Alice Hanna Deakins, Rebecca Bryant Lockridge, Helen M. Sterk

Mothers and Daughters Alice Hanna Deakins, Rebecca Bryant Lockridge, Helen M. Sterk, 2012 Family stories of the ties between mothers and daughters form the foundation of *Mothers and Daughters: Complicated Connections Across Cultures*. Nationally and internationally known feminist scholars frame, analyze, and explore mother-daughter bonds in this collection of essays. Cultures from around the world are mined for insights which reveal historical, generational, ethnic, political, religious, and social class differences. This book focuses on the tenacity of the connection between mothers and daughters, impediments to a strong connection, and practices of good communication. *Mothers and Daughters* will interest those studying communication, women's studies, psychology, sociology, anthropology, counseling, and cultural studies.

Communication Among Grandmothers, Mothers, and Adult Daughters Michelle A. Miller-Day, 2004-09-22 This volume examines communication processes within the grandmother-mother-daughter relationship, emphasizing an intergenerational perspective. Using observations of and extensive interviews with six sets of middle-income, Caucasian female family members, this book offers a heuristic account of intergenerational mother-daughter relational communication. Author Michelle Miller-Day integrates and juxtaposes alternative experiences of social interaction, situating readers in the world of grandmothers, mothers, adult daughters, and granddaughters as they experience, describe, and analyze their family communication. Miller-Day incorporates aged mothers and younger mid-life mothers and their adult daughters into the research to illustrate how this type of maternal relationship is experienced at different points in a woman's life. With the inclusion of three generations of women, Miller-Day offers multigenerational perspectives on family, and examines them for patterns of maternal interaction, providing symbolic links across generational boundaries. *Communication Among Grandmothers, Mothers, and Adult Daughters* enables readers to understand more completely the richly textured nature of maternal relationships. It will be an invaluable resource for scholars and researchers in the areas of communication and relationships, including family communication, intergenerational communication, women's studies, family studies, interpersonal communication, and relationships, as well as social workers, psychologists, and counselors, who strive to understand family communication processes and their dynamics across generational lines.

Mothers and Daughters II Rosemary H. Balsam, Ruth S. Fischer, 2014-06-03 This is the second issue of *Psychoanalytic Inquiry* devoted to mothers and daughters. This project began as the mother-daughter bond was calling out for attention in

light of the many advances in our understanding of female psychology. The goal of female development is no longer considered to be a severing of the mother-daughter bond to attain autonomy and sexual maturity. What, then, are its vicissitudes as it is revisited, reworked, and transformed as the girl and her mother grow and develop and ultimately attain a state of interdependence? The relational context of development is now considered: gender-related differences in behavior and in parental interaction; and the girl's special relationship with her mother and her mother's body and the importance to her of her own body with its special attributes, contours, and sensations.

Grieving the Death of a Mother Harold Ivan Smith, 2024-07-16 Written by grief counselor Harold Ivan Smith, this book is for those who have loved and lost their mom. Drawing on personal and professional experience, Smith guides readers through grief, from death to burial to honoring the memory of their mother.

Your Daughter's Bedroom Joyce T. T. McFadden, 2011-04-26 Your Daughter's Healthy Identity Starts With You After psychoanalyst Joyce McFadden treated countless women who felt alone and isolated in experiences that they were unaware many other women were dealing with too, she began to ask what she could do to help them reach out to each other. The result was the launch of her Women's Realities Study in which she interviewed hundreds of women from ages 18-105, about the most private issues as she sought to understand what events in a woman's life impact her future happiness and self-confidence. What McFadden found was truly revealing—the theme that most interested them as they explored their identities was how their relationship with their mothers influenced their understanding of themselves as sexual beings throughout their lives—from the time they were little girls straight through adulthood. Drawing on over a thousand responses, *Your Daughter's Bedroom* offers a new and unprecedented look at the mother-daughter bond. McFadden argues that the type of womanhood mothers model for their daughters determines the young girls' comfort with their own bodies which, in turn, leads to confidence and satisfaction later in life. From the most mundane and everyday gestures—a reluctance to call body parts by their real name; an offhanded suggestion to lose weight—to how mothers introduce life altering events such as the start of puberty and sexual exploration, all of these have an impact on a girl's psyche. She found that in an attempt to protect and shield daughters, mothers withhold important information and leave girls to wrestle with their own burgeoning sexuality and other challenges of growing up. Offering a fresh perspective on the fraught mother-daughter relationship, McFadden shows how mothers can create the right environment for their daughters to grow into self-assured women. *Your Daughter's Bedroom* is an essential resource for women who want to establish a more open and positive relationship with their daughters.

Ordinary Injustice Alfredo Mirandé, 2023-11-28 *Ordinary Injustice* is the unique and riveting story of a young Latino student, Juan Rulfo, with no previous criminal record involved in a domestic violence dispute that quickly morphs into a complex case with ten felonies, multiple enhancements, a “No Bail” order, and a potential life sentence without the

possibility of parole. Building from author Alfredo Mirandé's earlier work *Rascuache Lawyer*, the account is told by "The Professor," who led a pro bono rascuache legal defense team comprising the professor, a retired prosecutor, and student interns, working without a budget, office, paralegals, investigators, or support staff. The book is a must-read for anyone interested in race, gender, and criminal injustice and will appeal not only to law scholars and social scientists but to lay readers interested in ethnographic field research, Latinx communities, and racial disparities in the legal system. The case is presented as a series of letters to the author's fictional alter-ego, Fermina Gabriel, an accomplished lawyer and singer. This narrative device allows the author to present the case as it happens, relaying the challenges and complexities as they occur and drawing the reader in. While *Ordinary Injustice* deals with important, complicated legal issues and questions that arise in criminal defense work and looks at the case from the time of Juan's arrest to the preliminary hearing, indictment, pretrial motions, and attempts to obtain a negotiated plea, it is written in nontechnical and engaging language that makes law accessible to the lay reader.

Motherhood Memoirs: Mothers Creating/Writing Lives Justine Dymond,2013-07-01 The authors in this collection examine and critique motherhood memoir, alongside the texts of their own lives, while seeking to transform mothering practice—highlighting revolutionary praxis within books, or, when none is available, creating new visions for social change. Many essays interrogate the tensions of maternal narrative—the negotiation of the historical location of writer and readers, narrative and linguistic constraints, and the slippery ground of memory—as well as the borders constructed between the “objective” scholar and the reader who engages with and identifies with texts through her intellect and her emotional being.
