**Rebecca Wildbear**

The Eden Project James Hollis, 1998 James Hollis examines society's fixed views and fantasies in regards to relationships. This text is not a practical guide on how to fix a relationship, but rather a challenge to greater personal responsibility, a call for individual growth as opposed to seeking rescue through others.

The Best of James Hollis Logan Jones, 2021-10-01 The Best of James Hollis: Wisdom for the Inner Journey is a collection of excerpts from the writings of James Hollis, PhD, Jungian psychotherapist and author. These selections span across his body of work from The Middle Passage (1993) to Prisms (2021) organized into different topics ranging from the psychological concepts of Carl Jung to the everyday tasks of our living and callings. Hollis's wisdom will challenge readers to find their own path, to be who they are called to be, to take the risks to trust their soul, and thus live a life worthy of their unique gifts. Hollis's writings ask us to live a deeper and more authentic life. James Hollis, Ph.D. is a Jungian Analyst in private practice in Washington, DC. Originally a Professor of Humanities, he is the former Director of the Houston Jung Center and the Washington, D.C. Jung Society. He is Vice-President emeritus of the Philemon Foundation, author of seventeen books, and a frequent public speaker. He lives with his wife Jill, a retired therapist and painter, and together they have three living children.

**The Art of Decision Making** Joseph Bikart, 2019-07-09 Drawing insights from philosophy, psychology, literature, and theology, a longtime executive business coach explores how and why we make the decisions we do What is it that makes some of us better—or worse—than others at committing to a choice? What are the forces that hold us back, and how can we successfully overcome them? Every facet of our lives depends on the decisions we make. Yet, how often do we pause to reflect on our ability to make the best and smartest choices? The key is how we confront and refine the decision-making process. Here, Joseph Bikart explores the intricacies of decision making, challenging us to understand why we make the choices we do. He explores how the true power of decisions, especially the toughest among them, help us to face our fears and may in turn change how we think about ourselves. Breaking his study into four clear parts and short practical essays, Bikart presents a lively and compelling exploration of the process of decision making. He covers: • Indecision, Indecision: What makes us indecisive? What holds us back and why? • Where Art Thou?: How and where we get stuck and the importance of relaxing one's grip. • The Momentum of Decisiveness: Keeping our focus and proactivity. • The Deciding Mind:

Making our smartest choices. Drawing from such different fields as philosophy, psychology, neurology, literature, art history and theology, *The Art of Decision Making* takes us on a journey from the depths of procrastination to the elation of decision making. Presenting a fresh perspective on what to do at the proverbial fork in the road, Bikart's unique philosophy is insightful, thought provoking, and potentially life-changing.

***Soulcraft*** Bill Plotkin, 2010-10-05 Since 1980, depth psychologist Bill Plotkin has been guiding women and men into the wilderness — the redrock canyons and snow-crested mountains of the American West — but also into the wilds of the soul. He calls this work soulcraft. There's a great longing in all people to uncover the secrets and mysteries of our individual lives, to find the unique gift we were born to bring to our communities, and to experience our full membership in the more-than-human world. This journey to soul is a descent into layers of the self much deeper than personality, a journey meant for each one of us, not just for the heroes and heroines of mythology. A modern handbook for the journey, *Soulcraft* is not an imitation of indigenous ways, but a contemporary nature-based approach born from wilderness experience, the traditions of Western culture, and the cross-cultural heritage of all humanity. Filled with stories, poems, and guidelines, *Soulcraft* introduces over 40 practices that facilitate the descent to soul, including dreamwork, wilderness vision fasts, talking across the species boundaries, council, self-designed ceremony, nature-based shadow work, and the arts of romance, being lost, and storytelling.

***It's Complicated*** Robert G. Longpre, 2022-05-14 This is the second René Beauchemin novel which uses a cast of everyday Canadians with a few other presences that are drawn from René's unconsciousness and from mythology. The setting is in present day Ottawa, Canada and the surrounding countryside. René has returned from walking the Camino and is becoming more invested in his psychotherapy practice as well as giving presentations about the Camino. To complicate the story, a woman or two cause him to rethink his life as a single professional man.

***Dreams and Guided Imagery*** Tallulah Lyons, 2012-05-14 From the Cancer Project of the International Association for the Study of Dreams (IASD) come Dream Appreciation and Guided Imagery approaches that can help anyone move into the fullness of living, no matter the circumstances. This important work is a vital aspect of an integrative approach to medicine which includes looking at all levels of our being and experience. In *Dreams and Guided Imagery*, Tallulah Lyons provides a path for readers to mine the rich fields of dream work in order to actively engage their unconscious inner resources. I highly recommend this book to anyone seeking a tool to interact with dreams and guided imagery as a part of a life practice centered on embracing health and wholeness. Matthew P. Mumber, M.D., Harbin Clinic Radiation Oncology Center, editor, *Integrative Oncology: Principles and Practice*. I know from my many years of research on dreams and from my clinical experience, that dreams are the most connective and creative parts of our minds. Dreams sometimes pick up hints about

physical illness, and also emotional problems of which we are not aware in our waking lives; and dreams can help us be more in touch with ourselves. *Dreams and Guided Imagery* is an excellent and well-written book based on years of work with cancer patients sharing dreams in a group setting. It is full of vivid examples, as well as suggestions and instructions for the reader. I recommend it highly, not only for patients with cancer, but for anyone who wants to learn from dreams in a group setting. Ernest Hartmann, M.D., first Editor-in-Chief of the journal *Dreaming*, and author of twelve books, most recently, *The Nature and Function of Dreaming*, and *Boundaries: A New Way to Look at the World*

**Sharing God's Blessing** Robin Greenwood, 2016-01-21 A tried-and-tested resource for the renewal of the local church. Faced with the unsustainability of many inherited patterns of church, the temptation may be to fall into despondency rather than seeking to regenerate patterns of mission and ministry. This book is the result of a two-year research project aimed at enabling local churches to regain a sense of confidence through exploring God's blessing and how that might be shared with the communities they serve. In Part One, Robin Greenwood explores the meaning of blessing and the power of face-to-face group conversations to transform church congregations. Part Two of the book contains outlines for five guided conversations for change on the theme of blessing. Part Three contains case study material of how this material has been used in different contexts, including for Mission Action Planning (MAP).

