelle série « Ensemble », elle confirme son talent pour la romance moderne.

Secrets Et Desirs Camile Deneuve,2020-09-10 Livia Chatelaine a fait irruption dans ma vie le soir d'Halloween et elle y a ramené la lumière. Ecœuré de vivre dans le passé, je suis tombé amoureux de cette belle femme, sexy et magnifique, et elle est tombée amoureuse de moi. Maintenant, je ne pense qu'à être en elle, l'aimer, la savourer, la baisser... Sa façon de m'aimer avec son fantastique corps, et son bel esprit... Personne ne peut nous séparer, ni maintenant, ni jamais. Elle est à moi...

Ensemble - Kassi : épisode 4 Anne Rossi,2015-04-02 Episode 4 de la série « Ensemble - Kassi », une romance New Adult d'Anne Rossi : Deux contraires que tout oppose. Une attraction hors norme. Elle, jeune mère célibataire, déterminée à offrir le meilleur à son fils. Lui, étoile montante de la musique, hanté par ses pulsions violentes. Tous les deux, ensemble, pour affronter le monde. Depuis que Juliette est partie, rien ne va plus : la nouvelle assistante du groupe est aussi irritante qu'incompétente, Kassi a l'impression que Link stagne et surtout, il se sent seul. Seul et abattu. Sans Juliette, c'est comme si la vie perdait toutes ses couleurs, ses reliefs. Pourtant, c'est elle qui a voulu partir. Pour fuir la France, fuir Samy, le fuir lui. Il se sent tellement impuissant. Mais Juliette l'appelle. Un seul coup de fil, quelques phrases, et il comprend que c'est sa chance. Car aujourd'hui, il se sent prêt. Prêt à montrer à la femme qu'il aime qu'il a changé. Prêt à la convaincre qu'ils sont faits pour être ensemble. A propos de l'auteur : Anne Rossi a écrit son premier roman épistolaire en sixième, en échangeant des messages sous la table avec sa meilleure amie durant le cours de sciences naturelles. Depuis, elle n'a cessé de faire vivre à ses héroïnes des aventures romantiques toujours plus passionnantes. Romance historique, romance fantastique ou encore new adult : Anne Rossi excelle dans tous les genres dédiés à l'amour ! Avec sa nouvelle série « Ensemble », elle confirme son

Mourir n'est pas te perdre Christophe Fauré, 2021-11-03 Ils s'aiment et se déchirent, et brutalement se perdent. Des amants au destin tragique, une mère dévastée, un frère protégeant sa soeur.... Ballottés de vie en vie par le mystérieux cycle des existences, ils se retrouveront ailleurs, dans d'autres corps, masqués par un voile d'oubli. Pourtant, un jour, Tilda, Kate, Steven, Helen et les autres, comprendront que l'amour ne finit jamais et qu'un même lien les unit, encore et encore. Dans ce premier roman, Christophe Fauré, psychiatre spécialiste du deuil, nous emporte au cœur d'un vertigineux voyage initiatique où l'amour demeure la seule et unique réponse, par-delà la vie, par-delà la mort.

La Musique du XXe siècle en Russie et dans les anciennes Républiques soviétiques Frans C. Lemaire, 2014-04-01 Plus que partout ailleurs, la musique en Russie au XXe siècle fut intimement liée aux événements politiques. C'est sa tragique épopée à travers la nuit soviétique, avec ses espoirs déçus, ses humiliations, ses souffrances, ses compromissions, sa dissidence, sa clandestinité, sa liberté enfin retrouvée que nous dévoile ce livre foisonnant. Tout avait commencé au début du siècle par l'âge d'or d'une double avant-garde: celle de Saint-Pétersbourg avec ses poètes, ses peintres, ses musiciens, ses amateurs d'art et celle apportée à Paris par Diaghilev, Stravinski et Prokofiev. Aux illusions d'une fraternisation possible entre ceux qui avaient bouleversé l'art et ceux qui voulaient bouleverser la vie, va bien vite succéder l'ère du réalisme socialiste: l'art est alors sommé de se mettre au service de l'idéologie du régime, d'exalter les valeurs du travail, de l'obéissance et de l'optimisme au moment où s'installe la nuit des dénonciations et des bannissements. L'interlude héroïque de la guerre n'apporte pas la liberté comme récompense de la victoire: les plus grands musiciens, Chostakovitch en tête, sont condamnés pour formalisme . Dorénavant la musique a son grand inquisiteur: Tikhon Khrennikov, dont le règne durera quarante-quatre ans. Malgré cet enfermement, une nouvelle génération de compositeurs (Schnittke, Goubaïdoulina, Denisov, Pärt...) parvient à capter les échos de la modernité occidentale. A côté de la musique officielle naît ainsi dans une semi-clandestinité une musique des catacombes retrouvant, par-delà tant d'années d'athéisme militant, une dimension spirituelle et une densité intérieure tout à fait surprenantes, avant d'acquérir un rayonnement international au fur et à mesure que le régime va se libéraliser. Ouvrage de référence tout autant que document, ce livre présente en complément l'itinéraire artistique d'une cinquantaine de compositeurs parmi les plus significatifs. Frans C. Lemaire a mené, après une formation d'ingénieur et de musicologue, une double carrière. Depuis plusieurs années, il s'est particulièrement intéressé à la musique dans l'ex-Empire soviétique, nouant des liens avec de nombreux compositeurs issus de ces pays.

