The Keeper of Lost Things Jamie Campbell, Someone lost her a long time ago. Do you ever wonder what happens to all the things that are lost? Em Gabrielle does. Not only does she think about it, it is her obsession. Finding and rescuing objects everyone else loses is the only thing keeping the sixteen year old going. When the father that walked out on her ten years

earlier is suddenly reported missing, Em tries to resist the urge to find him. After all, he is just another lost thing, right? As she delves deeper and deeper into the case, she quickly works out that the stakes in this case are higher than ever. Finding the lost thing has never been so personal or difficult before. If Em finds her father, does that mean she can be found too? In the first of the Keeper Series, meet the first of the damaged residents of Lakeside. You might never think the same way about things again. Also in the Keeper Series: *The Keeper of Lost Things* *The Keeper of Secret Things* *The Keeper of Broken Things*

Gertie Milk and the Keeper of Lost Things Simon Van Booy, 2017-10-03 Award-winning author Simon Van Booy introduces readers to a magical, whimsical world, perfect for fans of *Circus Mirandus* and *Serafina and the Black Cloak*. When twelve-year-old Gertie Milk washes up on the island of Skuldark, she finds that all of her memories are gone. Home to helpful Slug Lamps, delicious moonberries, and a ferocious Guard Worm, the island is full of oddities, including a cozy cottage containing artifacts from every corner of history. It is there that Gertie discovers she has been chosen as the next Keeper of Lost Things, tasked with the mission of returning objects to history's most important figures right when they need them most. With the help of a time machine disguised as a vintage sports car and the guidance of her fellow Keeper, Kolt, Gertie dodges an elephant army in ancient Alexandria, crashes a 1920s flapper party, and battles a ruthless Zhou Dynasty king. But soon, Gertie encounters an enemy that threatens everything the Keepers stand for: The Losers, villains who don't want to keep order but destroy it. Now, Gertie must uncover the truth of her own past if she wants to stop the Losers and set history back in place.

The Keeper of Lost Things Ruth Hogan, 2017 Anthony Peardew is the keeper of lost things. Forty years ago, he carelessly lost a keepsake from his beloved fiancée, Therese. That very same day, she died unexpectedly. Brokenhearted, Anthony sought consolation in rescuing lost objects -- the things others have dropped, misplaced, or accidentally left behind -- and writing stories about them. Now, in the twilight of his life, Anthony worries that he has not fully discharged his duty to reconcile all the lost things with their owners. As the end nears, he bequeaths his secret life's mission to his unsuspecting assistant, Laura, leaving her his house and all its lost treasures, including an irritable ghost. Recovering from a bad divorce, Laura, in some ways, is one of Anthony's lost things. But when the lonely woman moves into his mansion, her life begins to change. She finds a new friend in the neighbor's quirky daughter, Sunshine, and a welcome distraction in Freddy, the rugged gardener. As the dark cloud engulfing her lifts, Laura, accompanied by her new companions, sets out to realize Anthony's last wish: reuniting his cherished lost objects with their owners. Long ago, Eunice found a trinket on the London pavement and kept it through the years. Now, with her own end drawing near, she has lost something precious -- a tragic twist of fate that forces her to break a promise she once made.

Gertie Milk and the Great Keeper Rescue Simon Van Booy, 2018 Ever since Gertie Milk arrived on the mysterious island of Skuldark, she's felt like something was missing. According to Kolt, her mentor and fellow Keeper of Lost Things, the island

used to be filled with other Keepers. But now Gertie and Kolt are the only two people left (or two and a half, if you count Robot Rabbit Boy, their bumbling but lovable Series 7 Artificial Intelligence Forever Friend) who can return misplaced items throughout time. So when Gertie learns that the missing Keepers have been imprisoned by the Losers, their very evil adversaries, she knows she must make it her mission to rescue the kidnapped Keepers and return them to Skuldark. But that proves more difficult than she'd imagined, since her time-travel missions don't seem to be taking her anywhere near the missing Keepers. And it doesn't help that the Losers have an evil master plan worse than their last evil master plan, and this time the entire future of the universe is at stake. Fueled by more than a few delicious cakes and plenty of Skuldarkian seawater, Gertie, Kolt, and Robot Rabbit Boy must travel through time (and space!) to save their island home and rescue the Keepers who've been lost to history before the Losers manage to capture them all.

The Luster of Lost Things Sophie Chen Keller, 2017-08-08 In this story for readers of *The Curious Incident of the Dog in the Night-Time* and *A Man Called Ove*, when all seems lost, he finds what matters most. Walter Lavender Jr. is a master of finding. A wearer of high-tops. A maker of croissants. A son keeping vigil, twelve years counting. But he wouldn't be able to tell you. Silenced by his motor speech disorder, Walter's life gets lonely. Fortunately, he has The Lavenders—his mother's enchanted dessert shop, where marzipan dragons breathe actual fire. He also has a knack for tracking down any missing thing—except for his lost father. So when the Book at the root of the bakery's magic vanishes, Walter, accompanied by his overweight golden retriever, journeys through New York City to find it—along the way encountering an unforgettable cast of lost souls. Steeped in nostalgic wonder, *The Luster of Lost Things* explores the depths of our capacity for kindness and our ability to heal. A lyrical meditation on why we become lost and how we are found, from the bright, broken heart of a boy who knows where to look for everyone but himself.