Crazy for You Kerry Cohen, 2021-09-21 A psychologist and bestselling author redefines love and sex addiction as a spectrum disorder, and offers a new approach for healing. For anyone who has wondered Why does everyone else seem to be able to make romantic relationships work, and I can't? What's wrong with me? Why is love so hard? Psychologist and bestselling memoirist Kerry Cohen is all too familiar with the questions she often hears from her clients—and has asked herself. Even though sex and love are some of the most universal, sought-after experiences we have, many of us lack the tools and understanding to approach them in a healthy way. Without knowing it, many people struggling with sex and love actually fall somewhere on the spectrum of sex and love addiction (SLA). Sex and love addiction is still wildly misunderstood. It's shrouded in secrecy and shame, and many counselors lack the training to address it—leaving people who need help without resources. Yet SLA isn't a binary of you are or you aren't, rather, it's a spectrum. Kerry Cohen knows this all too well as both a therapist and someone who identifies on the SLA spectrum. Based on research and her own clinical experience, *Crazy for You* dives into SLA and provides an inclusive framework for understanding relationships, along with practical exercises and advice for self-assessment, discovery, and healing: Part one explains the sex and love addiction spectrum, helping you determine where you fall on it and how you got there Part two introduces strategies for breaking the spell of sex and love addiction, like behavior modifications and self-awareness techniques Part three teaches you how to navigate healthy, safe, and fulfilling relationships

The Hoarding Impulse Renee M. Winters, 2015-06-19 There has been an increased awareness of hoarding in recent years, but clinical treatments aimed at helping people with this condition often have low success rates. In *The Hoarding Impulse* Renee M. Winters explores how depth psychology can enrich current conceptual models and treatment standards for

compulsive hoarding. The book presents case studies of prominent sufferers including Edie and Edith Beale, the Collyer Brothers, and Andy Warhol and explores common themes of loss, shame and object clusters. Winters sets out to provide a clear understanding of a hoarder's lived experiences and their core schemas of value, worth and personal identity, revealing a direct connection to excessive acquisition of objects. She illuminates the process of how objects can come to possess a hoarder and become not only their main source of happiness but also part of their identity and in doing so puts forward a new treatment plan based on providing a deeper understanding of and potent treatment approach to what is a core issue for hoarding individuals: the wounding of the soul. This new perspective to treating individuals who hoard helps them in the long term understand their processes, value system, and struggles with negative interpersonal relationships. Providing a fascinating insight into the psyche of people who struggle with hoarding, this book will be essential reading for depth psychologists, Jungian psychotherapists, psychiatrists, social workers, students of analytical psychology and anyone interested in understanding the dynamics of this complex condition.

**Three Plays of Maureen Hunter** Hunter, Maureen, 2003 Book is clean and tight. No writing in text. Like New Living on the Other Side Lisa M. Hess, 2025-05-15 Living on the Other Side recounts and aims to redress the unspoken, largely unconscious abandonment of the Feminine in ecclesial and academic settings through an economic trinity of voices: a feminist with a forgiveness problem; a conscious feminine theologian serving in academic and ecclesial environments (un)consciously hostile to the Feminine; and a preacher's wife, coming to voice about the realities of congregational Christianity held redemptively in covenantal love. Fruit of decades in theological education, these pages demonstrate the necessity of sacred bewilderment for deepening spiritual maturity, the purposes of rage becoming holy when able to acknowledge its limitation, and an unexpected freedom that arises when forgiveness finds us in faith renewed in the Body of Humanity. Current and prospective students in theology and religion, seasoned pastors, and willing congregations will find a compelling narrative and theological sense-making of one woman's life in the Spirit, disrupted so to become regrounded in a renewed and renewing trinitarianism arising out of historic Christian traditions.

**The First Love Story** Bruce Feiler, 2017-03-21 From the New York Times bestselling author of *Walking the Bible* and *Abraham* comes a revelatory journey across four continents and 4,000 years exploring how Adam and Eve introduced the idea of love into the world, and how they continue to shape our deepest feelings about relationships, family, and togetherness. Since antiquity, one story has stood at the center of every conversation about men and women. One couple has been the battleground for human relationships and sexual identity. That couple is Adam and Eve. Yet instead of celebrating them, history has blamed them for bringing sin, deceit, and death into the world. In this fresh retelling of their story, New York Times columnist and PBS host Bruce Feiler travels from the Garden of Eden in Iraq to the Sistine Chapel in Rome, from John Milton's London to Mae West's Hollywood, discovering how Adam and Eve should be hailed as exemplars of a long-term, healthy, resilient relationship. At a time of discord and fear over the strength of our social fabric, Feiler shows how history's first couple can again be role models for unity, forgiveness, and love. Containing all the humor, insight, and wisdom that have endeared Bruce Feiler to readers around the world, *The First Love Story* is an unforgettable journey that restores Adam and Eve to their rightful place as central figures in our culture's imagination and reminds us that even our most familiar stories still have the ability to surprise, inspire, and guide us today.