La Musique au cinéma-Nouvelle édition Michel Chion, 2019-01-30 Le titre de l'ouvrage le dit : une musique dans un film ne s'y dissout pas, mais elle en est modifiée tout en le modifiant. C'est dans le film même qu'il faut l'étudier. Ce retour aux œuvres, à leur vision et à leur écoute - à leur « audio-vision » - fait apparaître, loin des professions de foi abstraites, la richesse des scènes, des effets, des situations. Le cinéma est, étymologiquement, ce mouvement que le mouvement de la

musique tantôt entraîne et soutient, et tantôt immobilise et charme. Depuis la première édition de cette somme, le quart de siècle écoulé a vu apparaître de nouvelles formules de présence de la musique au cinéma et de nouveaux auteurs ; l'intérêt pour le thème n'a cessé de croître, en même temps que l'accès aux œuvres musicales et cinématographiques – par câble, tablettes, « baladeurs » internet, vidéo à la demande – s'est diversifié. Cette nouvelle édition de *La Musique au cinéma*, refondue et complétée, en tient compte et en montre l'impact dans les films eux-mêmes. Elle propose aussi une chronologie réactualisée, se concentrant notamment sur soixante films marquants parmi des milliers. Une ronde internationale de noms et de films, de chansons et de danses, d'images et de sons tourbillonne dans ces pages, du cinéma expérimental aux films-opéras, de Claude Debussy au Kasai Allstars du Congo, en passant par Ennio Morricone, Arvo Pärt et Hans Zimmer, de Bernard Herrmann à Michel Legrand, du Chanteur de jazz à Birdman, de Jean-Luc Godard à Jia Zhangke, et de Nino Rota à Federico Fellini. Compositeur de musique concrète, réalisateur de films et d'œuvres audiovisuelles, cofondateur de l'association Acoulogia qui se consacre à des formations, Michel Chion a publié une trentaine d'essais, dont plusieurs sur le son et le langage au cinéma, et, chez Fayard, sur l'œuvre de Pierre Henry, la symphonie romantique et la musique à programme. La première édition de cet ouvrage a reçu en 1995 le Prix du Syndicat français de la Critique de cinéma. Deuxième édition revue et augmentée

Le cinéma d'animation - 3e éd. Sébastien Denis, 2017-04-12 Cet ouvrage fait le point sur les techniques, les thématiques et les différents champs couverts depuis plus d'un siècle par le cinéma d'animation (anime japonaise, films en « 3D », films d'auteur à fort investissement esthétique...). Véritable travail de synthèse et d'analyse, il s'efforce de mettre en évidence l'extraordinaire potentiel de l'animation : un potentiel à la fois narratif, plastique et philosophique, puisque l'imaginaire des cinéastes ne connaît pour ainsi dire aucune frontière ; un potentiel économique également, au risque de la standardisation et de la banalisation de l'imaginaire animé. D'Émile Cohl à Hayao Miyazaki en passant par Norman McLaren et Walt Disney, ce sont autant d'univers différents qui s'ouvrent au spectateur et à l'historien du cinéma.

Ecrire pour la danse Hélène Laplace-Claverie, 2001 D'Isaac de Benserade à Paul Claudel, de Théophile Gautier à Jean Cocteau, nombreux sont les écrivains intéressés par une technique d'écriture qui consiste à mettre en mots un texte destiné à des interprètes muets, et qui est liée à la conception occidentale du ballet narratif. Entre l'âge d'or de la danse romantique et l'avènement de la troupe des Ballets russes, un genre en pleine mutation.
